

provisions of section 15A of the Act,¹¹ in general, and with section 15A(b)(5) of the Act,¹² in particular, in that it provides for the equitable allocation of reasonable fees, dues, and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. Nasdaq represents that the proposed pilot programs are available to all distributors of the ViewSuite products, and are designed to apply to all such distributors, large and small. At the same time, heavy users of the data will pay more than light users and, with the exception of TotalView (as described above), professional users will pay more than non-professional users.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq believes that the proposed rule change will not result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received on the proposed rule change contained in this filing.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to section 19(b)(3)(A) of the Act¹³ and rule 19b-4(f)(6)¹⁴ thereunder because the proposal: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative prior to 30 days after the date of filing or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Nasdaq gave the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for

the protection of investors or otherwise in furtherance of the purposes of the Act.

Nasdaq has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The Commission notes that the rule filing will establish a voluntary program available to all Nasdaq distributors that may increase the availability and distribution of market data. The voluntary program applies to market data that Nasdaq offers exclusively to distributors and not directly to individual investors. In addition, acceleration of the operative date will permit Nasdaq to establish the two enterprise license pilot programs expeditiously. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁵

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of the filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to file number SR-NASD-2003-27 and should be submitted by April 10, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁶

Deputy Secretary.

"Diversity" should be interpreted in the broadest sense and encompass differences including but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and physical challenges. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review

criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into the total proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

Review Process

The Bureau will acknowledge receipt of all proposals and will review them for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. The program office, as well as the Public Diplomacy section overseas, where appropriate will review all eligible proposals. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards grant resides with the Bureau's Grants Officer.

Review Criteria

6. *Institutional Capacity:* Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals.

7. *Institution's Record/Ability:* Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grant Staff. 8. *Follow-on Activities:* Proposals should provide a plan for continued follow-on activity (without Bureau support) ensuring that Bureau supported programs are not isolated events.

9. *Project Evaluation:* Proposals should include a plan to evaluate the activities' success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives are recommended. Successful applicants will be expected to submit intermediate reports after each project component is concluded or on a quarterly basis, whichever is less frequent.

10. *Cost-effectiveness:* The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate.

11. *Cost-sharing:* Proposals should maximize cost sharing through other private sector support as well as institutional direct funding contributions.

need, potential impact, and significance in the partner country (ies).

13. *TEFL/TESL Background:* Proposals should demonstrate a networking plan that allows for significant dissemination of information to English as a Second or Foreign Language Teaching professionals. The grantee must be able to provide knowledgeable, TEFL/TESL-qualified, experienced staff capable of interviewing candidates and evaluating their qualifications in accordance with the criteria established by the Bureau.

Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3) may submit proposals to organize and carry out an academic exchange program for students from the sovereign nations of the South Pacific. The grantee will be responsible for all aspects of the program, including publicity and recruitment of applicants; merit-based competitive selection; placement of students at an accredited U.S. academic institution; student travel to the U.S.; orientation; up to four years of U.S. degree study at the bachelor's or master's level; enrichment programming; advising, monitoring and support; pre-return activities; evaluation; and follow-up. Program Information

Overview: The South Pacific Scholarship Program was established by the United States Congress to provide opportunities for U.S. study to students from South Pacific nations in fields important for the region's future development. Public Law 103-236 enacted on April 30, 1994 authorized academic scholarships to qualified students from the sovereign nations of the South Pacific region to pursue undergraduate and postgraduate study at institutions of higher education in the United States.

This program supports increased mutual understanding between the people of the U.S. and those of the South Pacific Islands. Students from the following nations are eligible to apply for these scholarships: Cook Islands, Fiji, Kiribati, Niue, Papua New Guinea,

Samoa, Solomon Islands, Tonga, Tuvalu, and Vanuatu.

Requirements and Implementation

The requirements for administration of this program are outlined in further detail in this document and in the Program Objectives, Goals and Implementation (POGI) document. The proposal should respond to each item in the POGI.

Fields of study under the program are based on recommendations from Department of State regional bureau representatives and U.S. embassies abroad and have included public administration, journalism, education, environmental studies, agriculture, political science, business and other fields. The grantee should arrange for the students' enrollment at accredited U.S. institutions of higher education where a full liberal arts curriculum (including social sciences, humanities and sciences) is available. Students selected for these scholarships enroll in four year undergraduate degree programs, or in master's degree programs. The latter have generally involved one year of preparatory U.S. study followed by up to two years of formal master's degree study. This grant award will cover the entire program in the U.S. for the students selected. Students are expected to return home following the completion of their U.S. programs.

The proposal should explain how the recruitment, application and selection processes will ensure that all qualified individuals are encouraged to apply and that candidates are selected solely on the basis of merit. A pool of qualified alternates should be established that may be drawn on in subsequent years, should an additional place in the program become available.

4. Placement and enrollment of students at an accredited U.S. college/university appropriate to their academic and future professional goals. Students may be placed together at the same institution or at different institutions that offer programs that correspond to their academic and professional goals. The proposal should explain how identification with the South Pacific Scholarship program will be established and maintained among students.

5. Pre-arrival information for students, assistance with the visa application process, travel to the U.S., arrival.

Participants are expected to begin their U.S. study programs between January 2004 and Fall 2004. Proposal budgets should include all costs for students to complete the entire program of degree study in the U.S. The proposal should indicate the number of students who will be supported for degree
