A series of public meetings were held during the Feasibility Study phase (2001) on March 13, April 24, May 23–24, July 25–26, October 24–25, and December 13, 2001. An additional public meeting was held on July 11, 2002 initiating the NEPA process after the initial March 13, 2002 Notice of Intent. An early scoping meeting for resource agencies was held September 19, 2002. A second scoping meeting for resource agencies is anticipated, but not yet scheduled. Other public meetings and a public hearing are planned. Public notice will be given of the time and place of the meetings and hearing. The draft EIS will be available prior to the formal public hearing for public and agency review and comment.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** notice with a 60-day comment

period was published on October 1, 2002 (67 FR 61723 - 61724).

DATES: Comments must be submitted on or before April 21, 2003.

FOR FURTHER INFORMATION CONTACT: Walter Culbreath, National Highway Traffic Safety Administration, Office of Technology and Information Management, 202–366–1566, 400 Seventh Street, SW., Washington, DC 20590.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration.

Title: Designation of Agents.

OMB Number: 2127–0040.

Type of Request: Extension of a currently approved collection.

Affected Public: Business or other for-profit.

Abstract: This collection of information applies to motor vehicle and motor vehicle equipment manufacturers located outside of the United States (foreign manufacturers). Every manufacturer offering a motor vehicle or item of motor vehicle equipment for importation into the United States is statutorily required to designate in writing an agent upon whom service of all administrative and judicial processes, notices, orders, decisions and requirements may be made for and on behalf of the manufacturer. (49 U.S.C. 30164) These designations are required to be filed with NHTSA. NHTSA needs this information in case it needs to advise a foreign manufacturer of a safety related defect in its products so that the manufacturer can, in turn, notify purchasers and correct the defect. This information also enables NHTSA to serve a foreign manufacturer with all administrative and judicial processes, notices, orders, decisions and requirements.

Estimated Burden Hours: 70.

Number of Respondents: 70.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of

automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued in Washington, DC, on March 14, 2003.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration.

Title: National and State Surveys of Alcohol Targets of Opportunity.

OMB Number: 2127–New.

Type of Request: New collection.

Abstract: Recent data show an increase in alcohol-related crashes. In 1999, 16,572 persons were killed in alcohol-related crashes; in 2000, it rose to 17,380 and for 2001, it rose again to 17,448 deaths. Based on this alarming trend, the NHTSA Administrator has made it an agency goal to reduce the death rate, from 0.63 to 0.53 deaths per 100-million vehicle miles traveled. To further this goal, during the next few years, NHTSA will be supporting programmatic efforts at the State and local level that are aimed at substantially reducing alcohol-related

crashes and injuries. This data collection supports NHTSA's programmatic efforts and involves twice-yearly National alcohol enforcement and publicity mobilizations that focus on States having the highest fatality rates and/or number of alcohol-related fatalities.

Affected Public: Individuals or households.

Estimated Total Annual Burden: 2,167 hours.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

[Docket No. NHTSA-2003-14682]

Decision That Certain Nonconforming Motor Vehicles Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Notice of decision by NHTSA that certain nonconforming motor vehicles are eligible for importation.

SUMMARY: This document announces decisions by NHTSA that certain motor vehicles not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because they are substantially

similar to vehicles originally manufactured for importation into and/or sale in the United States and certified by their manufacturers as complying with the safety standards, and they are capable of being readily altered to conform to the standards.

DATES: These decisions are effective as of the date of their publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

NHTSA received petitions from registered importers to decide whether the vehicles listed in Annex A to this notice are eligible for importation into the United States. To afford an opportunity for public comment, NHTSA published notice of these petitions as specified in Annex A. The reader is referred to those notices for a thorough description of the petitions. No comments were received in response to these notices. Based on its review of the information submitted by the petitioners, NHTSA has decided to grant the petitions.

Vehicle Eligibility Number for Subject Vehicles

The importer of a vehicle admissible under any final decision must indicate

on the form HS-7 accompanying entry the appropriate vehicle eligibility number indicating that the vehicle is eligible for entry. Vehicle eligibility numbers assigned to vehicles admissible under this decision are specified in Annex A.

Final Decision

Accordingly, on the basis of the foregoing, NHTSA hereby decides that each motor vehicle listed in Annex A to this notice, which was not originally manufactured to comply with all applicable Federal motor vehicle safety standards, is substantially similar to a motor vehicle manufactured for importation into and/or sale in the United States, and certified under 49 U.S.C. 30115, as specified in Annex A, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: March 17, 2003.

Kenneth N. Weinstein,

Associate Administrator for Enforcement.
