Federal Energy Regulatory Commission

[Docket Nos. EL03-59-000 and EL03-60-000]

Order Proposing Revocation of Market-**Based Rate Authority**

Issued March 26, 2003.

Before Commissioners: Pat Wood, III, Chairman; William L. Massey, and Nora Mead Brownell: Reliant Energy Services, Inc., BP Energy Company.

1. This order directs Reliant Energy Services, Inc. (Reliant) and BP Energy Company (BP Energy) to show cause to the Commission in paper hearings why their authority to sell power at marketbased rates ¹ should not be revoked by

the Commission in light of their apparent manipulation of electricity prices at the Palo Verde, Arizona trading hub, in violation of section 205(a) of the Federal Power Act's (FPA) requirement that rates be just and reasonable.² This order also initiates proceedings under section 206 of the FPA,³ in Docket Nos. EL03-59-000 (for Reliant) and EL03-60-000 (for BP Energy), where the show cause filings will be considered.

2. This order is necessary to fulfill the Commission's obligation to monitor competitive markets in order to protect wholesale electricity customers from unjust and unreasonable rates.

Background

3. On February 13, 2002, the Commission directed a Staff fact-finding investigation into whether any entity manipulated prices in electricity or natural gas markets in the West or otherwise exercised undue influence over wholesale electricity prices in the West, since January 1, 2000.4

4. On August 13, 2002, Staff released its Initial Report in Docket No. PA02-2-000.5 In that Report, Staff recommended the initiation of various company-specific proceedings ⁶ to further investigate possible misconduct, and recommended several generic changes to market-based tariffs to prohibit the deliberate submission of false information or the deliberate omission of material information and to provide for the imposition of both refunds and penalties for violations.

5. In Staff's Final Report, being publicly released concurrently with this order,⁷ Staff notes evidence that indicates that Reliant and BP Energy appear to have engaged in coordinated efforts to manipulate electricity prices.

6. Specifically, Staff points to three occasions where a BP Energy trader called a Reliant trader and asked him to buy power from an offer he was going

⁵ The Initial Report is available on the Commission's Web site at http://www.ferc.gov/ electric/bulkpower/pa02-2/Initial-Report-PA02-2-000.pdf.

⁶ These proceedings, which are currently pending before the Commission, are Docket Nos. EL02-113-000, EL02-114-000, and EL02-115-000.

⁷ Final Report on Price Manipulation in Western Markets (Docket No. PA02-2-000 March 2003). The Staff Final Report is available on the Commission's website. We will incorporate the Staff Final report, and the underlying record in Docket No. PA02-2-000, by reference into the records in these proceedings.

¹ Reliant and BP Energy are power marketers previously authorized to sell electric power at market-based rates. See Office Director Letter Orders issued on July 25, 1994 in Docket No. ER94-1247-000 and March 12, 1999 in Docket No. ER99-1801–000 (granting Reliant market-based rate
