

three radio services to verify the mailing address for each license held prior to May 9, 2003. Licensees can verify the accuracy of the Commission's information by accessing the *License Search* function in the Universal Licensing System (ULS) at <http://wireless.fcc.gov/uls>. If the information is incorrect, the licensee should use ULS to electronically file an *Administrative Update* application.

3. Another important step a licensee should take to prepare for the audit is to ensure that it has registered in CORES, received an FRN, and associated the FRN with all licenses held. This should be done by May 9, 2003.

4. The Bureau will send letters to all licensees operating in the QT, QD, and QO radio services inquiring about the operational status of each license held. The letters will be mailed during the week of May 12, 2003. Each letter will include the call signs of the licensee's authorizations involved in this audit and will be directed to each licensee at its address of record. A licensee will receive only one audit letter if the licensee has, by May 9, 2003, verified the address is listed correctly in ULS, obtained its FRN, and associated its call signs with the FRN. If the licensee has not performed these activities by May 9, 2003, the Bureau will attempt to include all of a licensee's call signs subject to this audit in one letter, but may issue more than one letter for an entity due to slight variations in licensee name or address in the Commission's licensing records. If a licensee receives multiple letters, the licensee must respond to each letter in order to account for all its call signs that are part of this audit. If a licensee holds authorizations in one of these radio services and does not receive an audit letter, the licensee may still be required to respond to the audit. In order to determine if a particular license is a part of the audit, licensees should use Audit Search at <http://wireless.fcc.gov/licensing/audits/220> after the audit letters have been mailed (scheduled for the week of May 12, 2003). If the search shows an audit letter was mailed, the licensee is required to respond to the audit using the audit reference number. For instructions on how to proceed in this instance, licensees can call the Commission at 717-338-2888 or 888-CALLFCC (888-225-5322) and select option 2.

5. A response to the audit letter is mandatory. The process for responding to the audit and the internet site will be included in the audit letter. Each licensee is required to submit its response electronically within thirty (30) calendar days of the date on the

audit letter. Failure to provide a timely response may result in the Commission presuming that the station has been non-operational for one year or more, and thus the license may be presumed to have automatically cancelled. Failure to provide a timely response may also result in an enforcement action, including monetary forfeiture, pursuant to section 503(b)(1)(B) of the Communications Act and 47 CFR 1.80(a)(2).

The complete text of this PN is available for inspection and copying during normal business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW., Washington, DC and may also be purchased from the Commission's copy contractor, Qualex International, Portals II, 445 12th Street, SW., Room CY-B-402, Washington, DC 20554, telephone (202) 863-2893, facsimile (202) 863-2898, or via e-mail qualexint@aol.com.

Synopsis of Public Notice

1. By this PN the Media Bureau announces mandatory electronic filing for FCC Form 396-A, Broadcast Equal Employment Opportunity Model

Program Report (February, 2003 Edition).

2. Mandatory electronic filing commenced on March 10, 2003. Paper versions of these forms will not be accepted for filing after March 10, 2003, unless accompanied by an appropriate request for waiver of the electronic filing requirement. Users can access the electronic filing system via the Internet from the Media Bureau's Web site at: <http://www.fcc.gov/mb>.

3. Pursuant to the 1998 Biennial Regulatory Review—Streamlining of Mass Media Applications, Rules and Processes (63 FR 70040, December 18, 1998), Report and Order ("R&O"), mandatory electronic filing was to commence six-months after a given form was made available for electronic use. The then Mass Media Bureau made FCC Form 396-A available for electronic use more than six months ago. The form was made available in connection with a broadcast Equal Employment Opportunity ("EEO") rule adopted in February 2000 that was subsequently vacated as a result of a Court order. As a result of the Court's action, the Commission suspended the prior version of Form 396-A in January, 2001. The current version was adopted by the 2nd R&O (68 FR 00670, January 7, 2003), and Third Notice of Proposed Rule Making (3rd NPRM), (67 FR 77374, December 17, 2002), in MM Docket No. 98-204, which adopted a new broadcast EEO rule. It is substantially similar to the version adopted in February 2000 and is used in conjunction with other forms (e.g., FCC Forms 301, 314, 315, and 340) that are already subject to mandatory electronic filing.

4. In the Streamlining R&O, which announced the Commission's electronic filing requirement, the Commission recognized the need for limited waivers of this requirement in light of the "burden that electronic filing could place upon some licensees who are seeking to serve the public interest, with limited resources, and succeed in a highly competitive local environment." Such waivers will not be routinely granted and the applicant must plead with particularity the facts and circumstances warranting relief.

5. Instructions for use of the electronic filing system are available in the CDBS User's Guide which can be accessed from the electronic filing Web site. Special attention should be given to the details of the applicant account registration function, form filing function, and the fee form handling procedures, if a fee is required. Failure to follow the procedures in the User's Guide may result in an application

being dismissed, returned, or not considered as officially filed.

6. Internet access to the CDBS public access system at the Commission's Web site requires a user to have a browser such as Netscape version 3.04 or Internet Explorer version 3.51, or later.

7. For technical assistance using the system or to report problems, please contact the CDBS Help Desk at (202) 418-2MMB. To request additional information concerning specific broadcast applications, please call (202) 418-2700 (radio forms) or (202) 418-1600 (television forms).

8. The (2nd *R&O*) also adopted three other EEO forms—FCC Forms 396 (Broadcast EEO Program Report), 396-C (Multi-Channel Video Program Distributor EEO Program Annual Report), and 397 (Broadcast Mid-Term Report). These forms have been approved by the Office of Management and Budget (68 FR 10015, March 3, 2003) and were effective March 10, 2003. They are, however, not yet available for electronic filing because there is no immediate need to file them. An announcement will be made when they are available.
