DEPARTMENT OF THE INTERIOR

National Park Service

Long Walk National Historic Trail Study, Environmental Impact Statement, Arizona, New Mexico

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Intent to prepare an Environmental Impact Statement for the Long Walk National Historic Trail Study.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(C), the National Park Service (NPS) is preparing an Environmental Impact Statement for the Long Walk National Historic Trail Study, Arizona and New Mexico. This effort will result in a study that recommends to Congress whether the Long Walk of the Mescalero Apache and Navajo People should be designated a national historic trail. It will also propose alternative means of commemoration should it not be

recommended for national historic trail designation. The plan will be developed in consultation with the Mescalero Apache Tribe, the Navajo Nation, the associated American Indian Tribes in the southwest, local communities along the routes of the Long Walk, other federal and state agencies and all other interested and affected organizations and individuals. The area involved includes but is not limited to: the Navajo Reservation in northeastern Arizona from the Grand Canyon area east to the New Mexico state line including Chinle and Window Rock, Arizona. The area in New Mexico includes but is not limited to: the vicinity of Gallup, Grants, Bosque Farms, Albuquerque, Santa Fe, Galisteo, Las Vegas, Fort Union National Monument, Anton Chico, Fort Sumner, and Mescalero, New Mexico. Alternatives to be considered include no-action, designation as a national historic trail, alternative means of commemoration other than national historic trail designation, and other ideas that come out of the public process.

Major issues include: routes of the Long Walk, resources to be preserved along the route, whether the Mescalero Apache Tribe and the Navajo Nation are in favor of national historic trail designation, and how best to preserve and interpret the related events of that period.

A scoping newsletter has been prepared that gives times, places, and dates of public meetings that will be held on the study. It also details the issues identified to date. Copies of that newsletter may be obtained from Harry Myers, NPS, P.O. Box 728, 1100 Old Santa Fe Trail, Santa Fe, New Mexico 87504–0728, (505) 988–6717, harry_myers@nps.gov.

DATES: The Park Service will accept comments from the public through August 11, 2003.

ADDRESSES: Information will be available for public review and comment in the office of the Superintendent, and at the following locations: Jere Krakow, Superintendent, IMR National Trails System Office, P.O. Box 728, 1100 Old Santa Fe Trail, Santa Fe, New Mexico 87504–0728, (505) 988–6888.

FOR FURTHER INFORMATION CONTACT: Harry Myers, P.O. Box 728, Santa Fe, New Mexico 87504–0728, (505) 988–6717, harry_myers@nps.gov.

SUPPLEMENTARY INFORMATION: If you wish to comment on the scoping brochure or on any other issues associated with the plan, you may submit your comments by any one of
