

requirements for revocation (*i.e.*, sales in commercial quantities during the three consecutive PORs). We therefore preliminarily intend not to revoke the order, with respect to pasta produced and also exported by Pagani, if these preliminary findings are affirmed in our final results.

#### Preliminary Results of Review

As a result of our review, we preliminarily determine that the following percentage weighted-average margins exist for the period July 1, 2001, through June 30, 2002:

Manufacturer/exporter	Margin (percent)
Ferrara .....	0.18
Garofalo .....	1.44
IAPC .....	0.52
Indalco .....	17.25
Pagani .....	0.20
Pallante .....	0.12
PAM .....	45.49
Rummo .....	0.05
Tomasello .....	8.47
Zaffiri .....	6.36
All Others .....	11.26

The Department will disclose calculations performed within five days of the date of publication of this notice to the parties of this proceeding in accordance with 19 CFR 351.224(b). An interested party may request a hearing within 30 days of publication of these preliminary results. See 19 CFR 351.310(c). Any hearing, if requested, ordinarily will be held 44 days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs limited to issues raised in such briefs, may be filed no later than 35 days after the date of publication. Parties who submit arguments are requested to submit with the argument (1) a statement of the issue, and (2) a brief summary of the argument. Further, parties submitting written comments are requested to provide the Department with an additional copy of the public version of any such comments on diskette. The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, or at a hearing, if requested, within 120 days of publication of these preliminary results.

#### Assessment Rate

Pursuant to 19 CFR 351.212(b), the Department calculated an assessment rate for each importer of the subject merchandise. Upon issuance of the final

results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (*i.e.*, at or above 0.5 percent), the Department will issue appraisal instructions directly to the BCBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. For assessment purposes, we calculated importer-specific assessment rates for the subject merchandise by aggregating the dumping margins for all U.S. sales to each importer and dividing the amount by the total entered value of the sales to that importer. Where appropriate, to calculate the entered value, we subtracted international movement expenses (*e.g.*, international freight) from the gross sales value.

#### Cash Deposit Requirements

To calculate the cash deposit rate for each producer and/or exporter included in this administrative review, we divided the total dumping margins for each company by the total net value for that company's sales during the review period, with the exception of PAM, whose margin is based on AFA.

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of certain pasta from Italy entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 11.26 percent, the "All Others" rate established in the LTFV investigation. See *Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Certain Pasta from Italy*, 61 FR 38547 (July 24, 1996).

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

#### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 31, 2003.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-122-814]

#### Pure Magnesium from Canada; Notice of Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of 2001/2002 administrative review.

**SUMMARY:** On April 24, 2003, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on pure magnesium from Canada. The period of review is August 1, 2001, through July 31, 2002. This review covers imports of pure magnesium from one producer/exporter. We provided interested parties with an opportunity to comment on the preliminary results of this review, but received no comments.

The final results do not differ from the preliminary results of this review, in which we found that sales of the subject merchandise have not been made below normal value. We will instruct the United States Bureau of Customs and Border Protection not to assess antidumping duties on the subject merchandise exported by this company.

**EFFECTIVE DATE:** August 7, 2003.

**FOR FURTHER INFORMATION CONTACT:** Scott Holland, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1279.

**SUPPLEMENTARY INFORMATION:**

**Background**

Since the publication of the preliminary results of this review (see *Pure Magnesium from Canada; Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Review*, 68 FR 20112 (April 24, 2003) (“*Preliminary Results*”)), the following events have occurred:

The Department of Commerce (“the Department”) invited interested parties to comment on the preliminary results of this review. No comments were received.

**Scope of the Order**

The product covered by this order is pure magnesium. Pure unwrought magnesium contains at least 99.8 percent magnesium by weight and is sold in various slab and ingot forms and sizes. Granular and secondary magnesium are excluded from the scope currently classifiable under subheading 8104.11.0000 of the Harmonized Tariff Schedule (“HTS”). The HTS item number is provided for convenience and for customs purposes. The written description of the scope of the order remains dispositive.

**Period of Review**

The period of review (“POR”) is August 1, 2001, through July 31, 2002.

**Fair Value Comparisons**

To determine whether sales of pure magnesium from Canada to the United States were made at less than normal value (“NV”), we compared export price (“EP”) to NV. Our calculations followed the methodologies described in the *Preliminary Results*.

**Final Results of the Review**

As a result of this review, we determine that the following percentage weighted-average margin exists for the period August 1, 2001, through July 31, 2002:

Manufacturer/Exporter	Margin
Norsk Hydro Canada Inc. ....	0.01 ( <i>de minimis</i> )

**Assessment Rates**

The Department shall determine, and the United States Bureau of Customs

and Border Protection (“BCBP”) shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212 (b)(1), we have calculated exporter/importer (or customer)-specific assessment rates for merchandise subject to this review. To determine whether the duty assessment rates were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer (or customer)-specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to that importer (or customer) and dividing this amount by the total value of the sales to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate was greater than *de minimis*, we calculated a per unit assessment rate by aggregating the dumping margins calculated for all U.S. sales to that importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer).

Pending the final disposition of a NAFTA panel appeal by NHCI, the Department will not order the liquidation of entries of pure magnesium from Canada exported by NHCI on or after August 1, 2000, at this time. Liquidation will occur at the rates described in these final results of review following the final judgement in the NAFTA panel appeals process.

**Cash Deposit Requirements**

The following deposit requirements will be effective upon the publication of this notice of final results of administrative review for all shipments of pure magnesium from Canada entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by 751(a)(1) of the Act: (1) For NHCI, which has a *de minimis* rate, no antidumping duty deposit will be required; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) the cash deposit rate for all other exporters will continue to be 21.00 percent, the “all others” rate made effective by the less-than-fair-value investigation.

These deposit instructions will remain in effect until publication of the final results of the next administrative review.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to

liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Notification Regarding APOs**

This notice also serves as the only reminder to parties subject to the administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO material or conversion to judicial protective order is hereby requested. Failure to comply with the regulation and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 30, 2003.

**DEPARTMENT OF COMMERCE**

**International Trade Administration**

[A-475-824]

**Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils From Italy**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of the preliminary results of the antidumping duty administrative review of stainless steel sheet and strip in coils from Italy.

**SUMMARY:** In response to a request from ThyssenKrupp Acciai Speciali Terni S.p.A. (“TKAST”), a producer and exporter of subject merchandise, and ThyssenKrupp AST USA, Inc. (“TKAST USA”), an importer of subject merchandise, the Department of Commerce (“the Department”) is conducting an administrative review of the antidumping duty order on stainless steel sheet and strip in coils (“SSSS”) from Italy. This review covers imports of subject merchandise from TKAST.

The Department preliminary determines that SSSS from Italy has been sold in the United States at less than normal value during the period of
