Additional information may become available, such as the final report of the National Academy of Science's Committee on Endangered and Threatened Fishes in the Klamath River Basin, that could result in new information relevant to the proposed action and prompt additional scoping comments from the public useful for the environmental impact statement.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment letter. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

DATES: Submit comments on or before November 17, 2003.

ADDRESSES: Send comments to Thomas Stengle, U.S. Department of Labor, Employment and Training Administration, Room S-4231, 200 Constitution Ave. NW., Washington, DC 20210. Phone number: (202) 693-2991. Fax: 202-693-3229. (These are not toll free numbers.) E-mail: stengle.thomas@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On April 16, 2003, President Bush signed into law an enhancement to the Temporary Extended Unemployment Compensation (TEUC) program. This enhancement created special rules for determining TEUC eligibility for certain displaced airline related workers. Such workers may qualify for an additional 26 weeks of basic TEUC benefits if the worker became unemployed as a result of: (1) Reductions in service by an air carrier as a result of a terrorist action or security measure; (2) a closure of an airport in the United States as a result of a terrorist action or security measure; or (3) a military conflict with Iraq that has been authorized by Congress. In order to determine TEUC eligibility for these displaced airline and related workers specific information from employers must be collected. Emergency approval for this collection of information was granted through November 30, 2003. However, to cover the existing period of program implementation and to provide for potential congressional extensions of this program, ETA is seeking a 2 year extension for this collection package.
