

DEPARTMENT OF EDUCATION

[CFDA No.: 84.129B]

Rehabilitation Training: Rehabilitation Long-Term Training—Vocational Rehabilitation Counseling; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2004

Purpose of Program: The Rehabilitation Long-Term Training program provides financial assistance for—

(1) Projects that provide basic or advanced training leading to an academic degree in areas of personnel shortages in rehabilitation as identified by the Secretary;

(2) Projects that provide a specified series of courses or program of study leading to award of a certificate in areas of personnel shortages in rehabilitation as identified by the Secretary; and

(3) Projects that provide support for medical residents enrolled in residency training programs in the specialty of physical medicine and rehabilitation.

For FY 2004, the competition for new awards focuses on projects designed to meet the priority in the PRIORITY section of this application notice.

Eligible Applicants: States and public or nonprofit agencies and organizations, including Indian tribes and institutions of higher education, are eligible for assistance under the Rehabilitation Training program.

Applications Available: September 17, 2003.

Deadline for Transmittal of Applications: October 31, 2003.

Deadline for Intergovernmental Review: December 30, 2003.

Estimated Available Funds: The Administration has requested \$42,629,000 for the Rehabilitation Training program for FY 2004, of which an estimated \$3,600,000 would be allocated for this competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process if Congress appropriates funds for this program.

Note: This competition is being conducted in FY 2003 for grants that will be awarded using FY 2004 funds.

Estimated Average Size of Awards: \$150,000.

Estimated Number of Awards: 24.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

Page Limit: Part III of the application, the application narrative, is where you, the applicant, address the selection

criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 50 pages, using the following standards:

- A “page” is 8.5” x 11,” on one side only, with 1” margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject your application if—

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 85, 86, and 99. (b) The regulations for this program in 34 CFR parts 385 and 386.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

Selection Criteria: In evaluating an application for a new grant under this competition, we use the selection criteria in 34 CFR 385.31 and 386.20. The selection criteria to be used for this competition will be provided in the application package for this competition.

Priority: This competition focuses on projects designed to meet the following priority in the notice of final priority for this program, published in the **Federal Register** on January 15, 2003 (68 FR 2166).

Partnership With the State Vocational Rehabilitation (VR) Agency

This priority supports projects that will increase the knowledge of students of the role and responsibilities of the VR counselor and of the benefits of counseling in State VR agencies. This priority focuses attention on and

intends to strengthen the unique role of rehabilitation educators and State VR agencies in the preparation of qualified VR counselors by increasing or creating ongoing collaboration between institutions of higher education and State VR agencies.

Projects funded under this priority must include within the degree program information about and experience in the State VR system. Projects must include partnering activities for students with the State VR agency including experiential activities, such as formal internships or practicum agreements. In addition, experiential activities for students with community-based rehabilitation service providers are encouraged.

Projects must include an evaluation of the impact of project activities.

For FY 2004, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet the priority.

Performance Measures: The Government Performance and Results Act (GPRA) of 1993 directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. Program officials must develop performance measures for all of their grant programs to assess their performance and effectiveness. The Rehabilitation Services Administration (RSA) has established a set of indicators to assess the effectiveness of the Rehabilitation Training program and will use the following indicator for the Rehabilitation Long-Term Training program projects:

- The percentage of graduates fulfilling their payback requirement through acceptable employment.

Each grantee must report annually on this indicator using the electronic grantee reporting system administered by RSA for this purpose.

Application Procedures:

Note: Some of the procedures in these instructions for transmitting applications differ from those in the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.

Pilot Project for Electronic Submission of Applications

The Department is continuing to expand its pilot project for electronic submission of applications to include additional formula grant programs and additional discretionary grant competitions. Rehabilitation Training; Rehabilitation Long-Term Training—Vocational Rehabilitation Counseling, CFDA No. 84.129B, is one of the programs included in the pilot project. If you are an applicant under Rehabilitation Training; Rehabilitation Long-Term Training—Vocational Rehabilitation Counseling, you may submit your application to us in either electronic or paper format.

The pilot project involves the use of the Electronic Grant Application System (e-Application). Users of e-Application will be entering data on-line while completing their applications. You may not e-mail a soft copy of a grant application to us. If you participate in this voluntary pilot project by submitting an application electronically, the data you enter on-line will be saved into a database. We request your participation in e-Application. We shall continue to evaluate its success and solicit suggestions for its improvement.

If you participate in e-Application, please note the following:

- Your participation is voluntary.
- When you enter the e-Application system, you will find information about its hours of operation. We strongly recommend that you do not wait until the application deadline date to initiate an e-Application package.
- You will not receive additional point value because you submit a grant application in electronic format, nor will we penalize you if you submit an application in paper format.
- You may submit all documents electronically, including the Application for Federal Education Assistance (ED 424), Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
- Your e-Application must comply with any page limit requirements described in this notice.
- After you electronically submit your application, you will receive an automatic acknowledgement, which will include a PR/Award number (an identifying number unique to your application).
- Within three working days after submitting your electronic application, fax a signed copy of the Application for Federal Education Assistance (ED 424) to the Application Control Center after following these steps:

1. Print ED 424 from e-Application.
2. The institution's Authorizing Representative must sign this form.
3. Place the PR/Award number in the upper right hand corner of the hard copy signature page of the ED 424.
4. Fax the signed ED 424 to the Application Control Center at (202) 260-1349.
 - We may request that you give us original signatures on other forms at a later date.
 - *Application Deadline Date Extension in Case of System Unavailability:* If you elect to participate in the e-Application pilot for Rehabilitation Training; Rehabilitation Long-Term Training—Vocational Rehabilitation Counseling and you are prevented from submitting your application on the application deadline date because the e-Application system is unavailable, we will grant you an extension of one business day in order to transmit your application electronically, by mail, or by hand delivery. For us to grant this extension—

1. You must be a registered user of e-Application, and have initiated an e-Application for this competition; and

2. (a) The e-Application system must be unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or
- (b) The e-Application system must be unavailable for any period of time during the last hour of operation (that is, for any period of time between 3:30 and 4:30 p.m., Washington, DC time) on the application deadline date.

The Department must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm the Department's acknowledgement of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** or (2) the e-GRANTS help desk at 1-888-336-8930.

You may access the electronic grant application for Rehabilitation Training; Rehabilitation Long-Term Training—Vocational Rehabilitation Counseling at: <http://e-grants.ed.gov>.

For Applications Contact: Education Publications Center (ED Pubs), P.O. Box 1398, Jessup, MD 20794-1398. Telephone (toll free): 1-877-433-7827. FAX: (301) 470-1244. If you use a telecommunications device for the deaf (TDD), you may call (toll free): 1-877-576-7734.

You may also contact ED Pubs at its Web site: <http://www.ed.gov/pubs/edpubs.html>.

Or you may contact ED Pubs at its e-mail address: edpubs@inet.ed.gov.

If you request an application from ED Pubs, be sure to identify this competition as follows: CFDA number 84.129B.

Individuals with disabilities may obtain a copy of the application package in an alternative format by contacting the Grants and Contracts Services Team, U.S. Department of Education, 400 Maryland Avenue, SW., room 3317, Switzer Building, Washington, DC 20202-2550. Telephone: (202) 205-8207. If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339. However, the Department is not able to reproduce in an alternative format the standard forms included in the application package.

FOR FURTHER INFORMATION CONTACT:

Edward R. Smith, U.S. Department of Education, 400 Maryland Avenue, SW., room 3318, Switzer Building, Washington, DC 20202-2649. Telephone: (202) 205-0136 or via Internet: Edward.Smith@ed.gov.

If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**.

Electronic Access to This Document

You may view this document, as well as all other Department of Education documents published in the **Federal Register**, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: www.ed.gov/legislation/FedRegister.

To use PDF you must have Adobe Acrobat Reader, which is available free at this site. If you have questions about using PDF, call the U.S. Government Printing Office (GPO), toll free, at 1-888-293-6498; or in the Washington, DC, area at (202) 512-1530.

Note: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

Program Authority: 29 U.S.C. 772.

Dated: September 12, 2003.

Loretta Petty Chittum,

Acting Assistant Secretary for Special Education and Rehabilitative Services.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Office of Science Financial Assistance Program Notice DE-FG01-03ER03-25; Office of Nuclear Physics Outstanding Junior Investigator Program

AGENCY: Department of Energy.

ACTION: Notice inviting grant applications.

SUMMARY: The Office of Nuclear Physics of the Office of Science (SC), U.S. Department of Energy (DOE), invites grant applications for support under the Outstanding Junior Investigator Program (OJI) in nuclear physics. The purpose of this program is to support the development of individual research programs of outstanding scientists early in their careers. Applications should be from tenure-track faculty who are currently involved in experimental or theoretical nuclear physics research, the U.S. Nuclear Data (USDNP) program, or accelerator physics research and should be submitted through a U.S. academic institution.

DATES: To permit timely consideration of awards in Fiscal Year 2004, formal applications submitted in response to this notice must be received by November 11, 2003.

ADDRESSES: Formal applications in response to this solicitation are to be electronically submitted by an authorized institutional business official through DOE's Industry Interactive Procurement System (IIPS) at: <http://e-center.doe.gov/>. IIPS provides for the posting of solicitations and receipt of applications in a paperless environment via the Internet. In order to submit applications through IIPS your business official will need to register at the IIPS website. It is suggested that this registration be completed several days prior to the date on which you plan to submit the formal application. The Office of Science will include attachments as part of this notice that provide the appropriate forms in PDF fillable format that are to be submitted through IIPS. IIPS offers the option of submitting multiple files—please limit submissions to only one file within the volume if possible, with a maximum of no more than four files. Color images should be submitted in IIPS as a separate file in PDF format and

identified as such. These images should be kept to a minimum due to the limitations of reproducing them. They should be numbered and referred to in the body of the technical scientific proposal as Color image 1, Color image 2, *etc.* Questions regarding the operation of IIPS may be e-mailed to the IIPS Help Desk at: helpdesk@pr.doe.gov or you may call the help desk at: (800) 683-0751. Further information on the use of IIPS by the Office of Science is available at: <http://www.sc.doe.gov/production/grants/grants.html>

FOR FURTHER INFORMATION CONTACT: Dr. Sidney A. Coon, Office of Nuclear Physics, SC-90/Germantown Building, Office of Science, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-1290. Telephone: (301) 903-3613. Fax: (301) 903-3833. E-Mail address: Sidney.A.Coon@science.doe.gov. The full text of Program Notice DE-FG01-03ER03-25 is available via the World Wide Web using the following web address: <http://www.sc.doe.gov/production/grants/grants.html>.

SUPPLEMENTARY INFORMATION: This is the fifth year of an Outstanding Junior Investigator Program in Nuclear Physics. A principal goal of this program is to identify exceptionally talented nuclear physicists early in their careers and to facilitate the development of their research programs. The proposed research is expected to make an important contribution to the vigor of the U.S. Nuclear Physics program.

Program Funding

The DOE expects to make several awards in Fiscal Year 2004; four awards were made in Fiscal Year 2003. The actual number of awards will be determined by the number of excellent applications and the total amount of funds available for this program. It is anticipated that a total of up to \$250,000 will be available in Fiscal Year 2004 for funding the program, subject to availability of appropriated funds, and that awards would be for three to five year terms. At the end of the initial term, these grants may be renewed, subject to appropriate external peer review at the time of renewal, as long as the recipient's tenure status is unchanged.

Research Areas

OJI research applications should be clearly aligned with at least one of the following Office of Nuclear Physics long-term performance measures and be able to contribute to its overall progress.

- Make precision measurements of fundamental properties of the proton,

neutron, and simple nuclei for comparison with theoretical calculations to provide a quantitative understanding of their quark substructure.

- Recreate brief, tiny samples of hot, dense nuclear matter to search for the quark-gluon plasma and characterize its properties.
- Investigate new regions of nuclear structure, study interactions in nuclear matter like those occurring in neutron stars, and determine the reactions that created the nuclei of atomic elements inside stars and supernovae.
- Measure fundamental properties of neutrinos and fundamental symmetries by using neutrinos from the sun and nuclear reactors, and by using radioactive decay measurements.

Project Description

Project descriptions should be limited to a maximum of 20 pages (including text and figures) of technical information. In addition, please limit biographical and publication information for the principal investigator to no more than two pages each. Each principal investigator should provide an E-mail address and a list of recent collaborators (*i.e.*, within the last four years). In addition to the information required by 10 CFR part 605 each application should contain the following items: (1) A succinct statement of the goal of the research, (2) a detailed research plan, (3) the specific results expected at the end of the project period, (4) an analysis of the adequacy of the budget, (5) a discussion of the impact of the proposed research on other fields of science, and (6) for projects requiring significant computational resources (*e.g.*, at the National Energy Research Scientific Computing Center), an estimate and justification of the resources that will be required.

Merit Review

Applications will be subjected to scientific merit review (peer review) and will be evaluated against the following criteria, listed in descending order of importance as codified at 10 CFR part 605.10 (d):

1. Scientific and/or technical merit of the project;
 2. Appropriateness of the proposed method or approach;
 3. Competency of applicant's personnel and adequacy of proposed resources;
 4. Reasonableness and appropriateness of the proposed budget.
- Additional criteria, which will be considered: Future promise of the
