DATES: There will be one application deadline for the COPS in Schools (CIS) program in 2003: June 13, 2003. All applications must be postmarked on or before the final deadline date of June 13, 2003, to be considered for funding. All grant awards are subject to the availability of funding. Previous editions of the COPS in Schools application developed prior to March 20, 2003, will not be accepted.

ADDRESSES: To obtain a copy of the CIS 2003 Application Kit please call the U.S. Department of Justice Response Center at 1.800.421.6770 or visit the COPS Web site at <http://www.cops.usdoj.gov>.

FOR FURTHER INFORMATION CONTACT: Please contact the U.S. Department of Justice Response Center at 1.800.421.6770 or your COPS Grant Program Specialist. Additional information on the COPS in Schools program and the COPS Office in general is also available on the COPS Web site at: <http://www.cops.usdoj.gov>.

Overview: The Violent Crime Control and Law Enforcement Act of 1994 (Pub. L. 103-322) authorizes the Department of Justice to make grants to increase deployment of law enforcement officers to increase or enhance community policing in this nation. Many communities are discovering that trained, sworn law enforcement officers assigned to schools play an integral part in the development and/or enhancement of a comprehensive school safety plan. The presence of these officers provides schools with a direct link to local law enforcement agencies. School Resource Officers (SROs) may serve in a variety of roles including, but not limited to, that of a law enforcement officer/safety specialist, law-related educator, and problem solver/community liaison. These officers may teach programs such as crime prevention, substance abuse prevention, and gang resistance as well as monitor and assist troubled students through mentoring programs. The School Resource Officer(s) may also identify physical changes in the environment that may reduce crime in and around the schools, as well as assist in developing school policies which address criminal activity and school safety.

COPS in Schools funding must be used to hire new, additional School Resource Officers, over and above the number of sworn officers that your agency would fund with State or local funds in the absence of the grant (including other School Resource

Officers). Your agency may not reduce its State, locally-funded or Bureau of Indian Affairs funded level of sworn officers (including other School Resource Officers or other sworn officers assigned to the schools) as a result of applying for or receiving COPS in Schools grant funding. For example, agencies currently employing one locally-funded School Resource Officer (or any other officer assigned to the school) that are awarded a School Resource Officer under the COPS in Schools program should thereafter employ two School Resource Officers (one locally-funded and one COPS-funded). COPS in Schools funding may be used to rehire sworn officers previously employed by your agency who have been laid off for financial reasons unrelated to the availability of the COPS in Schools grant, but your agency must obtain prior written approval from the COPS Office.

At the time of application, all applicants must agree to plan for the retention of each COPS-funded COPS in Schools position awarded at the conclusion of federal funding for at least one full local budget cycle with local, state or other non-COPS funding. The application must also include a Memorandum of Understanding (MOU), signed by the law enforcement executive and the appropriate school official(s), to document the roles and responsibilities to be undertaken by the law enforcement agency and the educational school partner(s) through this collaborative effort. The application must also include a Narrative Addendum to document that the School Resource Officer(s) will be assigned to work in and around primary or secondary schools and provide supporting documentation in the following areas: problem identification and justification, community policing strategies to be used by the officers, quality and level of commitment to the effort, and the link to community policing.

All agencies receiving awards through the COPS in Schools program are required to send the officers(s) deployed into the School Resource Officer position(s) as a result of this grant, and one individual designated as the School Representative under the grant program, to attend one COPS in Schools Training. The COPS Office will reimburse grantees for training, *per diem*, travel, and lodging costs for attendance of required participants up to a maximum of \$1,200 per person attending. Should your agency receive a COPS in Schools grant, your agency will receive additional training information following notification of the grant

award. The COPS in Schools training requirement must be completed prior to the end of your 36 months of grant funding for officer positions.

The Catalog of Federal Domestic Assistance (CFDA) reference for this program is 16.710.

Dated: April 10, 2003.

Mine Safety and Health Administration

Petitions for Modification

The following parties have filed petitions to modify the application of

existing safety standards under section 101(c) of the Federal Mine Safety and Health Act of 1977.

1. Clintwood Elkhorn Mining Company

[Docket No. M-2003-018-C]

Clintwood Elkhorn Mining Company, PO Box 196, Hurley, Virginia 24620 has filed a petition to modify the application of 30 CFR 77.214(a) (Refuse piles; general) to its Clintwood Elkhorn III Mine (MSHA I.D. No. 44-03010) located in Buchanan County, Virginia. The petitioner requests a modification of the existing standard to allow construction of a refuse fill to cover abandoned mine openings in the Blair seam at the Clintwood Elkhorn Mining Company, Cedar Branch Refuse area, MSHA Site I.D. #1211VA50120-82. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

2. Consol of Pennsylvania Coal Company

[Docket No. M-2003-024-C]

Consol of Pennsylvania Coal Company, CONSOL Energy, Inc., 1800 Washington Road, Pittsburgh, Pennsylvania 15241 has filed a petition to modify the application of 30 CFR 77.516 (Electric wiring and equipment; installation and maintenance) to its Enlow Fork Mine (MSHA I.D. No. 36-07416) located in Greene County, Pennsylvania. The petitioner proposes to use an electric heater in a thermal flow reversal reactor to oxidize the methane in mine ventilation air. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

3. Speed Mining, Inc.

[Docket No. M-2003-025-C]

Speed Mining, Inc., PO Box 1083, Beckley, West Virginia 25802 has filed a petition to modify the application of 30 CFR 75.1700 (Oil and gas wells) to its American Eagle Mine (MSHA I.D. No. 46-05437) located in Kanawha County, West Virginia. The petitioner proposes to drill out the oil and/or gas well as specified in its previous petition, docket number M-2001-041-C, and to pump cement to 50 feet above the eagle seam. The rest of the borehole will be left open to utilize degasification of methane out of the longwall gob, after the longwall has intersected the well. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

4. Dickenson-Russell Coal Company, LLC

[Docket No. M-2003-026-C]

Dickenson-Russell Coal Company, PO Box 573, Abingdon, Virginia 24212-0573 has filed a petition to modify the application of 30 CFR 77.215-2(b) (Refuse piles; reporting requirements) to its Roaring Fork #3 Mine (MSHA I.D. No. 44-06975) located in Dickenson County, Virginia. The petitioner requests a modification of the existing standard and review and approval of a report for the Roaring Fork #3 Scalped Rock Disposal Area, MSHA Site I.D. #1211-VA5-0203-01. The petitioner proposes to expand the Roaring Fork #3 Scalped Rock Disposal to place scalped rock over existing Upper Banner Mine workings. The petitioner states that all organic and topsoil material will be cleared from the proposed fill area prior to placement of scalped rock. The petitioner has listed specific procedures that would be followed prior to placement of scalped rock over mine workings. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

Request for Comments

Persons interested in these petitions are encouraged to submit comments via e-mail to comments@msha.gov, or on a computer disk along with an original hard copy to the Office of Standards, Regulations, and Variances, Mine Safety and Health Administration, 1100 Wilson Boulevard, Room 2352, Arlington, Virginia 22209. All comments must be postmarked or received in that office on or before June 23, 2003. Copies of these petitions are available for inspection at that address.

Dated at Arlington, Virginia this 17th day of April 2003.
