C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, by facsimile, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." The EPA is not required to consider these late comments.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. The EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and then key in Docket ID No. OAR-2001-0017. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by electronic mail (e-mail) to a-and-r-Docket@epa.gov, Attention Docket ID No. OAR-2001-0017. In contrast to

EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. Any E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified above. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send your comments to: Air and Radiation Docket and Information Center, Environmental Protection Agency, Mail code: 6102T, 1200 Pennsylvania Ave., NW, Washington, DC, 20460, Attention Docket ID No. OAR-2001-0017.

3. *By Hand Delivery or Courier.* Deliver your comments to: EPA Docket Center, 101 Constitution Ave., NW., Room B108, Washington, DC 2004, Attention Docket ID No. OAR-2001-0017. Such deliveries are only accepted during the Docket's normal hours of operation as identified above.

4. *By Facsimile.* Fax your comments to: 202-566-1741, Attention Docket ID No. OAR-2001-0017.

D. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline identified.
8. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

Clean Water Act Class II: Proposed Administrative Penalty Assessment and Opportunity To Comment Regarding the Hilo Coast Power Company and Brewer Environmental Industries, Pepeekeo Mill Power Generating Facility, Proceeding Under Clean Water Act Section 309(g)(1), (2)(B) and 40 CFR 22.13(b)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is providing notice of a proposed administrative penalty assessment for alleged violations of the Clean Water Act (the "Act"). EPA is also providing notice of opportunity to comment on the proposed assessment.

EPA is authorized under section 309(g) of the Act, 33 U.S.C. 1319(g), to assess a civil penalty after providing the person subject to the penalty notice of the proposed penalty and the opportunity for a hearing, and after providing interested persons notice of the proposed penalty and a reasonable opportunity to comment on its issuance. Under section 309(g), any person who without authorization discharges a pollutant to a navigable water, as those terms are defined in section 502 of the Act, 33 U.S.C. 1362, may be assessed a penalty in a "Class II" administrative penalty proceeding.

Class II proceedings under section 309(g) are conducted in accordance with the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits" ("part 22"), 40 CFR part 22. The procedures through which the public may submit written comment on a proposed Class II order or participate in a Class II proceeding, and the procedures by which a respondent may request a hearing, are set forth in part 22. The deadline for submitting public comment on a proposed Class II order is October 7, 2003.

On August 7, 2003, EPA filed with Danielle Carr, Regional Hearing Clerk, U.S. EPA, Region IX, 75 Hawthorne

Street, San Francisco, California 94105, (415) 744-1391, the following Administrative Complaint:

In the Matter of Hilo Coast Power Company and Brewer Environmental Industries, Pepeekeo Mill Power Generating Facility, Docket No. CWA-9-2003-0002.

For the alleged violations set forth in the Administrative Complaint, EPA proposes to assess penalties of up to One Hundred Thirty-seven Thousand and Five Hundred Dollars (\$137,500) for violations of NPDES Permit No. HI0000191 and section 301(a) of the Act, 33 U.S.C. 1311(a), at the Pepeekeo Mill Power Generating Facility in Pepeekeo, Hawaii.

Procedures by which the public may comment on a proposed Class II penalty or participate in a Class II penalty proceeding are set forth in the Consolidated Rules. The deadline for submitting public comment on a proposed Class II penalty is forty days after issuance of public notice.

FOR FURTHER INFORMATION CONTACT:

Persons wishing to receive a copy of EPA's Consolidated Rules, review the Complaint or other documents filed in this proceeding, comment upon the proposed assessment, or otherwise participate in the proceeding should contact Danielle Carr, Regional Hearing Clerk, U.S. EPA, Region IX, 75 Hawthorne Street, San Francisco, California 94105, (415) 744-1391. The administrative record for this proceeding is located in the EPA Regional Office identified above, and the file will be open for public inspection during normal business hours. All information submitted by the Respondent is available as part of the administrative record, subject to provisions of law restricting public disclosure of confidential information. In order to provide opportunity for public comment, EPA will issue no final order assessing a penalty in these proceedings prior to forty (40) days after the date of publication of this notice.

Public Water System Supervision Program Revision for the State of New Mexico

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the State of New Mexico is revising its approved Public Water System Supervision Program. New Mexico has revised its administrative penalty authority, its public water system definition, adopted the Consumer Confidence Report Rule, the Interim Enhanced Surface Water Treatment Rule, the Stage 1 Disinfection By Products Rule, the new Variances and Exemptions Rule, the revised Public Notification Rule, the new Radionuclides Rule, the Lead and Copper Rule Minor Revisions, the Arsenic Rule, and the Filter Backwash Recycling Rule. EPA has determined that these revisions are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these program revisions.

DATES: All interested parties may request a public hearing. A request for a public hearing must be submitted by September 29, 2003 to the Regional Administrator at the EPA Region 6 address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made by September 29, 2003, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become final and effective on September 29, 2003. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for

inspection between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, at the following offices: New Mexico Environment Department, Drinking Water Bureau, 525 Camino De Los Marquez, Suite 4, Santa Fe, New Mexico, 87505 and the United States Environmental Protection Agency, Region 6, Drinking Water Section (6WQ-SD), 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202.

FOR FURTHER INFORMATION CONTACT: Kim Ngo, EPA Region 6, Drinking Water Section at the Dallas address given above or at telephone (214) 665-7158, or ngo.kim@epa.gov.

Authority: Section 1413 of the Safe Drinking Water Act, as amended (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: August 20, 2003.

Richard E. Greene,

Regional Administrator, Region 6.

Applicability of the Safe Drinking Water Act to Submetered Properties

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability; request for comments.

SUMMARY: The Environmental Protection Agency (EPA) is seeking public comment on revising the current policy regarding regulatory requirements under the Safe Drinking Water Act (SDWA) of submetered properties. The draft revised policy is shown in the Supplementary Information section below, in the memorandum form it would take if the policy is made final. Under SDWA section 1411, the national primary drinking water regulations apply to public water systems (PWS) that have their own water source, treat, or "sell" water. EPA staff and program managers have previously issued memoranda stating that any building or property owner who meets the definition of a PWS and receives water from a regulated public water system, but bills tenants separately for this water, is "selling" the water and therefore is independently subject to SDWA's drinking water requirements. As a way to promote full cost and conservation pricing to achieve water conservation, the EPA now proposes to change its interpretation of section 1411 as it applies to a limited aspect of
