SUPPLEMENTARY INFORMATION:

Introduction: The Secretary of the U.S. Department of the Interior (DOI) is responsible for collecting royalties from lessees who produce minerals from leased Federal and Indian lands. The Secretary is required by various laws to manage mineral resources production on Federal and Indian lands; collect the royalties due; perform audits, inspections, and investigations related to mineral royalties; and distribute the funds in accordance with those laws. MMS performs the royalty management functions and assists the Secretary in carrying out DOI's Indian trust responsibility.

The Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), 30 U.S.C. 1701 *et seq.*, and specifically section 205 of FOGRMA, 30 U.S.C. 1735 provide for the delegation of audits, inspections, and investigations to States.

The State of Alaska proposes to conduct audits and investigations for producing Federal oil and gas leases within the State, for producing Federal oil and gas leases in the Outer Continental Shelf subject to revenue sharing under 8(g) of the Outer Continental Shelf Lands Act, 43 U.S.C. 1337 (g), and for other producing solid mineral or geothermal Federal leases within the State. The State requests 100 percent funding of the delegated functions for a 3-year period. We anticipate beginning on October 1, 2003, with an option to extend for an additional 3-year period.

Background: The State of Alaska had a cooperative agreement with MMS

from March 27, 1985, to June 30, 1989. Consequently, MMS has determined that a formal hearing for comments will not be held under 30 CFR Section 227.105. This Notice provides the opportunity for public comment on the State's proposal, which was initially submitted on May 3, 1999. However, under the FOGRA statutory requirements, MMS was prohibited from allowing the State to conduct audits on Alaskan Native Lands without the express written permission of Cook Inlet Regional, Inc. (CIRI), an Alaskan Native corporation that shares joint ownership interest in numerous leases with the Federal Government. On March 6, 2003, MMS received written approval from CIRI for the Alaska Department of Natural Resources to audit these jointly owned leases, on the condition that MMS will continue to provide all information to CIRI as in the past. If this delegation proposal is approved, Alaska will join 10 other States that have audit delegation agreements with MMS.

Dated: August 28, 2003.

Lucy Querques Denett,

Associate Director for Minerals Revenue Management.
