Notice of Availability of a Safe Harbor Agreement and Receipt of Application for an Enhancement of Survival Permit for Activities on the (Crosswhite) EC Bar Ranch, Apache County, AZ

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of availability and 30-day
public comment period.

SUMMARY: James W. Crosswhite
(Applicant) has applied to the U.S. Fish
and Wildlife Service (Service) for an
enhancement of survival permit
pursuant to section 10(a)(1)(A) of the
Endangered Species Act (Act). The
permit application includes a proposed
Safe Harbor Agreement between the
Applicant and the Service. The
Applicant has been assigned permit
number TE-075891-0. The proposed
Agreement and permit would become
effective upon signature of the
Agreement and both would remain in
effect for 50 years. The requested permit
would authorize take of two federally
listed species—the endangered
southwestern willow flycatcher
(*Empidonax traillii extimus*) and the
threatened Little Colorado River
spinedace (*Lepidomeda vittata*). The
proposed take could occur as a result of
conservation measures implemented on
2.5 miles of Nutrioso Creek in Apache
County, Arizona.

Based upon guidance in the Service's
June 17, 1999, Final Safe Harbor Policy,
if a Safe Harbor Agreement and
associated permit are not expected to
individually or cumulatively have a
significant impact on the quality of the
human environment or other natural
resources, the Agreement/permit may be
categorically excluded from undergoing
National Environmental Policy Act
(NEPA) review. We have made a
preliminary determination that the
proposed Agreement and permit
application qualify as a "Low Effect"
