Notice of Availability of a Record of Decision on the Final Environmental Impact Statement for the General Management Plan, Carl Sandburg Home National Historic Site, North Carolina

AGENCY: National Park Service.

ACTION: Notice.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, Pub. L. 91-190, 83 Stat. 852, 853, codified as amended at 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of the Record of Decision for the General Management Plan, Carl Sandburg Home National Historic Site, North Carolina. On September 19, 2003, the Acting Regional Director, Southeast Region approved the Record of Decision for the project. As soon as practicable, the National Park Service will begin to implement the Preferred Alternative contained in the Final Environmental Impact Statement issued on July 23, 2003. The following course of action will occur under the preferred alternative:

In the preferred alternative, the park serves as a national focal point for learning about Carl Sandburg. Access to more in-depth information about his life and work at Connemara would be provided through an extensive internet database and other high technology mass media formats. Visitors who come to the site in person would find extraordinary opportunities to participate in interpretive programs. The selected alternative provides high quality museum space where visitors can gain additional access to information and objects currently housed in the museum preservation facility. Providing a high quality interpretive venue is considered an essential component of the alternative. Additional interpretive venues would be created by rehabilitating one or more historic structures near the main house or barn for interpretive program areas, renovating the existing Front Lake visitor information station to improve

its interpretive and visitor services function, and creating a visitor interpretive center outside the current authorized boundary of the park. A Congressionally legislated boundary expansion of up to 110 acres would provide critical views and boundary protection. The location of the proposed 110 acre boundary expansion is illustrated in Chapter Two of the GMP/FEIS. Authorization to acquire approximately 3 to 5 acres for a 5,000 sf visitor center, parking for approximately 60 cars, and associated landscaping is also recommended. Given the unpredictable availability of funding and property, an exact location for the visitor center and parking area cannot be identified at this time; however, any selected site would be located west of Highway 25 and south of Little River Road in the Village of Flat Rock. Any property considered for acquisition by the National Park Service would be purchased under a willing seller/willing buyer arrangement, without the exercise of eminent domain.

This course of action plus three other alternatives were analyzed in the Draft and Final Environmental Impact Statements. The full range of foreseeable environmental consequences was assessed, and appropriate mitigating measures were identified.

The Record of Decision includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, a description of the environmentally preferable alternative, a finding of no impairment to park resources and values, measures to minimize potential environmental consequences, and an overview of public involvement in the decision-making process.

DATES: The Record of Decision for the General Management Plan and Final Environmental Impact Statement for Carl Sandburg Home National Historic Site was signed by the Acting Regional Director for the National Park Service Southeast Region on September 19, 2003.

ADDRESSES: Copies of the Record of Decision are available from the Superintendent, Carl Sandburg Home National Historic Site, 1928 Little River Road, Flat Rock, North Carolina, 28731.

FOR FURTHER INFORMATION CONTACT: Superintendent, Carl Sandburg Home National Historic Site, 1928 Little River Road, Flat Rock, North Carolina, 28731. Telephone: 828-693-4178.

SUPPLEMENTARY INFORMATION: Copies of the Record of Decision may be obtained from the contact listed above or online at <http://www.nps.gov/carl>.

Dated: September 19, 2003.

Wally Hibbard,

Acting Regional Director, Southeast Region.

Notice of Intent To Prepare a General Management Plan and Environmental Impact Statement for Abraham Lincoln Birthplace National Historic Site

AGENCY: National Park Service.

ACTION: Notice.

SUMMARY: The National Park Service will prepare an Environmental Impact Statement on the General Management Plan for Abraham Lincoln Birthplace National Historic Site. This notice is being published in accordance with 40 CFR 1506.6. The statement will assess potential environmental impacts associated with various types and levels of visitor use and resources management within the National Historic Site. This General Management Plan/Environmental Impact Statement is being prepared in response to the requirements of the National Parks and Recreation Act of 1978, Pub. L. 95-625, and in accord with Director's Order Number 2, the planning directive for National Park Service units.

The National Park Service will conduct public scoping meetings in the local area to receive input from interested parties on issues, concerns, and suggestions pertinent to the management of Abraham Lincoln Birthplace National Historic Site. Representatives of the National Park Service will be available to discuss issues, resource concerns, and the planning process at each of the public meetings. Suggestions and ideas for managing the cultural and natural resources and visitor experiences at the park are encouraged. Anonymous comments will not be considered. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety. However, individual respondents may request that we withhold their names and addresses from the public record, and we will honor such requests to the extent allowed by law. If you wish to withhold your name and/or address, you must state that request prominently at the beginning of your comment.

DATES: Locations, dates, and times of public scoping meetings will be published in local newspapers and may

also be obtained by contacting the park Superintendent. This information will also be published on the General Management Plan Web site (<http://www.nps.gov/abli>) for Abraham Lincoln Birthplace.

ADDRESSES: Scoping suggestions should be submitted to the following address to ensure adequate consideration by the National Park Service: Superintendent, Abraham Lincoln Birthplace National Historic Site, 2995 Lincoln Farm Road, Hodgenville, Kentucky 42748, Telephone: 270-358-3137, e-mail: Abli_Superintendent@nps.gov.

FOR FURTHER INFORMATION CONTACT: Superintendent, Abraham Lincoln Birthplace National Historic Site, 2995 Lincoln Farm Road, Hodgenville, Kentucky 42748, Telephone: 270-358-3137, e-mail: Abli_Superintendent@nps.gov.

SUPPLEMENTARY INFORMATION: Abraham Lincoln Birthplace National Historic Site is located about 3 miles south of Hodgenville, Kentucky, on U.S. Highway 31E and Kentucky Highway 61. The park was authorized on June 11, 1940, and now consists of more than 340 acres. The park was established in 1933 when it was transferred from the War Department to the National Park Service. The site contains a cabin, symbolic of the one in which Lincoln was born, preserved in a memorial building at the site of his birth. The Master Plan was completed in 1964 and in the ensuing years much has changed. A boundary change occurred in 1998, which added a Boyhood Home Unit to the park. This area contains the site of the Lincoln farm along with the field and surrounding woodland area belonging to that farm. Also the site contains a historic tavern and replica cabin. A General Management Plan and Environmental Impact Statement would provide the park with better guidance and direction in regard to management of natural and cultural resources and providing a quality visitor experience.

The plan will provide direction to correct existing management deficiencies through the establishment of management prescriptions, carrying capacities and appropriate types and levels of development and recreational use for all areas of the park. Resource protection, visitor experiences and community relationships will be improved through completion and implementation of the General Management Plan.

Public documents associated with the planning effort, including all newsletters, will be posted on the Internet through the Park's Web site at <http://www.nps.gov/abli>.

The Draft and Final General Management Plan and Environmental Impact Statement will be made available to all known interested parties and appropriate agencies. Full public participation by federal, state, and local agencies as well as other concerned organizations and private citizens is invited throughout the preparation process of this document.

The responsible official for this Environmental Impact Statement is Patricia A. Hooks, Acting Regional Director, Southeast Region, National Park Service, 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: September 23, 2003.

Patricia A. Hooks,

Acting Regional Director, Southeast Region.

SUPPLEMENTARY INFORMATION: This investigation is being conducted at the request of the Senate Committee on Finance in its letter of May 14, 2003. The Commission plans to submit its report by May 14, 2004. Notices of institution of the investigation and an earlier scheduled hearing date were published in the **Federal Register** of June 11, 2003 (68 FR 35004).

The Commission is particularly interested in receiving testimony with respect to the following:

(1) the end use applications of various milk protein products;

(2) the ability of different milk and non-milk proteins to substitute for each other in end use applications, considering both the functional and nutritional aspects that impact the substitutability of different proteins;

(3) the different production processes associated with various forms of milk protein and the impact of the production process on their nutritional and functional characteristics;

(4) the impact of U.S. government intervention on the profitability of commercial milk protein concentrate and casein production in the United States;

(5) the impact of imports of milk proteins on U.S. farm-level milk prices;

(6) the impact of foreign government intervention on the ability of imported milk proteins to compete in the U.S. market; and

(7) the global market for milk protein products, especially trade involving high-value or customized dairy products.

Written Submissions: As provided for in the Commission's prior notices, in lieu of or in addition to participating in the hearing, interested parties are invited to submit written statements (original and 14 copies) concerning the matters to be addressed by the Commission in its report on this investigation. Commercial or financial information that a person desires the Commission to treat as confidential must be submitted on separate sheets of paper, each clearly marked "Confidential Business Information" at the top. The Commission's Rules do not authorize filing of submissions with the Secretary by facsimile or electronic means. All submissions requesting confidential treatment must conform with the requirements of section 201.6 of the Commission's Rules of Practice
