SUPPLEMENTARY INFORMATION:**General Information**

This solicitation is issued pursuant to section 607(b)(4) of the Rural Development Act of 1972, as amended by section 759A of the Federal Agriculture Improvement and Reform Act of 1996. Also, this solicitation is issued pursuant to Executive Order 13256 (February 12, 2002),—"President's Board of Advisors on Historically Black Colleges and Universities."

RBS was established by the Department of Agriculture Reorganization Act of 1994. The mission of RBS is to enhance the quality of life for rural Americans by providing leadership in building competitive businesses including sustainable cooperatives that can prosper in the global marketplace. RBS meets these goals by: investing financial resources and providing technical assistance to businesses and cooperatives located in rural communities and establishing strategic alliances and partnerships that leverage public, private, and cooperative resources to create jobs and stimulate rural economic activity.

The primary purpose of the 1890 Land Grant Institutions Rural Entrepreneurial Program Outreach Initiative is to promote Rural Development programs, provide outreach and technical assistance, and encourage and assist underserved rural community residents to participate in the USDA-Rural Development programs, especially those administered by RBS. This outreach initiative is also designed to develop programs that will develop future entrepreneurs and businesses in rural America in those communities that have the most economic need. These programs must provide sustainable development that is in keeping with the needs of the community and are designed to help overcome current identified economic problems. Proposals in both traditional and nontraditional business enterprises are encouraged. The initiative seeks to create a working partnership through cooperative agreements between 1890 Institutions and RBS, to develop

programs to assist future entrepreneurs and businesses.

RBS plans to use cooperative agreements with the 1890 Institutions to strengthen the capacity of these communities to undertake innovative, comprehensive, citizen led, long-term strategies for community and economic development. The cooperative agreements will be for an outreach effort to promote RBS programs in targeted underserved rural communities and shall include, but are not limited to:

(a) Developing a program of business startup and technical assistance for assisting with new business development, business planning, franchise startup and consulting, business expansion studies, marketing analysis, cashflow management, and seminars and workshops for small businesses;

(b) Developing management and technical assistance plans that will:

(1) Assess small business alternatives to traditional agricultural and other natural resource based industries;

(2) Assist in the development of business plans or loan packages, marketing, or bookkeeping;

(3) Assist and train small businesses in customer relations, product development, or business planning and development.

(c) Assessing and conducting feasibility studies of local community weaknesses and strength, feasible alternatives to agricultural production, and the necessary infrastructure to expand or develop new or existing businesses;

(d) Providing community leaders with advice and recommendations regarding best practices in community economic development stimulus programs for their communities;

(e) Conducting seminars to disseminate information to stimulate business and economic development in selected rural communities; and

(f) Developing computer technology outreach and establishing and maintaining a computer network system, linking community leaders and residents to available economic development information.

Applicants are encouraged to closely examine the evaluation criteria noted in the "Evaluation Criteria and Weights" section of this notice as proposals are prepared.

Use of Funds

Funds may be used to pay up to 75 percent of the costs for carrying out relevant projects. Applicants' contributions may be in cash or in-kind contributions and must be from non-Federal funds. Funds may not be used to: (a) Pay more than 75 percent of relevant project or administrative costs; (b) pay costs of preparing the application package; (c) fund political activities; (d) pay costs prior to the effective date of the cooperative agreement; (e) provide for revolving funds; (f) do construction; (g) conduct any activities where there is or may appear to be a conflict of interest; or (h) purchase real estate.

Based on the Consolidated Appropriations Resolution, 2003, (Pub. L. 108-7, Feb. 20, 2003), "No funds appropriated by this Act may be used to pay indirect cost rates on cooperative agreements or similar arrangements between the United States Department of Agriculture and nonprofit institutions in excess of 10 percent of the total cost of the agreement when the purpose of such cooperative arrangement is to carry out programs of mutual interest between the two parties."

Available Funds and Award Limitations

The total amount of funds available in FY 2003 for support of this program is approximately \$1.5 million. Applicants should request a budget commensurate with the project proposed. Total funds to be awarded will be distributed to the 1890 Institutions, competitively, for the purpose of conducting outreach and providing technical assistance to targeted small rural communities. This outreach initiative includes, but is not limited to, technical assistance in economic and community development, feasibility studies, research, market development, loan packaging, conducting workshops and seminars in the area of business and economic development, and developing and providing access to computer technology and website development to

the targeted population and communities. The actual number of cooperative agreements funded will depend on the quality of proposals received and the amount of funding requested. Maximum amount of Federal funds awarded for any one proposal will be \$150,000. It is anticipated that a typical award would range from \$75,000 to \$150,000. A larger award may be granted at the RBS Administrator's discretion.

Eligible Applicants and Beneficiaries

Eligible applicants are 1890 Institutions. Eligible applicants must provide matching funds equal to at least 25 percent of the amount provided by RBS in the cooperative agreement. Matching funds must be spent in proportion to the spending of funds received from the cooperative agreement. The applicant and assigned personnel must also have expertise and experience in providing the recommended assistance. Applicants should also have a previous record of successful implementation of similar projects and must have the expertise in the use of electronic network technologies and/or a business information system network website.

Eligible beneficiaries must be located in a rural area as defined in 7 U.S.C. 1991(a)(b) with economic need. Economic need can be demonstrated by the methods delineated in the "Evaluation Criteria and Weights" section of this Notice. Location in an Empowerment Zone, Enterprise Community, Champion Community, Federally-recognized Tribal Indian groups or other Federally declared economic depressed or disaster area is sufficient evidence of economic need. Eligible beneficiaries must also be located in communities that show significant community support for the proposal. Preference will be given for projects that operate in a multi-county service area.

Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project; however, the subcontracted amount may not exceed one-third of the total Federal award.

Methods for Evaluating and Ranking Applications

Each application will be evaluated in a two-part process. First, each application will be screened to ensure that it meets the administrative requirements as set forth in this Notice of Request for Proposals. Second, a number of expert reviewers will conduct a merit review based on the

"Evaluation Criteria and Weights" section of this notice. The review of the individual reviewers will be used by RBS to determine which application will be recommended to the RBS Administrator for funding. Evaluated applications will be ranked based on merit. The RBS Administrator will make final approval for those applications recommended for an award. If there is a tie score after the proposals have been rated and ranked, the tie will be resolved by the proposal with the largest matching funds as a percent of the Federal amount of the award.

Evaluation Criteria and Weights

Proposals will be evaluated using the following seven criteria. Each criterion is given the weight value shown with total points equal to 100. The points assigned provide an indication of the relative importance of each section and will be used by the reviewers in evaluating the proposals. Points do not have to be awarded by RBS for each criterion. After all proposals have been evaluated, the Administrator may award an additional 10 discretionary points to any proposal to obtain the broadest geographic dispersion of the funds, insure a broad diversity of project proposals, or insure a broad diversity in the size of the awards.

(a) *Support of Local Community (Up to 10 points)*—Proposals should have the support of local government, educational, community, and business groups. Higher points will be awarded for proposals demonstrating broad support from all components of the communities served. Broad support is demonstrated by tangible contribution, such as volunteering human capital, computers, transportation, and/or co-sponsoring workshops and conferences. Points will be awarded based on the level of tangible contribution in comparison to the size of the award. Tangible support must be stated in letters from supporting entities.

(b) *Matching Funds/Leveraging (Up to 15 points)*—This criteria relates to the extent to which the institution has the capacity to support the project with matching funds and leveraging additional funds and resources to carry out this outreach initiative.

A maximum of 10 points will be awarded based upon the amount the proposal exceeds the minimum 25 percent matching requirement. Applicants will be required to provide matching funds or equivalent in-kind in support of this project. Evidence of matching funds availability must be provided. Funds or equivalent in-kind must be available at the time the cooperative agreement is entered into.

Matching funds points will be awarded as listed below.

25 percent to 35 percent match—2 points

35 percent to 50 percent match—5 points

50 percent to 75 percent match—7 points

75 percent match—10 points

Up to 5 additional points may be awarded based on the applicant's capacity to leverage additional funds and resources from other private and nonprivate sources to support this outreach initiative. Applicants must provide sufficient information on the amount and sources of leveraging activities for the evaluation panel to properly rate this criterion.

(c) *Economic Need of Community (Up to 20 points)*—This criterion will be evaluated based on the economic need of the targeted communities.

A maximum of 7 points will automatically be awarded to proposals with one or more of the following entities in a targeted community(s): Empowerment Zones, Enterprise Communities, Champion Communities, Federally-recognized Indian Tribal groups, and other Federally declared economic depressed or disaster areas. Applicants must provide sufficient information for the panel to properly rate this part of the above criterion. The proposals must state the name and location of the declared economic depressed area.

Rural underserved targeted counties/communities should be the same as the RBS definition for rural eligibility, which is any area other than a city or town that has a population of greater than 50,000 inhabitants and the urbanized area contiguous and adjacent to such a city or town, as defined by the U.S. Bureau of the Census using the latest decennial census of the United States.

Also, for this criterion, a maximum of 8 points will be awarded for demonstrated economic need based on the currently available poverty rate of the targeted local community(s).

Applicants may use targeted county/or community poverty rates if available. When multi-communities proposals are submitted, the overall weighted average for all counties or communities will be used. Applicants must use current (2000 Census) poverty data for each targeted county/or community and for their respective State. Points will be awarded based on the differences in the targeted county/or community average poverty from the respective State poverty rate (average targeted county or community poverty rate-State poverty rate) as

following. Percents will be rounded to the next whole number.

Less than 3 percent—0 points

3–6 percent—1 point

7–10 percent—2 points

11–15 percent—5 points

Greater than 15 percent—8 points

Up to five additional points may be awarded for this criterion based on the applicant's ability to demonstrate or identify other economic needs of the targeted communities, such as, but not limited to, unemployment rates, education levels, and job availability. The applicant must provide sufficient information for the panel to properly rate this part of the above criterion.

(d) *Previous Accomplishments (Up to 10 points)*—This criterion will be evaluated based on the applicant's previous accomplishments with this outreach initiative and/or demonstrative capacity to conduct similar outreach work.

A point will be awarded to those institutions for each year they have been awarded a cooperative agreement under this program up to 5 years. Applicants must provide evidence of satisfactorily completing the agreement for each year that they claim for credit.

Up to five additional points may be awarded based on the applicant's ability to document the impact of their project upon the targeted underserved rural communities. It is incumbent upon the applicant to provide information as to the type of services delivered, the names of rural communities, and the number of targeted audiences served the last year awarded.

Applicants with zero or less than 5 recent years of awards in this program may receive up to the maximum 10 points by highlighting the institution's commitment and previous performance on this project or projects with similar outreach objectives. The applicant should discuss the potential impact of their project upon the targeted underserved rural communities, as well as describing previous similar outreach work.

(e) *Statement of Work (up to 20 Points)*—This criterion relates to the degree to which the proposed project addresses the major purposes for the "1890 Land Grant Institutions Rural Entrepreneurial Program Outreach Initiative." Points will be awarded according to the degree to which the statement of work reflects innovative strategies for providing outreach and assistance to the targeted underserved rural entrepreneurs, businesses and communities, and the potential for achieving project objectives. To receive the maximum points, proposals must

have a clearly and concisely stated work plan showing objectives, goals, timetables, expected results, measurable outcomes, and who will be performing various activities, including RBS involvement.

(f) *Digital Technology Outreach (Up to 10 points)*—This criterion is meant to evaluate the applicant's level of outreach and capacity to provide innovative and effective computer technology outreach to the underserved targeted rural communities.

A maximum of 5 points will be awarded based on the applicant's demonstrated capacity to promote innovations and improvements in the delivery of computer technology benefits to underserved rural communities whose share in these benefits is disproportionately low. Examples of innovations and improvements in this needed area include, but are not limited to, computer-base, decision support systems to assist entrepreneurs and rural community governments in taking advantage of relevant technologies or efficacious delivery systems for business information or resource management assistance for rural underserved entrepreneurs and local governments and providing business information systems network.

Up to five additional points may be awarded based on the qualification and subject skill level of the individuals directly conducting the technology outreach activities. Applicants must provide sufficient information for the evaluation panel to properly rate this technology criterion.

(g) *Coordination and Management of the Project (Up to 15 points)*—This criterion will be evaluated based on the applicant's demonstrated capacity to coordinate and manage this type of outreach initiative among the various stakeholders.

A maximum of 8 points will be awarded for the coordination plan. Applicants will need to describe the role and coordination mechanisms among various participants, including communities, the applicant, and RBS. The nature of the collaborations and benefits to participants must also be described.

By definition, a cooperative agreement requires sufficient involvement by the funding agent in carrying out the project objectives in the project. Therefore, up to 7 additional points may be awarded for this criterion based on demonstration of broad involvement and collaboration with each applicant's respective RBS State Office as related to the outreach project. This involvement and collaboration

should include, but is not limited to: (1) RBS State Office input and review of institution's proposal, (2) invitations to attend and participate in workshops and conferences when needed, (3) on-going monitoring of the outreach project, and (4) directing applicants to the RBS State Office when applicable.

Deliverables

During the term of the negotiated agreements, the recipients will deliver quarterly reports of progress of the work to RBS and prepare and deliver a final report detailing all work done and results accomplished. In addition, all reports forwarded to RBS must be forwarded to the Rural Development State Office. Also, upon request by RBS, the recipient will deliver manuscripts, videotapes, software, or other media, as may be identified in approved proposals. RBS retains those rights delineated in 7 CFR 3019.36. Also, the recipients will deliver project outreach success stories and other project related information requested by RBS for use on the website (<http://bisnet.sus.edu>), or other websites designated by RBS.

Award Amount

In the event that the applicant is to receive an award that is less than the amount requested, the applicant will be required to modify the application to conform to the reduced amount before execution of the cooperative agreement. RBS reserves the right to reduce or de-obligate any award if acceptable modifications are not submitted by the awardees within 10 working days from the date the application is returned to the applicant. Any modification must be within the scope of the original application.
