**SUPPLEMENTARY INFORMATION:**

**Background**

Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and regulations are issued.

On March 3, 2003 (68 FR 9991), NMFS announced that it had received a request from the U.S. Minerals Management Service of the Department of the Interior, for authorization to harass small numbers of marine mammals, principally the sperm whale, incidental to conducting seismic surveys in the GOM. As a result of that request, NMFS is considering whether to propose regulations that would govern the incidental taking of small numbers of marine mammals under Letters of Authorization (LOAs) issued to members of the seismic industry that might have interactions with sperm whales. In order to promulgate regulations and issue LOAs, NMFS must determine that these takings will have a negligible impact on the affected species and stocks of marine mammals. By this document, NMFS extends the comment period on the preliminary application and suggestions on the content of the regulations comment until April 16, 2003.

Dated: March 28, 2003.

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

[I.D. 032703G]

**Endangered and Threatened Species; Take of Anadromous Fish**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Receipt of application for renewal of scientific research permit 1027 and request for comment.

**SUMMARY:** Notice is hereby given that NMFS has received an application for renewal of scientific research permit 1027 from U.S. Fish and Wildlife Service (USFWS) in Sacramento, CA. The permit would affect federally endangered Sacramento River winter-run Chinook salmon. This document serves to notify the public of the availability of the permit renewal application for review and comment.

**DATES:** Written comments on the permit applications must be received at the appropriate address or fax number (see ADDRESSES) no later than 5 p.m. Pacific Standard Time on May 5, 2003.

**ADDRESSES:** Written comments on this request should be sent to the appropriate office as indicated below. Comments may also be sent via fax to the number indicated for the request. Comments will not be accepted if submitted via e-mail or the Internet. The applications and related documents are available for review by appointment, for permit 1027: Protected Resources Division, NMFS, 650 Capitol Mall, Suite 8-300, Sacramento, CA 95814 (ph: 916–930–3600, fax: 916–930z63629). Documents may also be reviewed by appointment in the Office of Protected Resources, F/PR3, NMFS, 1315 East-West Highway, Silver Spring, MD 20910 3226 (301 713 1401).

**FOR FURTHER INFORMATION CONTACT:** Rosalie del Rosario at phone number 916-930-3600, or e-mail: [Rosalie.delRosario@noaa.gov](mailto:Rosalie.delRosario@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**Authority**

Issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531 1543) (ESA), is based on a finding that such permits/modifications: (1) are applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permits; and (3) are consistent with the purposes and

policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 222–226).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). The holding of such a hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.

**Species Covered in This Notice**

This notice is relevant to the federally endangered Sacramento River Winter-run Chinook salmon (*Oncorhynchus tshawytscha*).

**Applications Received**

USFWS requests a renewal of permit 1027, a 5-year permit that authorized take of adult and juvenile endangered Sacramento River winter-run Chinook salmon ESU associated with artificial production and captive broodstock programs. The broodstock collection target for winter-run Chinook is 15 percent of the estimated upriver escapement, up to a maximum of 120 natural-origin winter-run Chinook broodstock per brood year (i.e., run sizes >800). In that effort, up to 400 winter-run Chinook may be captured annually and the remaining 280 adults will be tagged and returned to the Sacramento River to spawn naturally. To maintain genetic diversity, no fewer than 20 adults will be taken for the broodstock collection regardless of run size (i.e., run sizes <135). Based on three years of trapping data (e.g., 2000–2002), mortality is expected to be <2 percent of total captured, and pre-spawning mortality is expected to be <10 percent of 120 fish retained for spawning. To minimize potential negative effects resulting from natural selection in the hatchery (i.e., domestication), the number of hatchery-origin winter-run Chinook incorporated as broodstock will not exceed 10 percent of the total number of winter-run Chinook spawned (not including captive broodstock crosses). No more than 250,000 pre-smolt winter-run Chinook will be released annually. Post-release contribution potential of progeny derived from captive broodstock adults that were reared to maturity is also

being evaluated. The effects of the artificial production and captive broodstock programs on federally threatened Central Valley spring-run Chinook salmon and threatened Central Valley steelhead are being considered under ESA section 7 interagency consultation on Coleman National Fish Hatchery and Livingston Stone National Fish Hatchery actions.

Dated: March 28, 2003.

## DEPARTMENT OF DEFENSE

### Office of the Secretary

#### Notice of Availability of Environmental Assessment for the Air Force Memorial

**AGENCY:** Washington Headquarters Services, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of Defense (DoD) Washington Headquarters Services (WHS) announces that an Environmental Assessment (EA) for the Air Force Memorial is available for public review and comment within 30 days of the date of this publication. The Memorial is planned for the Naval Annex Site, Columbia Pike and Southgate Road, near the Pentagon in Arlington, VA. The Naval Annex is also known as the Navy Annex, Arlington Annex, and Federal Office Building No. 2 (FOB2).

The EA documents an evaluation of the environmental effects of the proposed Memorial in accord with the National Environmental Policy Act of 1969, as amended (NEPA, 42 U.S.C. 4321 to 4370b), Council of Environmental Quality (CEQ) implementing regulations (Title 40, Code of Federal Regulations parts 1500-1508), and DoD Instruction 4715.9, Environmental Planning and Analysis. The EA identifies the proposed action, purpose and need for the project, project alternatives, affected environment, environmental consequences, and proposed mitigation measures. Environmental consequences examined include potential impacts on socio-economic conditions, cultural and visual resources, transportation systems, physical and biological resources, utilities and infrastructure, and cumulative impact.

The Air Force Memorial Foundation (AFMF) proposes to establish the Air

Force Memorial on three acres of the Naval Annex Site, as authorized by Congress, to honor the men and women who have served in the U.S. Air Force and its predecessors. The main element of the Memorial would be three curving vertical spires, from 200 to 270 feet high, that symbolize Air Force core values, people, and key mission ingredients. At the base of the spires, complementary elements would include an Honor Guard Sculpture, Contemplation Chamber, Air Force Members Chamber, seating area, pedestrian walkways, and parking area. The proposed action, as directed by Congress, requires demolition of Wing 8 of FOB2.

The EA is available on the Internet at <http://www.dtic.mil/ref/Safety/index.htm> and <http://www.airforcememorial.org> and in paper copy at the following libraries:

- Arlington County Central Library, 1015 N. Quincy Street, Arlington, VA 22201.
- Aurora Hills Library, 735 S. 18th St., Arlington, VA 22202.
- Columbia Pike Library, 816 S. Walter Reed Dr., Arlington, VA 22204.
- Shirlington Library, 2786 S. Arlington Mill Dr., Arlington, VA 22206.

For those with access or escort, copies are also available in the FOB2 Building Managers Office, Room 1030, and in the Pentagon Library Reference Center on the Pentagon Concourse.

**DATES:** Public comments are invited and must be either e-mailed or postmarked on or before May 5, 2003.

**ADDRESSES:** To request a copy of the EA or provide comments, contact Dr. Brian Higgins at telephone: 703-697-5066, e-mail: [bhiggins@ref.whs.mil](mailto:bhiggins@ref.whs.mil), or WHS Real Estate and Facilities Directorate, 1155 Defense Pentagon, Room 3B200, Washington, DC 20301-1155. Individuals also may download the EA from the Web sites

**FOR FURTHER INFORMATION CONTACT:** For additional information on the EA, contact Dr. Brian Higgins at telephone: 703-697-5066, or e-mail: [bhiggins@ref.whs.mil](mailto:bhiggins@ref.whs.mil).

Dated: March 27, 2003.

## DEPARTMENT OF DEFENSE

### Office of the Inspector General; Privacy Act of 1974; System of Records

**AGENCY:** Office of the Inspector General, DoD.

**ACTION:** Notice to alter a system of records.

**SUMMARY:** The Inspector General, DoD is proposing to alter an existing system of records in its inventory of records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. The alteration consists of adding exemptions to the existing system of records CIG 01, entitled "Privacy Act and Freedom of Information Act Case Files".

The exemptions are needed because during the course of a Freedom of Information Act (FOIA) and Privacy Act action, exempt materials from other systems of records may in turn become part of the case records in the system. To the extent that copies of exempt records from those "other" systems of records are entered into the Freedom of Information Act and/or Privacy Act case records, the Inspector General, DoD, hereby claims the same exemptions for the records from those "other" systems that are entered into this system, as claimed for the original primary systems of records which they are a part. Therefore, the Inspector General, DoD is proposing to add exemptions 5 U.S.C. 552a(j)(2), (k)(1) through (k)(7) to an existing system of records.

**DATES:** This proposed action will be effective without further notice on May 5, 2003, unless comments are received which result in a contrary determination.

**ADDRESSES:** Send comments to Office of the Inspector General, Department of Defense, 400 Army Navy Drive, Room 201, Arlington, VA 22202-4704.

**FOR FURTHER INFORMATION CONTACT:** Mr. Joseph E. Caucci at (703) 604-9786.

**SUPPLEMENTARY INFORMATION:** The Office of the Inspector General, DoD notice for system of records subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address above.

The proposed systems report, as required by 5 U.S.C. 552a(r) of the Privacy Act of 1974, as amended, was submitted on March 20, 2003, to the House Committee on Government Reform, the Senate Committee on Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, "Federal
