#### **Tecumseh Products Company, Douglas Operations, Douglas, GA; Notice of Termination of Investigation**

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on April 11, 2003 in response to a petition filed by a company official on behalf of workers at Tecumseh Products, Douglas Operations, Douglas, Georgia.

The petitioner has requested that the petition be withdrawn. Consequently, the investigation has been terminated.

Signed at Washington, DC, this 28th day of April, 2003.

#### **Tower Automotive, Inc., Milwaukee, WI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 23, 2003, applicable to workers of Tower Automotive, Inc., Milwaukee, Wisconsin. The notice was published in the **Federal Register** on February 24, 2003 (68 FR 8623).

The Department reviewed the certification for workers of the subject firm. The workers produce structural component parts and assemblies for light truck bodies.

New findings show that there was a previous certification, TA-W-38,407, issued on January 31, 2001, for workers of Tower Automotive, Inc., Milwaukee, Wisconsin who were engaged in

employment related to the production of structural component parts and assemblies for light truck bodies. That certification expired January 31, 2003. To avoid an overlap in worker group coverage, the certification is being amended to change the impact date from December 9, 2001 to February 1, 2003, for workers of the subject firm.

The amended notice applicable to TA-W-50,339 is hereby issued as follows:

All workers of Tower Automotive, Inc., Milwaukee, Wisconsin, who became totally or partially separated from employment on or after February 1, 2003, through January 23, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Signed at Washington, DC this 29th day of April, 2003.

## DEPARTMENT OF LABOR

### Employment Standards Administration Wage and Hour Division

#### **Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions**

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by

the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 26a) and of other Federal statutes referred to in 29 CFR part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and Federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR part 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued
