VALUE ENHANCED NUTRITION ASSESSMENT IN WIC

Food and Nutrition Service (FNS)/National WIC Association (NWA) Value Enhanced Nutrition Assessment (VENA) Workgroup

From the moment of its inception, VENA has been a collaborative effort. FNS is grateful to all of the VENA workgroup members who contributed their time and talent to the development of the VENA Guidance. Their unflinching commitment to the VENA initiative and the WIC Program is inspiring - because of them, WIC does make a difference.
