

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public hearings; request for comments.

**SUMMARY:** The Gulf of Mexico Fishery Management Council (Council) will convene a public hearing to receive comments on the Council's proposed Amendment 21 to the Reef Fish Fishery Management Plan (Amendment 21) to extend the time period for the Madison/Swanson and Steamboat Lumps marine reserves beyond their June 16, 2004, expiration date.

**DATES:** The public hearing will be held in April. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

**ADDRESSES:** Written comments should be sent to, and copies of the scoping document are available from, the Gulf Council, 3018 U.S. Highway 301, North, Suite 1000, Tampa, Florida 33619.

**FOR FURTHER INFORMATION CONTACT:** Mr. Steven Atran, Population Dynamics Statistician, Gulf of Mexico Fishery Management Council; telephone 813-228-2815.

**SUPPLEMENTARY INFORMATION:** The public hearing will be convened on the Council's proposed Amendment 21 to extend the time period for the Madison/Swanson and Steamboat Lumps marine reserves beyond their June 16, 2004, expiration date.

The Madison/Swanson and Steamboat Lumps marine reserves were implemented on June 19, 2000, with a 4-year sunset provision. The Madison/Swanson site is approximately 115 square nautical miles in size and is located about 40 nautical miles southwest of Apalachicola City, FL. Steamboat Lumps is approximately 104 square nautical miles in size and is located about 95 nautical miles west of Tarpon Springs, FL. Within each area, fishing is prohibited for all species except for highly migratory species, i.e., tunas, marlin, oceanic sharks, sailfishes, and swordfish. These marine reserves were created primarily to protect a portion of the gag spawning aggregations and to protect a portion of the offshore population of male gag. The areas are also suitable habitat and provide protection for many other species, such as scamp, red grouper, warsaw grouper, speckled hind, red snapper, red porgy, and others.

It was the Council's intent to prohibit the use of any fishing gear within the closed areas in order to maximize enforceability of the closed area as well as minimize the negative impact from incidental catch and release of reef fish while targeting other species. For this

reason, the Council asked that the NMFS Highly Migratory Species (HMS) Division implement compatible closed area regulations for the species under their management jurisdiction (tunas, swordfish, oceanic sharks, and billfishes). This led to a legal challenge from a recreational fishing organization. The recreational organization felt that restrictions on fishing for migratory species higher up in the water column were unwarranted because they would have no impact on the bottom reef fish species. As part of a settlement to the legal challenge, NMFS agreed to hold the Council's request to implement an HMS closure in abeyance while research is conducted into the impact of the no-take areas, the effect of pelagic trolling on and ability to reach reef fish species, and the impact on enforceability by allowing pelagic trolling in the no-take areas. Reports on the results of the research into these areas are scheduled to be presented at the May 12-15, 2003, Council meeting where final action is to be taken. No action will result in the two reserves expiring on June 16, 2004, and the areas re-opening to all fishing.

The public hearing will be held from 7 p.m. to 10 p.m. Wednesday, April 9, 2003, Tampa Airport Hilton, 2225 Lois Avenue, Tampa, FL; telephone: 813-877-6688.

In addition, public testimony will be taken at the May 12-15, 2003, Council meeting at the Edgewater Beach Resort, 11212 Front Beach Road, Panama City Beach, FL. (The exact date and time for public testimony at the May Council meeting will be announced at a later time.)

Copies of the draft amendment for these meetings can be obtained by calling 813-228-2815.

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the Council (see **ADDRESSES**) by April 2, 2003.

Dated: March 19, 2003.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 031903A]

#### New England Fishery Management Council; Public Meetings

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meetings.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a public meeting of its Joint Enforcement Oversight Committee and Advisory Panel and its Groundfish Oversight Committee in April, 2003 to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from these groups will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** The meetings will be held on April 7 and 8, 2003. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

**ADDRESSES:** The meetings will be held in Newburyport and Wakefield, MA. See **SUPPLEMENTARY INFORMATION** for specific locations.

*Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Paul J. Howard, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

#### **SUPPLEMENTARY INFORMATION:**

##### **Meeting Dates and Agendas**

*Monday, April 7, 2003 at 9:30 a.m. – Joint Enforcement Committee and Advisory Panel Meeting.*

*Location:* New England Fishery Management Council Office, 50 Water Street, Mill 2, Newburyport, MA 01950; telephone: (978) 465-0492.

The committee and advisory panel will discuss and review the Monkfish enforcement analysis. They will also discuss and review the Habitat enforcement analyses for Amendment 10 to the Scallop Fishery Management Plans (FMP) and Groundfish Amendment 13 FMP. They also plan to discuss and recommend Vessel Monitoring System (VMS) requirements in the U.S./Canada agreement area. The U.S. Coast Guard is concerned if there are (1) vessels required to have VMS, and (2) vessels in the area that just sign in for a fixed period, at the same time. Given time they will review other business.

*Tuesday, April 8, 2003 at 9:30 a.m.* – Groundfish Oversight Committee Meeting.

Location: Sheraton Colonial, One Audubon Road, Wakefield, MA 01880; telephone: (781) 245-9300.

The committee will meet to continue development of Amendment 13 to the Northeast Multispecies (FMP). They will provide additional advice and guidance in order to clarify the management measures that have been identified for the Amendment. They will also refine the measures for administering a hard Total Allowable Catch (TAC), will consider and act on advice from the NMFS on improvements to other measures, and will develop recommendations to improve the administration of an alternative to use fishing years 1996 through 2001 as the baseline period for establishing effective days-at-sea for limited access permits. The Committee will receive a report on measures to implement a U.S./Canada resource sharing understanding and may develop additional recommendations for the Council's consideration. Also on the agenda is the review analysis of rebuilding periods and reference points provided by the Plan Development Team.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

### Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard (see ADDRESSES) at least 5 days prior to the meeting dates.

Dated: March 19, 2003.

**Matteo J. Milazzo,**

*Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Request for Public Comments on a Commercial Availability Request under the Andean Trade Promotion and Drug Eradication Act (ATPDEA)

March 20, 2003.

**AGENCY:** The Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for public comments concerning a request for a determination that certain cotton corduroy fabrics, for use in apparel articles, cannot be supplied by the domestic industry in commercial quantities in a timely manner under the ATPDEA.

**SUMMARY:** On March 17, 2003 the Chairman of CITA received a petition from Breaker Jeanswear/ARC International alleging that certain dyed cotton corduroy fabrics (see Annex I for product specifications), classified in subheading 5801.22.90 of the Harmonized Tariff Schedule of the United States (HTSUS), for use in apparel articles including men's and boys' jackets and pants, women's and girls' jackets, dresses, skirts, shorts, and pants, cannot be supplied by the domestic industry in commercial quantities in a timely manner. It requests that apparel of such fabrics be eligible for preferential treatment under the ATPDEA. CITA hereby solicits public comments on this request, in particular with regard to whether such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by April 8, 2003, to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, 14th and Constitution Avenue, N.W. Washington, D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:** Contact: Richard Stetson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

#### SUPPLEMENTARY INFORMATION:

**Authority:** Section 204 (b)(3)(B)(ii) of the ATPDEA, Presidential Proclamation 7616 of October 31, 2002, Executive Order 13277 of November 19, 2002, and the United States Trade Representative's Notice of Further Assignment of Functions of November 25, 2002.

#### BACKGROUND:

The ATPDEA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products

manufactured from yarns and fabrics formed in the United States or a beneficiary country. The ATPDEA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more ATPDEA beneficiary countries from fabric or yarn that is not formed in the United States or a beneficiary country, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. Pursuant to Executive Order No. 13277 (FR 70305) and the United States Trade Representative's Notice of Redlegation of Authority and Further Assignment of Functions (FR Doc. 02-30427), the President's authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the ATPDEA has been delegated to CITA.

On March 17, 2003, the Chairman of CITA received a petition from Breaker Jeanswear/ARC International of Miami, Florida, alleging that certain dyed cotton corduroy fabrics, (see Annex I for product specifications), classified in subheading 5801.22.90 of the Harmonized Tariff Schedule of the United States (HTSUS), for use in apparel articles including men's and boys' jackets and pants, women's and girls' jackets, dresses, skirts, shorts, and pants, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the ATPDEA for apparel articles that are both cut and sewn in one or more ATPDEA beneficiary countries from such fabrics.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for these fabrics for purposes of the intended use. Comments must be received no later than April 8, 2003. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely
