FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Automobile Concepts, Inc. of North Miami, Florida ("AMC") (Registered Importer 01-278) has petitioned NHTSA to decide whether 2000 Ford F150 pickup trucks manufactured in the United States for export to foreign markets are eligible for importation into the United States. The vehicles which AMC believes are substantially similar are 2000 Ford F150 pickup trucks that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 2000 Ford F150 pickup trucks to their U.S.-

certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

AMC submitted information with its petition intended to demonstrate that non-U.S. certified 2000 Ford F150 pickup trucks, as originally manufactured, conform to many Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2000 Ford F150 pickup trucks are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 102 *Transmission Shift Lever Sequence*, 103 *Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 105 *Hydraulic and Electric Brake Systems*, 106 *Brake Hoses*, 108 *Lamps, Reflective Devices and Associated Equipment*, 113 *Hood Latch Systems*, 114 *Theft Protection*, 116 *Brake Fluid*, 118 *Power Window Systems*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 124 *Accelerator Control Systems*, 201 *Occupant Protection in Interior Impact*, 202 *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Retention*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

The petitioner also contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 Controls and Displays: replacement of the instrument cluster with a U.S.-model component so that the speedometer reads in miles per hour.

Standard No. 120 Tire Selection and Rims: installation of a tire information placard.

Standard No. 208 Occupant Crash Protection: inspection of all vehicles and replacement of any seat belts, air bag control units, air bags, and knee bolsters with U.S.-model components on vehicles that are not already so equipped. Petitioner states that the vehicle should be equipped with an automatic restraint system consisting of driver's and passenger's air bags and knee bolsters, air bag crash sensors, and an air bag control unit. Petitioner also states that the vehicle should be equipped with combination lap and

shoulder belts that are self-tensioning and that release by means of a single red pushbutton. Petitioner further states that the vehicle is equipped with a seat belt warning lamp identical to that on the vehicle's U.S.-certified counterpart.

The petitioner also states that a vehicle identification plate must be affixed to the vehicle near the left windshield post and a reference and certification label must be affixed to the edge of the driver's side door or to the latch post nearest the driver to meet the requirements of 49 CFR Part 565. In addition, a certification label must be affixed to the driver's side doorjamb to meet the requirements of 49 CFR Part 567.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: December 9, 2003.

Kenneth N. Weinstein,

Associate Administrator for Enforcement.

[Docket No. NHTSA-2003-16672]

Notice of Receipt of Petition for Decision That Nonconforming 2003 Saab 9.3 Passenger Cars Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice of receipt of petition for decision that nonconforming 2003 Saab 9.3 passenger cars are eligible for importation.

SUMMARY: This document announces receipt by the National Highway Traffic

Safety Administration (NHTSA) of a petition for a decision that 2003 Saab 9.3 passenger cars that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because (1) They are substantially similar to vehicles that were originally manufactured for importation into and sale in the United States and that were certified by their manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

DATES: The closing date for comments on the petition is January 14, 2004.

ADDRESSES: Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]. Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the

petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

J.K. Technologies of Baltimore, Maryland ("J.K.") (Registered Importer 90-006) has petitioned NHTSA to decide whether 2003 Saab 9.3 passenger cars are eligible for importation into the United States. The vehicles which J.K. believes are substantially similar are 2003 Saab 9.3 passenger cars that were manufactured for importation into, and sale in, the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 2003 Saab 9.3 passenger cars to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

J.K. submitted information with its petition intended to demonstrate that non-U.S. certified 2003 Saab 9.3 passenger cars, as originally manufactured, conform to many Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2003 Saab 9.3 passenger cars are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 102 *Transmission Shift Lever Sequence*, 103 *Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 105 *Hydraulic Brake Systems*, 106 *Brake Hoses*, 109 *New Pneumatic Tires*, 113 *Hood Latch Systems*, 114 *Theft Protection*, 116 *Brake Fluid*, 118 *Power-Operated Window Systems*, 124 *Accelerator Control Systems*, 201 *Occupant Protection in Interior Impact*, 202 *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Retention*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 225 *Child Restraint Anchorage Systems*, 301 *Fuel System Integrity*, 302 *Flammability of Interior Materials*, and 401 *Interior Trunk Release*.

Petitioner states that the vehicles also comply with the Bumper Standard found at 49 CFR part 581.

Petitioner also contends that the vehicles are capable of being readily

altered to meet the following standards, in the manner indicated:

Standard No. 101 Controls and Displays: reprogramming of the instrument cluster to comply with the requirements of this standard.

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: installation of U.S.-model front sidemarker lamps.

Standard No. 110 Tire Selection and Rims: installation of a tire information placard.

Standard No. 111 Rearview Mirror: inscription of the required warning statement on the passenger side rearview mirror, or replacement of that mirror with a U.S.-model component.

Standard No. 208 Occupant Crash Protection: inspection of all vehicles to ensure that the front and rear seat belts are U.S.-model components and installation of those components in vehicles that are not already so equipped. The petitioner states that the vehicles comply with the standard in all other respects.

The petitioner states that all vehicles must be inspected to ensure compliance with the Theft Prevention Standard at 49 CFR part 541, and that anti-theft markings must be added to vehicles that are not already so marked.

The petitioner also states that a vehicle identification plate must be affixed to the vehicles near the left windshield post and a reference and certification label must be affixed in the area of the left front door post to meet the requirements of 49 CFR Part 565.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2003-16656; Notice 1]

Hyundai America Technical Center, Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

Hyundai America Technical Center, Inc. (Hyundai), has determined that the rims on certain vehicles that it produced in 2000 through 2003 do not comply with S5.2(a) and S5.2(c) of 49 CFR 571.120, Federal Motor Vehicle Safety Standard (FMVSS) No. 120, "Tire selection and rims for motor vehicles other than passenger cars." Hyundai has filed an appropriate report pursuant to 49 CFR Part 573, "Defect and Noncompliance Reports."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Hyundai has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Hyundai's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Affected are a total of approximately 250,348 model year 2001, 2002, 2003 and 2004 Hyundai Santa Fe 4-door multipurpose passenger vehicles produced between March 31, 2000 and October 1, 2003. S5.2 of FMVSS 120, rim marking, requires that each rim be marked with certain information on the weather side, including:

S5.2(a) A designation which indicates the source of the rim's published nominal dimensions, and S5.2(c) The symbol DOT.

The rims installed on the affected vehicles do not contain the markings required by S5.2(a) or S5.2(c).

Hyundai believes that the noncompliance is inconsequential to motor vehicle safety, and that no corrective action is warranted. Hyundai states that the affected rims are 6.5J x 16" aluminum alloy, which are commonly available and utilized in the United States. They are a correct specification for mounting the P225/70R16 tires specified for all Santa Fe models, and are capable of carrying the

GVWR of the vehicle. Hyundai first became aware of this noncompliance of Santa Fe vehicles during a regulatory compliance review during August 2003.

Hyundai states that no accidents or injuries have occurred, and no customer complaints have been received related to the lack of the markings or any problem that may have resulted from the lack of the markings. Hyundai further states that the missing markings do not affect the performance of the wheels or the tire and wheel assemblies.

The rims are marked in compliance with S5.2(b), rim size designation; S5.2(d), manufacturer identification; and S5.2(e), month, day and year or month and year of manufacture. The rims are also marked with the Hyundai part number.

The tire size is marked on the tire sidewalls, and the owner's manual and tire inflation pressure label contain the appropriate tire size to be installed on the original equipment rims. Therefore, Hyundai does not believe there is a possibility of a tire and rim mismatch as a result of the missing rim markings.

Interested persons are invited to submit written data, views, and arguments on the application described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. Mail: Docket Management Facility; U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590-0001. Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC. It is requested, but not required, that two copies of the comments be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal holidays. Comments may be submitted electronically by logging onto the Docket Management System website at <http://dms.dot.gov>. Click on "Help" to obtain instructions for filing the document electronically. Comments may be faxed to 1-202-493-2251, or may be submitted to the Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

The application, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the application is granted or denied, notice of the decision will be published in the **Federal Register**

pursuant to the authority indicated below.

Comment closing date: January 14, 2004.

Authority: (49 U.S.C. 301118, 301120; delegations of authority at CFR 1.50 and 501.8)

Kenneth N. Weinstein,

Associate Administrator for Enforcement.

BILLING CODE 4910-59-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request for Notice 97-64

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). Currently, the IRS is soliciting comments concerning Notice 97-64, Temporary Regulations To Be Issued Under Section 1(h) of the Internal Revenue Code (Applying Section 1(h) to Capital Gain Dividends of RICs and REITs).

DATES: Written comments should be received on or before February 13, 2004 to be assured of consideration.

ADDRESSES: Direct all written comments to R. Joseph Durbala, Internal Revenue Service, room 6411, 1111 Constitution Avenue NW., Washington, DC 20224.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of notice should be directed to Carol Savage at Internal Revenue Service, room 6407, 1111 Constitution Avenue NW., Washington, DC 20224, or at (202) 622-3945, or through the Internet at CAROL.A.SAVAGE@irs.gov.

SUPPLEMENTARY INFORMATION:

Title: Temporary Regulations To Be Issued Under Section 1(h) of the Internal Revenue Code (Applying Section 1(h) to Capital Gain Dividends of RICs and REITs).

OMB Number: 1545-1565.

Notice Number: Notice 97-64.

Abstract: Notice 97-64 describes temporary regulations that will permit Regulated Investment Companies (RICs)
