SUPPLEMENTARY INFORMATION: The Financial Management Service (FMS) is the money manager for the Federal

Government. As such, FMS disburses over 900 million payments totaling more than \$1.64 trillion in social security and veterans’ benefits, income tax refunds, and other federal payments. In the operation of its payment programs, FMS maintains records on individuals who receive payments from the Federal Government. Records on individuals who receive Federal payments are maintained in FMS’s “Payment Issue Records for Regular Recurring Benefit Payments-Treasury/FMS .002,” and “Payment Records for Other Than Regular Recurring Benefit Payments-Treasury/FMS .016.”

As part of its continuing efforts to efficiently operate and manage its payment disbursement processes, FMS sometimes retains the services of its fiscal agents (the Federal Reserve Banks (FRBs)), financial agents (financial institutions), and/or contractors of FMS or FMS’s fiscal or financial agents. For example, FMS may ask the FRB and/or a contractor to assist FMS in surveying payment recipients to ascertain public attitudes about direct deposit and other alternatives to check payments. Such
