

conference room of the BLM Bakersfield Field Office, 3801 Pegasus Avenue, Bakersfield, CA. On October 3, the council will discuss the Sustaining Working Landscapes initiative and will receive public comment beginning at 3 p.m. On October 4, the council will continue discussion on Sustaining Working Landscapes. Other Central California land management issues will be discussed as time allows.

FOR FURTHER INFORMATION CONTACT: For Northwest and Northeast Advisory Councils, contact BLM Public Affairs Officer Jeff Fontana, Eagle Lake Field Office, Susanville, CA, (530) 252-5332.

California Desert District Advisory Council, contact BLM Public Affairs Officer Doran Sanchez, California Desert District Office, Moreno Valley, CA, (909) 697-5220.

Central California Resource Advisory Council, contact BLM Folsom Field Office Manager Deane Swickard, or Community Planner John Scull at (916) 985-4474.

SUPPLEMENTARY INFORMATION: The members of the councils advise the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management in California. At these meetings, the major agenda topics will be the Sustaining Working Landscapes initiative in which the Bureau is considering new management approaches intended to promote better partnerships with grazing permittees, advance the long-term health and productivity of the public lands, provide for sustainable ranching and improve BLM's business practices. The councils will discuss the initiative and receive public comments. All meetings are open to the public. Members of the public may present written comments to the council. Each formal council meeting will have time allocated for public comments. Depending on the number of persons wishing to speak, and the time available, the time for individual comments may be limited. Individuals who plan to attend and need special assistance, such as sign language interpretation and other reasonable accommodations, should contact the BLM as provided above.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Inventory Completion: Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains in the possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA. The human remains were removed from Middlesex and Worcester Counties, MA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by Peabody Museum of Archaeology and Ethnology professional staff in consultation with officials of Nipmuc Nation (a nonfederally recognized Indian group) and Wampanoag Repatriation Confederation, representing Wampanoag Tribe of Gay Head (Aquinnah), Mashpee Wampanoag Indian Tribe (a nonfederally recognized Indian group), and Assonet Band of the Wampanoag Nation (a nonfederally recognized Indian group).

In 1878, human remains representing one individual were collected by A.F. Aldrich from Uxbridge, Worcester County, MA, and were donated by Mr. Aldrich to the Peabody Museum of Archaeology and Ethnology. No known individual was identified. No associated funerary objects are present.

Osteological characteristics indicate that the individual is Native American. Museum documentation indicates that a tin box containing cloth and a thimble were located with the human remains; these objects date the interment to the Historic or Contact periods (post-A.D. 1500). The objects are not in the possession of the Peabody Museum of Archaeology and Ethnology and their location is unknown. Archeological, historical, and ethnographic sources, along with consultation with regional

Native American groups, indicate that this region of Massachusetts was the aboriginal homelands of the Nipmuc Nation during the Historic and Contact periods.

In 1890, human remains representing one individual were collected by Adams Tolman from Concord, Middlesex County, MA, and were donated by Mr. Tolman to the Peabody Museum of Archeology and Ethnology. No known individual was identified. No associated funerary objects are present.

Osteological characteristics indicate that the individual is Native American. The pattern of copper stains present on the human remains indicates that they were interred sometime after European contact (circa A.D. 1500). Archeological, historical, and ethnographic sources, along with consultation with regional Native American groups, indicate that during the Historic and Contact periods this area of Massachusetts was the border region between the Nipmuc Nation and the Massachusetts people. Because there is no known present-day tribe representing the Massachusetts people, shared group identity may be reasonably traced only to the Nipmuc Nation.

The Peabody Museum of Archaeology and Ethnology has determined that the human remains described in this notice cannot be affiliated with an Indian tribe according to the definition of cultural affiliation at 25 U.S.C. 3001 (2), and are considered culturally unidentifiable. According to the Native American Graves Protection and Repatriation Review Committee's charter, the Review Committee is responsible for recommending specific actions for disposition of culturally unidentifiable human remains. In October 1998, the Peabody Museum of Archaeology and Ethnology presented a disposition proposal to the Review Committee to repatriate two culturally unidentifiable human remains to the Nipmuc Nation. The proposal was considered by the Review Committee at its December 1998 meeting.

The Review Committee recommended disposition of the human remains to the Nipmuc Nation contingent upon the museum's meeting two requirements. A January 11, 2000, letter from the National Park Service to the Peabody Museum of Archaeology and Ethnology requested that the museum publish a Notice of Inventory Completion in the Federal Register, and that it consider documentation compiled as part of the inventory process as public information and available for educational and scientific uses. The two requirements will have been met with the publication of this notice in the Federal Register.

Officials of the Peabody Museum of Archaeology and Ethnology have determined that, pursuant to 25 U.S.C. 3001 (9-10), the human remains described above represent the physical remains of two individuals of Native American ancestry. Officials of the Peabody Museum of Archaeology and Ethnology also have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Nipmuc Nation.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the human remains should contact Diana Loren, Acting Repatriation Coordinator, Peabody Museum of Archaeology and Ethnology, Harvard University, 11 Divinity Avenue, Cambridge, MA 02138, telephone (617) 495-4125, before September 2, 2003. Repatriation of the human remains to the Nipmuc Nation may proceed after that date if no additional claimants come forward.

Peabody Museum of Archeology and Ethnology is responsible for notifying Nipmuc Nation (a nonfederally recognized Indian group) and Wampanoag Repatriation Confederation, representing Wampanoag Tribe of Gay Head (Aquinnah), Mashpee Wampanoag Indian Tribe (a nonfederally recognized Indian group), and Assonet Band of the Wampanoag Nation (a nonfederally recognized Indian group) that this notice has been published.

Dated: May 29, 2003.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection for 1029-0115, 1029-0116, and 1029-0117

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request approval for the collections of information for 30 CFR parts 773, 774 and 778.

DATES: Comments on the proposed information collection must be received

by September 30, 2003, to be assured of consideration.

ADDRESSES: Comments may be mailed to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave., NW., Room 210—SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To request a copy of the information collection request, explanatory information and related forms, contact John A. Trelease, at (202) 208-2783 or at the e-mail address listed above.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d)). This notice identifies information collections that OSM will be submitting to OMB for extension. These collections are contained in 30 CFR part 773 (Requirements for permits and permit processing), part 774 (Revision; Renewal; and Transfer, Assignment, or Sale of Permit Rights), and part 778 (Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information).

OSM has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on reestimates of burden or respondents. OSM will request a 3-year term of approval for each information collection activity.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will be included in OSM's submissions of the information collection requests to OMB.

The following information is provided for each information collection: (1) Title of the information collection; (2) OMB control number; (3) summary of the information collection activity; and (4) frequency of collection, description of the respondents, estimated total annual responses, and the total annual reporting and recordkeeping burden for the collection of information.

Title: Requirements for Permits and Permit Processing, 30 CFR 773.

OMB Control Number: 1029-0115.

Summary: The collection activities for this part ensure that the public has the opportunity to review permit applications prior to their approval, and that applicants for permanent program permits or their associates who are in violation of the Surface Mining Control and Reclamation Act do not receive surface coal mining permits pending resolution of their violations.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: Applicants for surface coal mining and reclamation permits and State governments and Indian Tribes.

Total Annual Responses: 324.

Total Annual Burden Hours: 11,058.

Title: Revisions; Renewals; and Transfer, Assignment, or Sale of Permit Rights—30 CFR 774.

OMB Control Number: 1029-0116.

Summary: Sections 506 and 511 of Public Law 95-87 provide that persons seeking permit revisions, renewals, transfer, assignment, or sale of their permit rights for coal mining activities submit relevant information to the regulatory authority to allow the regulatory authority to determine whether the applicant meets the requirements for the action anticipated.

Bureau Form Number: None.

Frequency of Collection: On occasion.

Description of Respondents: Surface coal mining permit applicants and State regulatory authorities.

Total Annual Responses: 6,498.

Total Annual Burden Hours: 49,164.

Title: Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information—30 CFR 778.

OMB Control Number: 1029-0117.

Summary: Section 507(b) of Public Law 95-87 provides that persons conducting coal mining activities submit to the regulatory authority all relevant information regarding ownership and control of the property affected, their compliance status and history. This information is used to insure all legal, financial and compliance requirements are satisfied prior to issuance or denial of a permit.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: Surface coal mining permit applicants and State regulatory authorities.

Total Annual Responses: 301.

Total Annual Burden Hours: 6,436.
