SUPPLEMENTARY INFORMATION: The proposed amendment would make limited changes to language within Attachment A of the 1994 Record of Decision (ROD) for the Northwest Forest Plan. These changes would amend Forest Service and Bureau of Land Management plans throughout the Northwest Forest Plan area. The limited changes clarify that the proper scale for federal land managers to evaluate progress toward achievement of the ACS objectives is the fifth-field watershed and broader scales. The changes would also document requirements for land managers to demonstrate that projects follow the ACS. It would remove the expectation that all projects must achieve all ACS objectives, but would reinforce the role of watershed analysis in providing context for project planning. Current land allocations, standards and guidelines, and Northwest Forest Plan goals and objectives would be retained.

Three alternatives are considered in the FSEIS: No Action, the Proposed Action, and Alternative A. The No Action Alternative would not change existing language within the ACS. The Proposed Action and Alternative A would make limited changes to clarify documentation requirements. Alternative A is the Preferred Alternative. If the Preferred Alternative is approved, implementation of the range of projects envisioned under the Northwest Forest Plan would be more likely. Land managers would more successfully demonstrate that projects follow the ACS.

The Secretaries of Agriculture and the Interior propose limited changes to language about how to implement the ACS. The ACS is intended to maintain and restore the ecological health of

watersheds and aquatic ecosystems within the Northwest Forest Plan area. The ACS includes language that has been interpreted to mean that decision-makers must demonstrate that a proposed project will attain all of the ACS objectives. These objectives were never intended to be site-specific standards; rather, they were intended to be achieved at the fifth-field watershed scale and broader, over the long term. Confusion related to the existing language has hindered federal land managers' ability to plan and implement projects needed to achieve Northwest Forest Plan goals.

Readers should note that the Secretary of Agriculture and the Secretary of the Interior are the responsible officials for this proposed action. Therefore, no administrative review ("appeal") through the Forest Service will be available on the ROD under 36 CFR 217, and no administrative review ("protest") through the Bureau of Land Management will be available on the ROD under 43 CFR 1610.5-2. Because there is no administrative review of the decision, the ROD will not be signed until 30 days after the EPA Notice of Availability for the FSEIS appears in the **Federal Register**.

Dated: October 22, 2003.

Charles E. Wassinger,
Associate State Director, Oregon/Washington State Office.

Michael Ash,
Deputy Regional Forester, Pacific Northwest Region.

Canned Pineapple Fruit From Thailand: Notice of Extension of Time Limit of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: October 31, 2003.

FOR FURTHER INFORMATION CONTACT: Marin Weaver at (202) 482–2336 or Charles Riggle at (202) 482–0650, Office of AD/CVD Enforcement 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), and

section 351.213(h)(2) of the Department's regulations require the Department to complete the preliminary results within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order/finding for which a review is requested and for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Background

On August 27, 2002, the Department of Commerce (the Department) published a notice of initiation of administrative review of the antidumping duty order on canned pineapple fruit from Thailand, covering the period July 1, 2001, through June 30, 2002 (67 FR 55000). On September 25, 2002, the Department published a correction to the initiation (67 FR 60210). On March 27, 2003 the Department partially extended the preliminary results (68 FR 14941). On June 6, 2003, the Department further extended the preliminary results (68 FR 33910). On June 27, 2003, the Department published the preliminary results for this review. See *Notice of Preliminary Results, Partial Rescission of Antidumping Duty Administrative Review, and Preliminary Determination To Not Revoke Order in Part: Canned Pineapple Fruit From Thailand*, 68 FR 38291 (June 27, 2003). In our notice of preliminary results, we stated our intention to issue the final results of this review no later than 120 days after publication of the preliminary results. The final results are currently due on October 27, 2003.

Extension of Time Limit for Final Results of Review

We determine that it is not practicable to complete the final results of this review within the original time limit for the reasons stated in our memorandum from Gary Taverman, Director, Office 5, to Holly Kuga, Acting Deputy Assistant Secretary for AD/CVD Enforcement II, which is on file in the Central Records Unit, Room B–099 of the main Commerce building. Therefore, the Department is extending the time limit

for completion of the final results until no later than November 10, 2003.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: October 27, 2003.

Holly Kuga,

Acting Deputy Assistant Secretary for AD/CVD Enforcement II.

Notice of Final Results of Antidumping Duty New Shipper Review: Honey From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: On June 2, 2003, the Department published the preliminary results of the new shipper review of the antidumping duty order on honey from the People's Republic of China (68 FR 33099). The review covers one producer/exporter, Wuhan Bee Healthy Co., Ltd. (Wuhan), and exports of the subject merchandise to the United States during the period December 1, 2001, through May 31, 2002.

Based on our analysis of the record, including factual information obtained since the preliminary results, we have made changes to Wuhan's margin calculations to adjust the Indian surrogate values used to value the raw honey input, and to adjust our calculation of the financial ratios and their application in our normal value calculation. We also adjusted the cost of manufacture (COM) to offset for Wuhan's by-product revenues. Therefore, the final results differ from the preliminary results. See "Final Results of Review" section below.

EFFECTIVE DATE: October 31, 2003.

FOR FURTHER INFORMATION CONTACT: Angelica Mendoza or Donna Kinsella, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–3019 or (202) 482–0194, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 23, 2003, the Department extended the preliminary results of this new shipper review by 120 days until May 27, 2003. See *Honey from the People's Republic of China: Extension of*
