

considered to be approved as alternative methods of compliance with this AD.

Note 3: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Seattle ACO.

Special Flight Permits

(k) Special flight permits may be issued in accordance with §§ 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

Issued in Renton, Washington, on December 27, 2002.

Vi L. Lipski,

Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2002-13936; Airspace Docket No. 02-AEA-22]

Establishment of Class E Airspace; Ridgely, MD

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to establish Class E airspace at Ridgely Airpark (RJD), Ridgely, MD. The development of Standard Instrument Approach Procedures (SIAP) based on the Global Positioning System (GPS) to serve flights operating into Ridgely Airpark under Instrument Flight Rules (IFR) makes this action necessary. Controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain aircraft executing the approach. The area would be depicted on aeronautical charts for pilot reference.

DATES: Comments must be received on or before February 3, 2003.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2002-13936/ Airspace Docket No. 02-AEA-22 at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets

Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, Federal Aviation Administration, Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434-4809.

FOR FURTHER INFORMATION CONTACT: Mr. Frances T. Jordan, Jr., Airspace Specialist, Airspace Branch, AEA-520 FAA Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434-4089, telephone: (718) 553-4521.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-regulated aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2002-13936/Airspace Docket No. 02-AEA-22". The postcard will be date/time stamped and returned to the commenter.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at <http://www.faa.gov> or the Superintendent of Documents web page at <http://www.access.gpo.gov/nara>. Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being

placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to establish Class E airspace area at Ridgely, MD. The development of SIAPs to serve flights operating IFR into Ridgely Airpark makes this action necessary. Controlled airspace extending upward from 700 feet AGL is needed to accommodate the SIAPs. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface are published in Paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR Part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9K dated August 30, 2002 and effective September 16, 2002, is proposed to be amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

AEA MD E5 Ridgely, MD [NEW]

Ridgely Airpark

(Lat. 35°58'12" N., long. 75°51'58" W.)

That airspace extending upward from 700 feet above the surface within a 6-mile radius of Ridgely Airpark, excluding that portion that coincides with the Centerville, MD Class E airspace area.

* * * * *

Issued in Jamaica, New York on December 13, 2002.

Richard J. Ducharme,

Assistant Manager, Air Traffic Division, Eastern Region.

National Emission Standards for Hazardous Air Pollutants: Stationary Combustion Turbines, Surface Coating of Metal Cans, and Primary Magnesium Refining

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of proposed rules and changes to public comment periods.

SUMMARY: This document is to inform the public that the proposed national emission standards for hazardous air pollutants (NESHAP) for Stationary Combustion Turbines, Surface Coating of Metal Cans, and Primary Magnesium Refining have been signed by the Administrator and are scheduled to be published as proposed rules in the **Federal Register** within a few weeks. Copies are available on EPA's Web site. We typically allow a 60-day public comment period after publication of proposed NESHAP in the **Federal Register**; however, we are providing advance notice that when these proposed rules are published in the

Federal Register, the comment period will be 30 days after publication.

FOR FURTHER INFORMATION CONTACT: Mr. Keith W. Barnett, Minerals and Inorganic Chemicals Group, Emission Standards Division (C504-05), U.S. EPA, Research Triangle Park, North Carolina 27711, facsimile number (919) 541-5600, telephone number (919) 541-5605, electronic mail barnett.keith@epa.gov.

SUPPLEMENTARY INFORMATION: An electronic copy of today's notice is available on the Worldwide Web through the Technology Transfer Network (TTN). Following the Assistant Administrator's signature, a copy of this notice will be posted on the TTN's policy and guidance page for newly proposed or promulgated rules at <http://www.epa.gov/ttn/oarpg>. In addition, electronic versions of all these proposed NESHAP that are affected by this notice are also currently available on the TTN at <http://www.epa.gov/ttn/oarpg/new.html>. The TTN provides information and technology exchange in various areas of air pollution control. If more information regarding the TTN is needed, call the TTN HELP line at (919) 541-5384.

In accordance with section 112(e)(1) of the Clean Air Act (CAA), EPA issued a schedule for promulgation of NESHAP that specified that the NESHAP for Stationary Combustion Turbines, Surface Coating of Metal Cans, and Primary Magnesium Refining were to be promulgated as final rules by November 15, 2000. We are now considerably past that date. In addition, the requirements of section 112(j) of the CAA specify that all sources in these source categories must submit permit applications for case-by-case determinations of the maximum achievable emissions reductions of hazardous air pollutants in the absence of a final rule. It is imperative that these proposed rules be finalized as soon as possible to avoid the unnecessary expenditure of resources by affected sources and permitting authorities.

The proposed NESHAP were signed by the Administrator on November 26, 2002, and were available on the TTN on the same day. Therefore, the proposed NESHAP have been widely available to the public since that time. We do not anticipate that any of the proposed NESHAP will be published in the **Federal Register** prior to December 26, 2002. If we allow a comment period of 30 days from actual publication in the **Federal Register**, the proposed NESHAP will still have been widely available to the public for 60 days or more.

Dated: December 20, 2002.

Jeffrey R. Holmstead,

Assistant Administrator for Air and Radiation.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 281**

[FRL-7434-2]

Pennsylvania Approval of Underground Storage Tank Program

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule; notice of tentative determination on Pennsylvania's application for approval of its Underground Storage Tank Program, public hearing and public comment period.

SUMMARY: The Commonwealth of Pennsylvania (Commonwealth or State) has applied for approval of its underground storage tank (UST) program under subtitle I of the Resource Conservation and Recovery Act (RCRA). The Environmental Protection Agency (EPA) has reviewed the State's application and has made the tentative determination that the State's UST program satisfies all of the requirements necessary to qualify for approval. The State's application for approval is available for public review and comment. A public hearing will be held to solicit comments on the application unless insufficient public interest is expressed.

DATES: Unless insufficient public interest is expressed in holding a hearing, a public hearing will be held on February 19, 2003. However, EPA reserves the right to cancel the public hearing if sufficient public interest in a hearing is not communicated to EPA in writing by February 13, 2003. EPA will determine by February 14, 2003, whether there is sufficient interest to warrant a public hearing. The State will participate in any public hearing held by EPA on this subject. All written comments on the State's application for program approval must be received by February 13, 2003.

ADDRESSES: Copies of the State's application for program approval are available between 8:30 a.m. to 4 p.m. at the following locations for inspection and copying:

Location: Pennsylvania Department of Environmental Protection, Division of
