

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2003-0199 which references the original documents in docket identification (ID) number OPP-2003-0078. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

In addition to the sources listed in this unit, you may obtain copies of the amended Kansas Certification Plan, other related documents, or additional information by contacting:

1. John Tice at the address listed under **FOR FURTHER INFORMATION CONTACT**.

2. Jeanne Fox, Kansas Department of Agriculture, 109 SW 9th St., Third Floor, Topeka, KS 66612; telephone number: (785) 296-2265; e-mail address: jfox@kda.state.ks.us.

3. Jeanne Heying, Field and External Affairs Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania

Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-3240; e-mail address: heying.jeanne@epa.gov.

II. What Action is the Agency Taking?

EPA is approving the amended Kansas Certification Plan. This approval is based upon the EPA review of the Kansas Plan and finding it in compliance with FIFRA and 40 CFR part 171. Further, there were no public comments submitted to the earlier **Federal Register** notice soliciting comments. The amended Kansas Certification Plan is therefore approved.

Air Quality Criteria for Particulate Matter (Fourth External Review Draft)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a draft for public review and comment.

SUMMARY: On or about June 30, 2003, the National Center for Environmental Assessment (NCEA), within EPA's Office of Research and Development, will make available for public review and comment a fourth external review draft of a revised EPA document, *Air Quality Criteria for Particulate Matter*. Under sections 108 and 109 of the Clean Air Act, the purpose of the revised document is to provide an assessment of the latest scientific information on the effects of airborne particulate matter (PM) on the public health and welfare, for use in EPA's current review of the National Ambient Air Quality Standards (NAAQS) for PM.

DATES: Comments on the draft document must be submitted in writing no later than August 31, 2003. Send the written comments to the Project Manager for Particulate Matter, National Center for Environmental Assessment-RTP (B243-01), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711.

ADDRESSES: A copy of the EPA document, *Air Quality Criteria for Particulate Matter (Fourth External*

Review Draft), consisting of two volumes, will be available on CD ROM from NCEA-RTP. Contact Ms. Diane Ray by phone (919-541-3637), fax (919-541-1818), or email (ray.diane@epa.gov) to request the document. Please provide the document's title, *Air Quality Criteria for Particulate Matter (Fourth External Review Draft)*, and the EPA numbers for each of the two volumes (EPA/600/P-99/002aD and EPA/600/P-99/002bD), as well as your name and address, to facilitate processing of your request. Internet users will be able to download a copy from the NCEA Web site at <http://www.epa.gov/ncea>. Hard copies of the draft document can also be made available upon request to Ms. Ray.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Elias, National Center for Environmental Assessment-RTP (B243-01), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711; telephone: 919-541-4167; fax: 919-541-1818; e-mail: elias.robert@epa.gov.

SUPPLEMENTARY INFORMATION: EPA is in the process of updating, and revising where appropriate, the document *Air Quality Criteria for Particulate Matter* as issued in 1996. Sections 108 and 109 of the Clean Air Act require that EPA carry out a periodic review and revision, where appropriate, of the air quality criteria and the NAAQS for "criteria" air pollutants such as PM. Details of EPA's plans for the review of the NAAQS for PM were initially announced in a previous **Federal Register** notice (62 FR 55201, October 23, 1997).

EPA made a First External Review Draft of the updated *Air Quality Criteria for Particulate Matter* available in 1999 for review by members of the public and the Clean Air Scientific Advisory Committee (CASAC) (64 FR 57884, October 27, 1999). Following that public review and a meeting of the CASAC in December 1999 (64 FR 61875, November 15, 1999), EPA revised the document in response to CASAC and public comments, as well as to reflect additional new studies on PM effects that were not available in time for the First External Review Draft.

In April 2001, EPA made a Second External Review Draft of *Air Quality Criteria for Particulate Matter* available for public and CASAC review (66 FR 18929, April 12, 2001). Following that public review and a second CASAC meeting in July 2001 (66 FR 34924, July 2, 2001), EPA again revised the document in response to CASAC and public comments and to reflect more new PM studies that had become available.

EPA then made a Third External Review Draft of *Air Quality Criteria for Particulate Matter* available for public and CASAC review in May 2002 (67 FR 31303, May 9, 2002). Following that public review and a third CASAC meeting in July 2002 (67 FR 41723, June 19, 2002), EPA has again revised the document in response to CASAC and public comments and to take into account peer-reviewed analyses of a number of epidemiological studies conducted to address statistical modeling issues that were identified after release of the Third External Review Draft.

EPA is now making the Fourth External Review Draft available for public comment and CASAC review. The public comment period (60 days) will close a few days after a CASAC public review meeting scheduled for August 25–26, 2003 (location to be announced in future **Federal Register** notice). Members of the public will be able to make brief oral statements during time set aside at that meeting for public comments. After the CASAC meeting and the close of the public comment period, EPA intends to make final revisions to complete the document in December, 2003.

On June 15, 2001, EPA's Office of Air Quality Planning and Standards (OAQPS) made available (66 FR 32621, June 15, 2001) for public review and comment a preliminary draft Staff Paper (SP) that drew on information in the earlier draft Air Quality Criteria document. The preliminary draft SP was also submitted to CASAC for discussion with the Committee at its July 2001 meeting. In January 2002 (67 FR 3897, January 28, 2002), OAQPS also made available for CASAC and public review and comment a draft document, *Proposed Methodology for Particulate Matter Risk Analyses for Selected Urban Areas*, which was reviewed by CASAC at a public teleconference on February 27, 2002.

OAQPS is now preparing a draft health risk assessment document based on the proposed methodology and is revising the draft SP to address CASAC and public comments and to incorporate updated information from the current draft Air Quality Criteria document. As in other NAAQS reviews, the SP will evaluate policy implications of key studies and other scientific information in the criteria document, identify critical elements that EPA staff believes should be considered, and present staff conclusions and recommendations for the Administrator's consideration.

Dates and details of availability of the updated draft SP and of the draft health risk assessment document and plans for

future public CASAC review meetings on the SP and the draft health risk assessment document will be published in future **Federal Register** notices.

EPA Handbook for Use of Data From the National Health and Nutrition Examination Surveys (NHANES): A Goldmine of Data for Environmental Health Analyses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: This notice announces the availability of a final report titled, *EPA Handbook for Use of Data from the National Health and Nutrition Examination Surveys (NHANES): A Goldmine of Data for Environmental Health Analyses* (EPA/600/R–02/044), which was prepared by the U.S. Environmental Protection Agency's National Center for Environmental Assessment (NCEA) of the Office of Research and Development (ORD). This Handbook was developed to provide descriptive background information and general guidance on how to access and use data from the National Health and Nutrition Examination Surveys (NHANES). Since 1971 the National Center for Health Statistics (NCHS), which is part of the Centers for Disease Control and Prevention, has been sponsoring the NHANES in order to collect data on the health and nutrition status of the U.S. population. EPA has been one of many collaborating federal agencies that help plan the content of and support funding for this survey. The enormous NHANES human database can be used to develop information suitable for use in risk assessments, and to support regulatory and policy needs of EPA. From this Handbook, the reader should gain a basic understanding of what data are available through NHANES, how to obtain the data, if the data are potentially suitable for supporting the needs of his/her office, key limitations of the data, and what types of analyses are possible.

ADDRESSES: The document is available electronically through the NCEA Web site (www.epa.gov/ncea). A limited

number of paper copies are available from the EPA's National Service Center for Environmental Publications (NSCEP), P.O. Box 42419, Cincinnati, OH 45242; telephone: 1–800–490–9198 or 513–489–8190; facsimile: 513–489–8695. Please provide your name and mailing address and the title and EPA number of the requested publication.

FOR FURTHER INFORMATION CONTACT: The Technical Information Staff, National Center for Environmental Assessment/ Washington Office (8623D), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. Telephone: 202–564–3261; fax: 202–565–0050; e-mail: nceadc.comment@epa.gov.

Dated: June 12, 2003.

Proposed CERCLA Administrative Settlement—Second Group *De Minimis* Settlement—Rocky Flats Industrial Park Site, Jefferson County, CO

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice and request for public comment.

SUMMARY: In accordance with the requirements of section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (“CERCLA”), 42 U.S.C. 9622(i), notice is hereby given of a proposed administrative settlement under section 122(g) of CERCLA, 42 U.S.C. 9622(g), concerning the Rocky Flats Industrial Park site located in the 17,000 block of Colorado Highway 72, approximately two miles east of the intersection of Colorado Highways 93 and 72, in section 23, T2N, in Jefferson County, Colorado. This settlement, embodied in a CERCLA section 122(g) Administrative Order on Consent—Second Group *De Minimis* Settlement (“AOC”), is designed to resolve each settling parties' liability at the Site for past work, past response costs and specified future work and response costs through covenants under sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607. The proposed AOC requires the settling parties listed in the Supplementary Information section
