Shipping Coordinating Committee; Notice of Meeting

The Shipping Coordinating Committee (SHC) will conduct an open meeting at 9:30 a.m. on Tuesday, May 20, 2003, in Room 2415, at U.S. Coast Guard Headquarters, 2100 Second Street, SW., Washington, DC. The purpose of the meeting is for members of the SHC to discuss and decide upon changes to the SHC charter regarding SHC subcommittee structure. The proposed change to the subcommittee structure is described below.

The SHC has presently established six subcommittees, the Subcommittee for the Prevention of Marine Pollution, the Subcommittee on Safety of Life at Sea, the Maritime Law Subcommittee, the Subcommittee on Tonnage and Measurement, the Subcommittee on the United Nations Conference on Trade and Development (UNCTAD) and the Subcommittee on Ocean Dumping. This subcommittee structure was established

at the time of the original SHC charter in 1958, and has not been amended since the mid-1970's. The Subcommittees on Tonnage Measurement and UNCTAD have not met in over 10 years. The primary focus of the SHC is to assist in the development of and receive public input on U.S. negotiating positions at the International Maritime Organization (IMO) and on various international instruments (*i.e.*, treaties, conventions and protocols) administered by the IMO. Over the last 15 years, the IMO has added a number of committees and subcommittees, whose functions are not directly addressed by the current subcommittees contained in the SHC Charter.

At this meeting SHC members will be asked to discuss and decide whether to:

1. Disestablish the Subcommittee on Tonnage and Measurement and the Subcommittee on UNCTAD.
2. Establish the following new subcommittees:
 - a. The Subcommittee on IMO Administration and Budgeting. The purpose of the subcommittee would be to ascertain views and make recommendations consistent with paragraphs (1) and (2) of Article I of the SHC Charter for matters before the IMO Assembly and Council.
 - b. The Subcommittee on IMO Technical Cooperation. The purpose of the subcommittee would be to ascertain views and make recommendations consistent with paragraphs (1) and (2) of Article I of the SHC Charter for matters before the IMO Technical Cooperation Committee.
 - c. The Subcommittee on Facilitation. The purpose of the subcommittee would be to ascertain views and make recommendations consistent with paragraphs (1) and (2) of Article I of the SHC Charter in regards to United States participation in the Convention on Facilitation of International Maritime Traffic, 1965, and for matters before the IMO Facilitation Committee.
 - d. The Subcommittee on the Carriage of Bulk Liquids and Gases. The purpose of the subcommittee would be to ascertain views and make recommendations consistent with paragraphs (1) and (2) of Article I of the SHC Charter for matters before the IMO Bulk Liquids and Gases Subcommittee.
 - e. The Subcommittee on Ship Design and Equipment. The purpose of the subcommittee would be to ascertain views and make recommendations consistent with paragraphs (1) and (2) of Article I of the SHC Charter for matters before the IMO Design and Equipment Subcommittee.
