

Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it does not involve decisions on environmental health risks or safety risks that may disproportionately affect children.

*H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution, or Use*

This proposed rule is not an economically "significant energy action" as defined in Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355 (May 22, 2001)) because it does not have a significant adverse effect on the supply, distribution, or use of energy.

*I. National Technology Transfer and Advancement Act*

Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104-113, 12(d) (15 U.S.C. 272 note) directs EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., materials specifications, test methods, sampling procedures, and business practices) that are developed or adopted by voluntary consensus standards bodies. The NTTAA directs EPA to provide Congress, through OMB, explanations when the Agency decides not to use available and applicable voluntary consensus standards.

This proposed rule advances the goals of the NTTAA by adopting test methods developed by voluntary consensus standards bodies.

*J. Statutory Provisions and Legal Authority*

Statutory authority for today's proposed rule comes from sections 211(c), 211(i) and 211(k) of the CAA (42 U.S.C. 7545(c) and (k)). Section 211(c) and 211(i) allows EPA to regulate fuels that contribute to air pollution which endangers public health or welfare, or which impairs emission control equipment. Section 211(k) prescribes requirements for RFG and conventional gasoline and requires EPA to promulgate regulations establishing these requirements. Additional support for the fuels controls in today's proposed rule comes from sections 114(a) and 301(a) of the CAA.

**Virginia: Approval of Financial Assurance Regulations for the Commonwealth's Municipal Solid Waste Landfill Permitting Program**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** Virginia has applied to EPA for final approval of its financial assurance regulations for Municipal Solid Waste landfills under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final approval to Virginia. In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the changes by an Immediate Final Rule. EPA did not make a proposal prior to the Immediate Final Rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this approval in the preamble to the Immediate Final Rule. Unless we receive written comments which oppose this approval during the comment period, the Immediate Final Rule will become effective on the date it establishes, and we will not take further action on this proposal. If we receive comments that oppose this action, we will withdraw the Immediate Final Rule, and it will not take effect. We will then respond to public comments in a later Final Rule based on this proposal. You will not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

**DATES:** Send your written comments by November 6, 2003.

**ADDRESSES:** Written comments should be sent to Mike Giuranna, RCRA State Programs Branch, Waste & Chemicals Management Division (3WC21), U.S. EPA Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103-2029, telephone: (215) 814-3298. Comments may also be submitted electronically through the Internet to:

*giuranna.mike@epa.gov* or by facsimile at (215) 814-3163. You may examine copies of the materials submitted by Virginia during normal business hours at EPA, Region III or at the offices of the Virginia Department of Environmental Quality at 629 East Main Street, Richmond, Virginia 23219-0009, Phone Number (804) 698-4238, attn: Melissa Porterfield.

**National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of intent for partial deletion of the Rocky Mountain Arsenal National Priorities List Site from the National Priorities List; second extension of public comment periods.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 8 announced its intent to delete the Selected Perimeter Area (SPA, 68 FR 44259) and the Surface Deletion Area (SDA, 68 FR 44265) of the Rocky Mountain Arsenal National Priorities List Site (RMA/NPL Site) On-Post Operable Unit (OU) from the National Priorities List (NPL) on July 28, 2003. In response to a written request, EPA extended both public comment periods for an additional 30 days concluding on September 25, 2003 (68 FR 51221). EPA has received a request to further extend these public comment periods. In response, EPA is extending both public comment periods for an additional 30 days concluding on October 27, 2003.

The NPL constitutes appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA

promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA).

EPA bases its proposal to delete the SPA and SDA portions of the RMA/NPL Site on the determination by EPA and the State of Colorado, through the Colorado Department of Public Health and Environment (CDPHE), that all appropriate actions under CERCLA have been implemented to protect human health, welfare, and the environment and that no further response action by responsible parties is appropriate. This basis for deleting the SPA and SDA from the RMA/NPL Site has not changed. The **Federal Register** notice for the SPA (68 FR 44259) and the SDA (68 FR 44265) provide a discussion of the bases for the intended partial deletions.

**DATES:** Comments concerning the proposed partial deletions may be submitted to EPA on or before October 27, 2003.

**ADDRESSES:** Comments may be mailed to: Catherine Roberts, Community Involvement Coordinator (80C), U.S. EPA, Region 8, 999 18th Street, Suite 300, Denver, Colorado 80202-2466, 1-800-227-8917 or (303) 312-6025.

Comprehensive information on the RMA/NPL Site, as well as information specific to both proposed partial deletions, is available through EPA's Region 8 Superfund Records Center in Denver, Colorado. Documents are available for viewing by appointment from 8 a.m. to 4 p.m., Monday through Friday excluding holidays by calling (303) 312-6473. The Administrative Record for the RMA/NPL Site and the Deletion Dockets for these partial deletions are maintained at the Joint Administrative Records Document Facility, Building 129, Room 2024, Commerce City, Colorado 80022-1748, (303) 289-0362. Documents are available for viewing from 12 p.m. to 4 p.m., Monday through Friday or by appointment.

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

#### 44 CFR Part 67

[Docket No. FEMA-B-7439]

#### Proposed Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

**ACTION:** Proposed rule.

**SUMMARY:** Technical information or comments are requested on the proposed Base (1% annual chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

**ADDRESSES:** The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

**FOR FURTHER INFORMATION CONTACT:** Doug Bellomo, P.E. Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2903.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more

stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

*National Environmental Policy Act.* This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

*Regulatory Classification.* This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Executive Order 12612, Federalism.* This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

*Executive Order 12778, Civil Justice Reform.* This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.
