Because the issues raised by field testing and by issuance of a license are identical, APHIS has concluded that the EA that is generated for field testing would also be applicable to the proposed licensing action. Provided that the field test data support the conclusions of the original EA and the issuance of a FONSI, APHIS does not intend to issue a separate EA and FONSI to support the issuance of the product license, and would determine that an environmental impact statement need not be prepared. APHIS intends to issue a veterinary biological product license for this vaccine following completion of the field test provided no adverse impacts on the human environment are identified and provided the product meets all other requirements for licensure.

SUPPLEMENTARY INFORMATION:

I. Abstract

Under the Rehabilitation Act of 1973, Federal agencies must provide reasonable accommodation to qualified employees or applicants with disabilities, unless to do so would cause the undue hardship. Unless an accommodation would pose an undue hardship, the Department will provide reasonable accommodation to a qualified individual with a disability who is an:

a. Applicant who needs an accommodation in order to be considered for a job (any change to a job application process that enables a qualified applicant with a disability to be considered for the position such qualified applicant desires);

b. Employee who needs an accommodation to enable him or her to perform the essential functions of the job or to gain access to the workplace (any change to the work environment, or to the manner or circumstances under which the position held or desired is customarily performed, that enables a qualified individual with a disability to perform the essential functions of that position); or

c. Employee who needs an accommodation to enjoy equal benefits and privileges of employment (that which enables an employee with a disability to enjoy equal benefits and privileges of employment as are enjoyed by other similarly situated employees without disabilities).

Executive Order 13164 requires Federal agencies to provide written procedures for reasonable accommodation for employees and applicants. Records must be maintained in order to evaluate the fair application of the procedures for the DOC. To do so, a form has been developed to comprise the report for each reasonable accommodation request.

In order to ensure that the DOC process requests for reasonable accommodation in a fair, timely and equitable manner, applicants for employment and current employees are asked to verify their requests in writing by using form CD 575.

The information shall be collected through the use of a paper form and available on the Internet.
