The Office of Management and Budget (OMB), which has oversight responsibility under the Privacy Act to review the system may submit comments on or before March 3, 2003. The proposed system shall become effective without further notice March 3, 2003 unless the FCC receives comments that would require a contrary determination. As required by 5 U.S.C. 552a(r) of the *Privacy Act of 1974*, as amended, the FCC has submitted reports on this proposed altered system to OMB and both Houses of Congress.

ADDRESSES: Comments should be sent to Les Smith, Privacy Act Clerk, Performance Evaluation and Records Management (PERM), Room 1-A804, Federal Communications Commission (FCC), 445 12th Street, SW., Washington, DC 20554, (202) 418-0217, or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION: As required by the *Privacy Act of 1974*, as amended, 5 U.S.C. 552a(e)(4) and (e)(11), this document sets forth notice of the proposed altered system of records maintained by the FCC; addition of two routine uses to FCC/Central-6 that were formerly in FCC/OMD-4; revision of one routine use in FCC/Central-6 to incorporate elements formerly in FCC/OMD-4; addition of one new routine use to incorporate uses in the Workplace Violence Form; and cancellation of one system of records, FCC/OMD-4. This agency previously gave complete notice of the two systems of records covered under this Notice by publication in the **Federal Register** on October 23, 2000, 65 FR 63468. This notice is a summary of more detailed information, which may be viewed at

the location given in the **ADDRESSES** section above. The purposes for altering FCC/Central-6, "Personnel Investigation Records" are to merge FCC/OMD-4, "Security Office Control Files" into this system of records to eliminate possible duplications of functions and records; to add new data elements, new purposes, and one new routine use; to update the statutory authority to maintain the information that the Commission may collect when the Workplace Violence Form is introduced; and otherwise to alter, update, and revise this system of records as necessary.

The FCC proposes to achieve these purposes by altering this system of records, FCC/Central-6, "Personnel Investigation Records" with these changes:

The incorporation of the data elements of another system of records, FCC/OMD-4, "Security Office Control Files," into FCC/Central-6;

The elimination of FCC/OMD-4;

The transfer of two routine uses formerly in FCC/OMD-4 to address new and/or revised uses;

Routine use (7) allows disclosure to the security officers of an agency in the executive, legislative, or judicial branch, or the District of Columbia Government, in response to their request(s) for verification of security clearances of FCC employees to have access to classified data or areas where their official duties require such access.

Routine use (8) allows disclosure to request information from a Federal, state, or local agency maintaining civil, criminal, or other relevant or pertinent enforcement information or records, such as licenses, if necessary to obtain information relevant to a Commission decision concerning the hiring or retention of an employee, the issuance of a security clearance, the letting of a contract, or the issuance of a grant or other benefit.

The revision of one routine use to incorporate uses formerly in FCC/OMD-4:

Routine use (5) allows disclosure to designated officers and employees of agencies, offices, and other establishments in the executive, legislative, and judicial branches of the Federal Government, and the District of Columbia Government, in response to their request, when such agency, office, or establishment conducts an investigation of the individual for the purpose of hiring, firing, or retention, granting a security clearance, making a determination of qualifications, suitability, or loyalty to the United States Government, or access to classified information or restricted areas, or classifying jobs, letting of a

contract, or issuance of a license, grant, or other benefit by the requesting agency, to the extent that the information is relevant and necessary to the requesting agency's purpose.

The addition of one new routine use to include the data elements, information, and purposes for the Workplace Violence Form:

Routine use (9) allows disclosure to the Merit System Protection Board (MSPB) during the course of the MSPB's investigation of the individual's appeal, following the Commission's adverse action against the individual.

The alteration, revision, or modification of various data elements in FCC/Central-6, including editorial changes to update, simplify, or clarify, as necessary, this system of records.

The FCC Security Officer and the Personnel Security Specialist in the Security Office will use the records in FCC/Central-6 to provide investigative information to determine compliance with Federal regulations and/or an individual's suitability and fitness for Federal employment, access to classified information or restricted areas, position sensitivity, security clearances, evaluations of qualifications, and loyalty to the U.S.; to evaluate qualifications and suitability to perform contractual services for the U.S. Government; to document such determinations; to respond to an inquiry conducted under the President's Program to Eliminate Waste and Fraud in the Government; to take action on, or respond to a complaint about a threat, harassment, intimidation, violence, or other inappropriate behavior involving one or more FCC employees and/or contract employees; and to counsel employees.

Records in this system will be available for public inspection at the location given above. The functions in this system of records will be performed by the FCC Security Officer and the Personnel Security Specialist in the Security Office.

This notice meets the requirement documenting the change in the Commission's system of records, and provides the public, Congress, and the Office of Management and Budget (OMB) an opportunity to comment.

STORAGE:

Records in this system of records include both paper and electronic records. Paper records are stored in file folders in security containers. The electronic records are maintained in a computer database.

RETRIEVABILITY:

Records are retrieved by individual's name and Social Security Number.

SAFEGUARDS:

Paper records are maintained in file folders and stored in approved security containers, within a secure, access-controlled area with an intrusion alarm. Access is limited to approved security office and administrative personnel.

The electronic records are maintained in a "stand-alone" computer database, which is secured through controlled access and passwords restricted to security and administrative personnel on a "need to know" basis. The computers are located in a room with a simplex lock and intrusive alarm systems. The computer databases are maintained on a computer that is not connected to the FCC computer network. The databases are backed-up on a daily basis to floppy disk(s), which are then stored in a secured area.

RETENTION AND DISPOSAL:

Both paper and electronic records are retained during employment or while an individual is actively involved in federal programs. As appropriate, records are returned to investigating agencies after employment terminates; otherwise, the records are retained for five years from the date that the employee leaves the Commission.

Investigative files and the computer database, which show the completion of an investigation, are retained for 15

years, except for investigations involving potential actionable issue(s), which will be maintained for 25 years plus the current year from the date of the most recent investigative activity.

Paper records are destroyed by shredding. Electronic records are destroyed by electronic erasure.
