## SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

### HealthSouth Corporation; Order of Suspension of Trading

March 19, 2003.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of HealthSouth Corporation ("HealthSouth") because of questions regarding the accuracy of publicly disseminated information by HealthSouth and others concerning, among other things: (1) The company's earnings and assets, and (2) the company's current financial condition.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, *it is ordered*, pursuant to section 12(k) of the Securities Exchange Act of 1934, that trading in the above-listed company is suspended for the period from 9:30 a.m. E.S.T., March 19, 2003 through 11:59 p.m. E.S.T., on March 20, 2003.

By the Commission.

**Margaret H. McFarland,**

*Deputy Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-47508; File No. SR-CBOE-2003-06]

### Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by Chicago Board Options Exchange, Incorporated To Establish a Four-Month Pilot Program Implementing the Market Share Incentive Plan

March 14, 2003.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and rule 19b-4<sup>2</sup> thereunder, notice is hereby given that on February 19, 2003, the Chicago Board Options Exchange, Inc. ("CBOE" or "Exchange") submitted to the Securities and Exchange Commission ("Commission") the proposed rule change as described in items I, II, and III below, which items have been prepared by the CBOE. The Commission is publishing this notice to

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

solicit comments on the proposed rule change from interested persons.

### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The CBOE proposes to establish a four-month pilot program that makes a change to its Fee Schedule in order to implement a Market Share Incentive Plan. The text of the proposed rule change, showing the proposed fee schedule, is available at the principal offices of the CBOE and at the Commission.

### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The CBOE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The CBOE proposes a four-month pilot program called the Market Share Incentive Plan ("MIP"). The MIP, which commenced on March 1, 2003, and will continue through June 30, 2003, will initially apply to the 300 CBOE equity option classes with the largest total trading volume nationwide (the "top 300 classes")<sup>3</sup> as well as options on the NASDAQ 100® Index Tracking Stock ("QQQ") (collectively, the "pilot MIP classes.") The MIP is designed to provide an incentive to CBOE Designated Primary Market-Makers ("DPMs") and market-makers to increase CBOE's share of national volume in the pilot MIP classes by continually maintaining highly competitive quotes with deeper, more liquid markets and tighter spreads.

The MIP will do this by providing two types of fee refunds to DPMs and market-makers who achieve the following specified market share thresholds in the pilot MIP classes.

<sup>3</sup> The top 300 classes represent approximately 85% of total CBOE equity option contract volume. The CBOE believes it would not be practical to include the remaining equity option classes in the MIP pilot program, given the swings in market share that can occur in such lower volume classes.
