C. Request for Comments

OTS invites comment on all aspects of the proposed Schedule RED and, in particular, whether the proposal will in fact reduce reporting burden, aid in more flexible data collection, and provide an opportunity for more accurate analysis of institution-specific and industry-wide interest rate risk. Consideration should be given to the amount of data collected and the ease of obtaining the data. Moreover, comments are requested on the amount of transition costs to convert from Schedule CMR to Schedule RED and the extent to which cost savings would be realized over time as a result of change.

Further, OTS requests comments on:

- a. Whether the proposed collection of information is necessary for the proper performance of the functions of OTS;
- b. The accuracy of OTS's estimate of the burden of the proposed information collection;
- c. Ways to enhance the quality, utility, and clarity of the information to be collected;
- d. Ways to minimize the burden of the information collection on respondents, including through the use information technology.
