

The major expenditures recommended by the Board for the 2002–2003 fiscal period include \$85,000 for meetings, \$170,000 for compliance, \$185,000 for personnel, \$80,000 for office expenses, and \$2,500 for industry educational efforts. Budgeted expenses for those items in 2001–2002 were \$80,000 for meetings, \$100,000 for compliance, \$185,000 for personnel, \$75,000 for office expenses, and \$2,500 for industry educational efforts, respectively.

The Board discussed the alternative of continuing the existing assessment rates, but concluded that would cause the amount in the operating reserve to be reduced to an unacceptable level.

The principal demand for tart cherries is in the form of processed products. Tart cherries are dried, frozen, canned, juiced, and pureed. Data from the National Agricultural Statistics Service (NASS) states that during the period 1995/96 through 2002/03, approximately 92 percent of the U.S. tart cherry crop, or 285.7 million pounds, was processed annually. Of the 285.7 million pounds of tart cherries processed, 58 percent was frozen, 30 percent was canned, and 12 percent was utilized for juice.

Based on NASS data, acreage in the United States devoted to tart cherry production has been trending downward. Since 1987/88 tart cherry bearing acres have decreased from 50,050 acres, to 36,900 acres in the 2002/03 crop year. In 2002/03, 93 percent of domestic tart cherry acreage was located in four States: Michigan, New York, Utah, and Wisconsin. Michigan leads the nation in tart cherry acreage with 74 percent of the total production. Michigan produces about 75 percent of the U.S. tart cherry crop each year. Tart cherry acreage in Michigan decreased from 28,500 acres in 2000–2001, to 27,400 acres in 2002–2003.

A review of historical information and preliminary information pertaining to the 2002–2003 fiscal period indicates that the grower price could range between \$0.448 and \$0.45 cents per pound of tart cherries. This is a high price due to the short crop this year. Therefore, the estimated assessment revenue for the 2002–2003 fiscal period as a percentage of total grower revenue could be less than one-half of one percent.

While this action will impose additional costs on handlers, the costs are in the form of assessments which are applied uniformly. Some of the costs may also be passed on to producers. However, these costs are offset by the benefits derived from the operation of

the marketing order. The Board's meeting was widely publicized throughout the tart cherry industry and all interested persons were invited to attend the meeting and participate in Board deliberations on all issues. Like all Board meetings, the January 24, 2002, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. Finally, interested persons were invited to submit information on the regulatory and informational impacts of this action on small businesses.

This action will impose no additional reporting or recordkeeping requirements on either small or large tart cherry handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab/html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 10-day comment period is provided to allow interested persons to respond to this proposed rule. Ten days is deemed appropriate because: (1) The 2002–2003 fiscal period began on July 1, 2002, and ends on June 30, 2003, and the marketing order requires that the rates of assessment for each fiscal period apply to all assessable tart cherries handled during such fiscal period; (2) the Board needs the funds to operate the program; and (3) handlers are aware of this action which was unanimously recommended by the Board at a public meeting. All written comments timely received will be considered before a final determination is made on this matter.

List of Subjects in 7 CFR Part 930

Marketing agreements, Reporting and recordkeeping requirements, Tart cherries.

For the reasons set forth in the preamble, 7 CFR part 930 is proposed to be amended as follows:

PART 930—TART CHERRIES GROWN IN THE STATES OF MICHIGAN, NEW YORK, PENNSYLVANIA, OREGON, UTAH, WASHINGTON, AND WISCONSIN

1. The authority citation for 7 CFR part 930 continues to read as follows:

Authority: 7 U.S.C. 601–674.

2. Section 930.200 is revised to read as follows:

§ 930.200 Handler assessment rate.

On and after July 1, 2002, the assessment rate imposed on handlers shall be \$0.0019 per pound of cherries handled for tart cherries grown in the production area.

Dated: May 16, 2003.

Kenneth C. Clayton,

Acting Administrator, Agricultural Marketing Service.

BILLING CODE 3410–02–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA 2003–15124; Airspace Docket No. 03–ASO–5]

Proposed Amendment of Class E5 Airspace; Augusta, GA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to amend Class E5 airspace at Augusta, GA. A Area Navigation (RNAV) Global Positioning System (GPS) Runway (RWY) 17 Standard Instrument Approach Procedure (SIAP) to Augusta Regional at Bush Field Airport has been developed. Additionally, it has been determined a modification should be made to the Augusta, GA, Class E5 airspace area to contain the Nondirectional Radio Beacon (NDB) or GPS RWY 17 SIAP to Augusta Regional at Bush Field Airport. Controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain these SIAPs.

DATES: Comments must be received on or before June 23, 2003.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590–0001. You must identify the docket number FAA–2003–15124/ Airspace Docket No. 03–ASO–5, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal

holidays. The Docket office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, Federal Aviation Administration, Room 550, 1701 Columbia Avenue, College Park, Georgia 30337.

FOR FURTHER INFORMATION CONTACT: Walter R. Cochran, Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5627.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-15125/Airspace Docket No. 03-ASO-5." The postcard will be date/time stamped and returned to the commenter. All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed on the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov> or the Superintendent of Document's Web

page at <http://www.access.gpo.gov/nara>. Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to amend Class E5 airspace at Augusta, GA. Class E airspace designations for airspace areas designated as airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration

proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9K, Airspace Designations and Reporting Points, dated August 30, 2002, and effective September 16, 2002, is amended as follows: Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.
