

**DEPARTMENT OF THE TREASURY****Internal Revenue Service****26 CFR Part 301**

[TD 9060]

RIN 1545-BB91

**Disclosure of Return Information to the Department of Agriculture****AGENCY:** Internal Revenue Service (IRS), Treasury.**ACTION:** Final and temporary regulations.

**SUMMARY:** This document contains regulations that incorporate and clarify the phrase “return information reflected on returns” in conformance with the terms of section 6103(j)(5) of the Internal Revenue Code (Code). These temporary regulations also remove certain items of return information that the IRS currently discloses, but the Department of Agriculture no longer needs, for conducting the census of agriculture. The text of the temporary regulations serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section of this issue of the **Federal Register**.

**DATES:** *Effective Date.* These regulations are effective on June 6, 2003.**FOR FURTHER INFORMATION CONTACT:** Christine Irwin at (202) 622-4570 (not a toll-free number).**SUPPLEMENTARY INFORMATION:****Background**

These temporary regulations incorporate the phrase “return information reflected on returns” into § 301.6103(j)(5)-1 in conformance with the statutory language that describes the type of return information that the IRS may disclose to the Department of Agriculture under section 6103(j)(5) of the Code. These temporary regulations are consistent with a recent clarification of the same phrase (*i.e.*, return information reflected on returns) in § 301.6103(j)(1)-1, involving the disclosure of return information to the Bureau of the Census. See 68 FR 2691.

Also, currently § 301.6103(j)(5)-1 provides an itemized description of the return information authorized for disclosure in conjunction with the census of agriculture. These temporary regulations remove certain items of return information currently listed in § 301.6103(j)(5)-1 that the Department of Agriculture no longer needs in conjunction with the census of agriculture.

**Explanation of Provisions**

These temporary regulations adopt the phrase “return information reflected on returns” in lieu of the phrase “return information” that currently appears in § 301.6103(j)(5)-1. (The phrase “return information reflected on returns” encompasses the phrase “return information reflected thereon” in section 6103(j)(5) of the Code.) These temporary regulations clarify the phrase “return information reflected on returns” by explaining that the phrase includes, but is not limited to, information on returns, information derived from processing such returns, and information derived from other sources for the purposes of establishing and maintaining taxpayer information relating to returns. The phrase includes information derived from returns, monthly corrections of, and additions to, taxpayer information contained in IRS databases (*e.g.*, taxpayer address and name changes) that are obtained from other sources, and computer codes the IRS derives from returns and/or tax forms and integrates within taxpayer data bases.

On March 4, 2003 and March 17, 2003, the Department of Agriculture’s National Agriculture Statistics Service (NASS) notified the IRS that certain items of return information that are currently listed in § 301.6103(j)(5)-1 are no longer needed in conjunction with the census of agriculture. Specifically, the Department of Agriculture no longer needs the following items currently extracted from IRS forms: (1) From Form 1040, Schedule F (Profit or Loss from Farming): sales of livestock and produce raised; (2) From Form 1120 series: Parent corporation Employer Identification Number, and related Name and Principal Business Activity (PBA) code for entities with agricultural activity; and (3) From Form 851 (Affiliations Schedule): subsidiary taxpayer identity information, annual accounting period, subsidiary PBA code, parent taxpayer identity information, parent PBA code, Master File Tax Code, Document Locator Number, and cycle posted. As a result, these items of return information currently listed in § 301.6103(j)(5)-1 will be removed by this document.

**Special Analyses**

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply

to these regulations, and because no preceding notice of proposed rulemaking is required for this temporary regulation, the provisions of the Regulatory Flexibility Act (5 U.S.C. chapter 6) do not apply. Pursuant to section 7805(f) of the Code, the IRS will submit this Treasury decision to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

### 39 CFR Part 111

#### **Hazardous Materials: Domestic Mail Manual Revisions for Division 6.2 Infectious Substances and Other Related Changes**

**ACTION:** Final rule.

**SUMMARY:** In this final rule, the Postal Service adopts revisions to the mailing standards in *Domestic Mail Manual* (DMM) C023 related to the requirements and packaging standards for mailable types of Division 6.2 infectious substances. These DMM revisions adopt many of the regulatory and packaging changes for infectious substances that the U.S. Department of Transportation (DOT) made to Title 49 Code of Federal Regulations (49 CFR) in the **Federal Register** final rule published on August 14, 2002 (67 FR 53117-53144) and the subsequent change published on August 27, 2002 (67 FR 54967). As adopted by the Postal Service, these DMM revisions will provide a greater level of safety for handling and transporting mailable infectious substances in the mailstream. These changes will also facilitate domestic and international air transportation by aligning the Postal Service mailing standards with the current international standards for the transport of hazardous materials.

Other minor changes and clarifications are also adopted to the hazardous materials mailing standards in DMM C021, C023, C024, C050, and F010 to improve clarity and reduce misunderstandings; to ensure the packaging integrity of mailable hazardous materials during Postal Service handling; and to provide a greater level of safety for Postal Service employees and the public.

**EFFECTIVE DATE:** June 12, 2003. However, mailers using a business reply mail format for diagnostic (clinical) specimen mailpieces or a merchandise return service format for sharps waste or regulated medical waste mailpieces, are
