time if such action is consistent with the protection of investors and the public interest. The PCX has requested that the Commission waive the five-day prefiling requirement and the 30-day operative delay.

The Commission believes that waiving the five-day pre-filing provision and the 30-day operative delay is consistent with the protection of investors and the public interest.9 Waiving the pre-filing requirement and accelerating the operative date will provide investors increased liquidity. Further, the Commission notes that on January 21, 2003 it approved a similar proposed rule change submitted by the International Securities Exchange, Inc. ("ISE"), which requires ISE quotations to be firm for published sizes for all orders entered by ISE members regardless of whether the orders are for the accounts of customers or brokerdealers.¹⁰ For these reasons, the Commission designates that the proposed rule change has become effective and operative immediately.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Exchange Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the PCX. All submissions should refer to File No. SR-PCX-2003-12 and should be submitted by April 29, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority. 11

Deputy Secretary.
