Commissioner of Social Security.

■ For the reasons set out in the preamble, we are amending part 422, subpart B, chapter III of title 20, Code of Federal Regulations as follows:

PART 422—ORGANIZATION AND PROCEDURES

Subpart B—[Amended]

■ 1. The authority citation for subpart B of part 422 continues to read as follows:

Authority: Secs. 205, 232, 702(a)(5), 1131, and 1143 of the Social Security Act (42 U.S.C. 405, 432, 902(a)(5), 1320b-1, and 1320b-13).

■ 2. Revise § 422.104 to read as follows:

§ 422.104 Who can be assigned a social security number.

(a) *Persons eligible for SSN assignment.* We can assign you a social security number if you meet the evidence requirements in § 422.107 and you are:

- (1) A United States citizen; or
- (2) An alien lawfully admitted to the United States for permanent residence or under other authority of law permitting you to work in the United States (§ 422.105 describes how we determine if a nonimmigrant alien is

permitted to work in the United States); or

(3) An alien who cannot provide evidence of alien status showing lawful admission to the U.S., or an alien with evidence of lawful admission but without authority to work in the U.S., if the evidence described in § 422.107(e) does not exist, but only for a valid nonwork reason. We consider you to have a valid nonwork reason if:

(i) You need a social security number to satisfy a Federal statute or regulation that requires you to have a social security number in order to receive a Federally-funded benefit to which you have otherwise established entitlement and you reside either in or outside the U.S.; or

(ii) You need a social security number to satisfy a State or local law that requires you to have a social security number in order to receive public assistance benefits to which you have otherwise established entitlement, and you are legally in the United States.

(b) *Annotation for a nonwork purpose.* If we assign you a social security number as an alien for a nonwork purpose, we will indicate in our records that you are not authorized to work. We will also mark your social security card with a legend such as “NOT VALID FOR EMPLOYMENT.” If earnings are reported to us on your number, we will inform the Department of Homeland Security of the reported earnings.

■ 3. Section 422.107 is amended by revising paragraphs (a) and (c) to read as follows:

§ 422.107 Evidence requirements.

(a) *General.* An applicant for an original social security number card must submit documentary evidence that the Commissioner of Social Security regards as convincing evidence of age, U.S. citizenship or alien status, and true identity. An applicant for a duplicate or corrected social security number card must submit convincing documentary evidence of identity and may also be required to submit convincing documentary evidence of age and U.S. citizenship or alien status. An applicant for an original, duplicate, or corrected social security number card is also required to submit evidence to assist us in determining the existence and identity of any previously assigned number(s). A social security number will not be assigned, or an original, duplicate, or corrected card issued, unless all the evidence requirements are met. An in-person interview is required of an applicant who is age 12 or older applying for an original social security number except for an alien who requests

a social security number as part of the immigration process as described in § 422.103(b)(3). An in-person interview may also be required of other applicants. All documents submitted as evidence must be originals or copies of the original documents certified by the custodians of the original records and are subject to verification.

* * * * *

(c) *Evidence of identity.* An applicant for an original social security number or a duplicate or corrected social security number card is required to submit convincing documentary evidence of identity. Documentary evidence of identity may consist of a driver’s license, identity card, school record, medical record, marriage record, passport, Department of Homeland Security document, or other similar document serving to identify the individual. The document must contain sufficient information to identify the applicant, including the applicant’s name and (1) the applicant’s age, date of birth, or parents’ names; and/or (2) a photograph or physical description of the individual. A birth record is not sufficient evidence to establish identity for these purposes.

The agency has determined under 21 CFR 25.33(d)(1) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.
