Notice of Lodging of Consent Decree Under the Clean Water Act

Under 28 CFR 50.7, notice is hereby given that on April 1, 2003, a proposed consent decree ("decree") in *United States v. Colonial Pipeline Company*, Civil Action No. 1:00-CV-3142 JTC, was lodged with the United States District Court for the Northern District of Georgia.

In this action, the United States sought civil penalties for seven recent and significant spills from Colonial Pipeline Company's ("Colonial") 5,500 mile pipeline. The United States also sought injunctive relief to prevent future spills. Under the decree, Colonial will pay a \$34 million civil penalty for seven spills that spilled 1.45 million gallons of oil from its pipeline into waters in five states. The \$34 million civil penalty will go to the United States' Oil Pollution Liability Trust Fund, which underwrites cleanups nationwide.

Colonial will also require Colonial to designate its entire pipeline as potentially affecting "high consequence areas." This will subject the entire pipeline to the pipeline integrity regulations of the U.S. Department of Transportation's Office of Pipeline Safety ("OPS"). Under the terms of the settlement, Colonial is also required to (1) inspect its corrosion protection system along the entire pipeline system every five years; (2) repair problems detected in the corrosion protection system to meet the standards developed by the National Association of Corrosion Engineers (NACE); (3) maintain its right-of-ways, including mowing and removing debris; (4) have personnel on site when utility or other excavation is occurring within five feet of the pipeline; and (5) survey and inspect the pipeline where it crosses water, and address areas of the pipeline that are exposed or insufficiently buried.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Colonial Pipeline Company*, D.J. Ref. 90-5-1-1-4367.

The decree may be examined at the Office of the United States Attorney, U.S. Courthouse, Suite 1800, 75 Spring Street, SW., Atlanta, Georgia 30303, and at U.S. the U.S. Environmental Protection Agency—Region IV, Atlanta Federal Center, 61 Forsythe Street,

In this action the United States sought civil penalties and injunctive relief for the defendants' alleged discharges of untreated sewage from 471 pump stations throughout the Commonwealth of Puerto Rico and for the alleged failure to report certain discharges in violation of section 301(a) and 402 of the Clean Water Act, 33 U.S.C. 1311(a) and 1342. The proposed Consent Decree provides for the payment of a \$1 million civil penalty by PRASA and Compañía de Agusa de Puerto Rico, its former operator by contract, as well as the performance of a Supplemental Environmental Project ("SEP") by PRASA. The SEP is valued at \$1 million and is designed to improve drinking water quality for certain communities which are not presently hooked up to PRASA water filtration systems. The proposed Consent Decree also requires PRASA and its current operator by contract, ONDEO de Puerto Rico, to develop and implement an EPA-approved system-wide operation and maintenance and spill response and cleanup plan for all pump stations owned by PRASA, as well as to perform
