

consistent with Section 6(b)(5) of the Act,<sup>11</sup> because it codifies and clarifies the Exchange's procedures regarding how options trades are to be allocated among crowd participants.

Specifically, the Commission believes that it is reasonable and appropriate to afford priority to customer orders over accounts of broker-dealers. The Commission further believes that it is reasonable and consistent for the Exchange to conform its rules to specify that Enhanced Specialist Participations are entitlements rather than mandatory participations, and to clarify that such entitlements apply only to the Remainder of the Order, after customers have received their allocations. The Commission believes that the proposed rule change sets forth a reasonable method of allocating the Remainder of an Order among the specialist and ROTs, taking into account the Enhanced Specialist Participation, where applicable, and the stated sizes of all participants on parity. Further, the Commission believes that it is reasonable for the Exchange to establish procedures for allocating contracts when a specialist or ROT waives all or part of a trade to which he or she is entitled. The Commission notes, at the same time, that the proposal provides a safeguard against abuse in the waiver process by specifying that a pattern or practice of waiving may be considered conduct inconsistent with just and equitable principles of trade. Finally, the Commission believes that the added prohibitions against agreements among members concerning the allocation of trades, and against members harassing, intimidating, or coercing other members to enter into any waiver, or to make or refrain from making any complaint or appeal, are reasonable and appropriate.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act<sup>12</sup>, that the proposed rule change (File No. SR-Phlx-2001-39) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>13</sup>
