Standard Paragraph

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number filed to access the document. For assistance, call (202) 502-8222 or TTY, (202) 502-8659. Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The

Commission strongly encourages electronic filings.

[Project No. 2210-087]

Appalachian Power Company; Notice of Availability of Environmental Assessment

September 15, 2003.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the staff of the Office of Energy Projects has prepared an Environmental Assessment (EA) for an application requesting Commission approval to permit Willard Construction of Roanoke Valley, Inc. (permittee) to install and operate four stationary docks with 12 covered boat slips and two floating docks each for a total of forty-eight boat slips and eight floating slips at South Pointe Condominiums at The Waterfront. No dredging is planned as part of this proposal. The Smith Mountain Project is located on the Roanoke and Blackwater Rivers in Bedford, Campbell, Pittsylvania, Franklin, and Roanoke Counties, Virginia.

The EA contains the staff's analysis of the potential environmental impacts of the proposal and concludes that approval of the proposal would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (prefaced by P-) and excluding the last three digits, in the docket number field to access the document. For assistance, call (202) 502-8222 or (202) 502-8659 (for TTY).

For further information, contact Heather Campbell at 202-502-6182.
