

for motorists traveling through the project area.

- Support environmental enhancements in coordination with City, State and Federal Agencies.

Alternatives: Various alternatives have already been identified through past studies. The findings of the past studies will be used as a starting point and will be included with new alternatives that will be developed through an extensive public scoping process. The list of alternatives and solutions will be refined throughout the scoping process as the public's comments and suggestions are taken into consideration.

Alternatives identified to date include:

No Action—An analysis of the current infrastructure and the likely state of the area's infrastructure, levels of congestion, *etc.* in the future without any improvements.

Transportation Systems Management—This would provide a strategy to make the most of the current transportation network with minimal capital investment. Emphasis will be placed on operating improvements and strategic upgrades such as the installation of various traffic control devices (*e.g.*, Directional Signs) throughout the corridor.

Build—These includes the long-term alternatives and are more detailed and complex:

- Reconstruction of the Bruckner-Sheridan Interchange to improve highway geometrics in the area adjacent to the Bronx River by creating flyover structures above the Bronx River. This alternative was identified in the Expanded Project Proposal and will be further investigated during the EIS Process.

- Improve Access into and out the Hunts Point Peninsula via Edgewater Road, by reconstructing the southern terminus of the Sheridan Expressway. This alternative was identified in the Expanded Project Proposal and will be further investigated during the EIS Process.

- Construction of Ramps from the Bruckner Expressway at Leggett Avenue at the Bruckner Expressway is also aimed at improved access to the Hunts Point Peninsula. This alternative was identified during past public involvement and will be expanded upon during this process.

- Construction of a road/rail improvement to Hunts Point from Port Morris along the water and rail lines to improve access in and out the Hunts Point Peninsula.

- Deconstruction of the Sheridan Expressway will be investigated as a potential element of some alternatives.

Letters describing the proposed action and soliciting comments will be sent to Federal, State and local agencies, and to private organizations and citizens who have previously expressed interest in this proposal. In addition to scoping discussion with these interested parties, the general public will have the opportunity to make scoping comments both in writing and in person at Public Information/Scoping Meetings that will be held at the Hunts Point Branch Regional Library, 877 Southern Boulevard, Bronx, NY 10459, on March 18, 2003, from 5 p.m. to 9 p.m., and at the Bronx Borough Board Briefing Room, 198 East 161st Street, 2nd Floor, Bronx, NY 10451, on March 20, 2003, from 5 p.m. to 9 p.m. After the DEIS is prepared, it will be available for public and agency review and comment. This will be followed by a public hearing. Public notice will be given of the time and place of the hearing.

To ensure that the full range of issues related to this proposed action area addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action should be directed to the NYSDOT and FHWA at the addresses provided above.

Customs Service

Extension of and Changes to the General Program Test Regarding Post Entry Amendment Processing

AGENCY: Customs Service, Treasury.

ACTION: General notice.

SUMMARY: This document announces that the general program test regarding post entry amendment processing is being extended for a one year period. The document also announces minor modifications to the test: a database enhancement that permits participants to use any Microsoft Word software to interface with Customs database and a change of the location to where quarterly reports should be mailed. Also, the document announces that the database program name has changed to "Post Summary Adjustment." Except for these changes, the test will continue to operate in accordance with the notice published in the **Federal Register** on November 28, 2000.

DATES: The test allowing post entry amendment to entry summaries is extended to December 31, 2003.
