

at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

In addition, under an MOU signed in December 1990 with DOE, and replaced by an MOU signed in 2000, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. HHS has delegated program responsibility to CDC. Community Involvement is a critical part of ATSDR's and CDC's energy-related research and activities, and input from members of the ICHHP is part of these efforts. The ICHHP will work with the HHES to provide input on American Indian health effects at the Hanford site.

Purpose: The purpose of this meeting is to address issues that are unique to tribal involvement with the HHES, and agency updates.

Matters To Be Discussed: Agenda items will include a dialogue on issues that are unique to tribal involvement with the HHES. This will include presentations and discussions on each tribal member's respective environmental health activities, and agency updates.

Agenda items are subject to change as priorities dictate.

For Further Information Contact: Alan Crawford, Executive Secretary, or Marilyn Palmer, Committee Management Specialist, Division of Health Assessment and Consultation, ATSDR, 1600 Clifton Road, NE M/S E-32, Atlanta, Georgia 30333, telephone 1-888-42-ATSDR (28737), fax 404-498-1744.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and ATSDR.

Dated: July 1, 2003.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Toxic Substances and Disease Registry

Citizens Advisory Committee on Public Health Service (PHS) Activities and Research at Department of Energy (DOE) Sites: Hanford Health Effects Subcommittee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

Name: Citizens Advisory Committee on PHS Activities and Research at DOE Sites: Hanford Health Effects Subcommittee (HHES).

Time and Date: 8 a.m.-5:30 p.m., August 7, 2003.

Place: Tamastlikt Cultural Institute, Umatilla Indian Reservation, 72779 Highway 331, Pendleton, Oregon 97801. Telephone: (541) 276-0355.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 100 people.

Background: A Memorandum of Understanding (MOU) was signed in October 1990 and renewed in September 2000 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles. In addition, under an MOU signed in December 1990 with DOE, and replaced by an MOU signed in 2000, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. HHS has delegated program responsibility to CDC.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, regarding community, American Indian Tribes, and labor concerns pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to receive an update from the Inter-tribal Council on

Hanford Health Projects; to review and approve the minutes of the previous meeting; to receive updates from ATSDR/NCEH and NIOSH; to receive reports from the Outreach, Public Health Assessment, Public Health Activities, and Health Studies Workgroups; and to address other issues and topics, as necessary.

Matters To Be Discussed: Agenda items include a presentation from the American College of Preventative Medicine, Updates from the Health Studies, Public Health Assessment, Outreach, and Public Health Activities Workgroups, and agency updates.

Agenda items are subject to change as priorities dictate.

For Further Information Contact: French Bell, Executive Secretary, or Marilyn Palmer, Committee Management Specialist, Division of Health Assessment and Consultation, ATSDR, 1600 Clifton Road, NE M/S E-32, Atlanta, Georgia 30333, telephone 1-888-42-ATSDR (28737), fax 404/498-1744.

The Director, Management Analysis and Services Office has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and ATSDR.

Dated: July 1, 2003.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Agency for Toxic Substances and Disease Registry

Citizens Advisory Committee on Public Health Service (PHS) Activities and Research at Department of Energy (DOE) Sites: Oak Ridge Reservation Health Effects Subcommittee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

Name: Citizens Advisory Committee on PHS Activities and Research at DOE Sites: Oak Ridge Reservation Health Effects Subcommittee (ORRHES).

Time and Date: 12 p.m.-6 p.m., August 26, 2003.

Place: DOE Information Center, 475 Oak Ridge Turnpike, Oak Ridge, Tennessee, 37830. Telephone: (865) 241-4780.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: A Memorandum of Understanding (MOU) was signed in October 1990 and renewed in September 2000 between ATSDR and DOE. The MOU

delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles. In addition, under an MOU signed in December 1990 with DOE, and replaced by an MOU signed in 2000, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. HHS has delegated program responsibility to CDC.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, pertaining to CDC's and ATSDR's public health activities and research at this DOE site. Activities focus on providing the public with a vehicle to express concerns and provide advice and recommendations to CDC and ATSDR. The purpose of this meeting is to receive updates from ATSDR and CDC, and to address other issues and topics, as necessary.

Matters To Be Discussed: The agenda includes a discussion of the public health needs assessment, updates from the Public Health Assessment, Public Health Needs Assessment, and Outreach and Communications Workgroup.

Agenda items are subject to change as priorities dictate.

For Further Information Contact: Lorine Spencer, Designated Federal Official, or Marilyn Palmer, Committee Management Specialist, Division of Health Assessment and Consultation, ATSDR, 1600 Clifton Road, NE., M/S E-32, Atlanta, Georgia 30333, telephone 1-888-42-ATSDR (28737), fax 404/498-1744.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and ATSDR.

Dated: July 1, 2003.

[Program Announcement 03064]

Expansion of HIV/AIDS/TB Care and Prevention Activities Among People With HIV/AIDS in the Republic of Uganda; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2003 funds for a cooperative agreement program to strengthen tuberculosis prevention and treatment, and expand other HIV/AIDS prevention, diagnostic and care programs in Uganda, including to promote healthy behavior choices for young people. The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to The AIDS Support Organization (TASO) Uganda. No other applications are solicited.

There is limited, large-scale HIV/AIDS care and support experience in Uganda. TASO is the only HIV-care provider in Uganda that works in several different areas of the country, both rural and urban settings, and has both home-based and clinic-based activities. It currently has 20,000 clients with HIV, more than 400 percent more than the next largest HIV specialist organization. TASO is the only organization in Uganda with demonstrated experience in administering individual- and group-focused HIV prevention programs on a large scale. TASO has over ten years of experience with HIV care programs involving psychosocial support, management of opportunistic infections, and TB care. TASO is the only organization in Uganda with experience implementing large-scale cotrimoxazole prophylaxis programs and a safe-water vessel program among rural communities—two critically important components of the proposed cooperative agreement. Lastly, TASO is the only significant provider of health care services for people living with HIV/AIDS in the rural Tororo area where CDC's HBAC project is to be implemented. Data has already been collected on baseline morbidity and mortality among a proportion of TASO clients as part of a diarrhea prevention study and this is the only population in Uganda with which HBAC could be

implemented and provide the necessary information for evaluation of its effectiveness.

CDC has worked with TASO previously to establish a computerized information system at their seven centers, and on pilot programs for cotrimoxazole prophylaxis and safe water vessel use. This cooperative agreement will allow improved services for all of TASO clients including those at TASO-Tororo, which will enhance the project. If found successful, the HBAC program could be more rapidly and cost-effectively implemented throughout Uganda using existing TASO structures because of the experience of working on HBAC with CDC.

C. Funding

Approximately \$750,000 is available in FY 2003 to fund this award. It is expected that the award will begin on or before September 1, 2003, and will be made for a 12-month budget period within a project period of up to three years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-2700.

For technical questions about this program, contact: Jonathan Mermin, Global AIDS Program (GAP), Uganda Country Team, National Center for HIV, STD and TB Prevention, Centers for Disease Control and Prevention, PO Box 49, Entebbe, Uganda. Telephone: +256-410320776. E-mail: jhm7@cdc.gov.

Dated: July 1, 2003.

Sandra R. Manning,

Director, Procurement and Grants Office, Centers for Disease Control and Prevention.
