

According to NEC, the transaction will provide for certain financial, operational and other efficiencies. As a result of the reorganization, NEC states that it will be able to maximize the value of each of the business segments, position the business segments for strategic alliances and/or growth, and protect intellectual property assets. NEC also states that the reorganization will simplify accounting and accountability for revenue, expenses, and profits of the operations.

This is a transaction within a corporate family of the type specifically exempted from prior review and approval under 49 CFR 1182.9. NEC states that the transaction will not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with carriers outside the corporate family. NEC also states that, because it directly or indirectly holds all of the stock of the affected entities, no agreement or contract was entered into, except for the corporate documentation and filings required to implement the reorganization. NEC further states that there will be no effect upon employees because all of them will be retained.

If the verified notice contains false or misleading information, the Board shall summarily revoke the exemption and require divestiture. Petitions to revoke the exemption under 49 U.S.C. 13541(d) may be filed at any time. *See* 49 CFR 1182.9(c).

An original and 10 copies of all pleadings, referring to STB Docket No. MC-F-20999, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. ### Surface Transportation Board

[STB Docket No. AB-6 (Sub-No. 404X)]

#### The Burlington Northern and Santa Fe Railway Company—Abandonment Exemption—in Webster County, NE

The Burlington Northern and Santa Fe Railway Company (BNSF) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon an approximately 9.28-mile line of railroad between BNSF milepost 87.02, near Blue Hill, and milepost 96.30, near Bladen, in Webster County, NE. The line traverses United States Postal Service Zip Codes 68928 and 68930.

BNSF has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) any overhead traffic on the line can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board (Board) or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication) and 49 CFR 1105.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed. Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on July 4, 2003, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,<sup>1</sup> formal expressions of intent to file an OFA under 49 CFR

<sup>1</sup>The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Section of Environmental Analysis (SEA) in its independent investigation) cannot be made before the exemption's effective date. *See Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

1152.27(c)(2),<sup>2</sup> and trail use/rail banking requests under 49 CFR 1152.29 must be filed by June 16, 2003. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by June 24, 2003, with: Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to the applicant's representative: Michael Smith, Freeborn & Peters, 311 S. Wacker Dr., Suite 3000, Chicago, IL 60606-6677.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

BNSF has filed an environmental report which addresses the abandonment's effects, if any, on the environment and historic resources. SEA will issue an environmental assessment (EA) by June 9, 2003. Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board, Washington, D.C. 20423-0001) or by calling SEA, at (202) 565-1552. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), BNSF shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by BNSF's filing of a notice of consummation by June 4, 2004, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.
