

section 6(b)(5),<sup>12</sup> in particular, in that it is designed to facilitate transactions in securities, to promote just and equitable principles of trade, to enhance competition and to protect investors and the public interest.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change, as amended, will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

Written comments on the proposed rule change were neither solicited nor received.

**III. Solicitation of Comments**

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of PCX. All submissions should refer to the File No. SR-PCX-2003-16 and should be submitted by July 9, 2003.

**IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change**

The Exchange has requested that the Commission approve this proposed rule change on an accelerated basis. After careful consideration, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange, and, in particular, with the requirements of

section 6(b)(5) of the Act.<sup>13</sup> The Commission notes that this proposal is the latest in a series of Auto-Ex Incentive Pilot Program extensions previously approved by the Commission.<sup>14</sup> Further, the Commission notes that the Auto-Ex Incentive Pilot Program itself has remained substantively unchanged since it was originally approved by the Commission as a nine-month pilot.<sup>15</sup> The Commission believes that an extension until June 30, 2004 provides an appropriate period of time for the Exchange to continue its Auto-Ex Incentive Program while it phases-in its new trading platform for options, "PCX Plus," on an issue-by-issue basis. Once "PCX Plus" is fully implemented, the Exchange no longer will need to operate its Auto-Ex system.<sup>16</sup> Accordingly, the Commission finds good cause for approving the proposed rule change, as amended, prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**.

**V. Conclusion**

*Is it therefore ordered*, pursuant to section 19(b)(2) of the Act,<sup>17</sup> that the proposed rule change (SR-PCX-2003-16), as amended, is hereby approved on an accelerated basis, as a pilot program scheduled to expire on June 30, 2004.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.<sup>18</sup>
