*Needs and Uses:* 47 CFR 73.213 requires licensees of grandfathered short-spaced FM stations seeking to modify or relocate their stations to provide a showing demonstrating that there is no increase in either the total predicted interference area or the associated population (caused or received) with respect to all grandfathered stations or increase the interference caused to any individual stations. Applicants must demonstrate that any new area predicted to lose service as a result of interference has adequate service remaining. In addition, licensees are required to serve a copy of any application for co-channel or first-adjacent channel stations proposing predicted interference caused in any area where interference is not currently predicted to be caused upon the licensee(s) of the affected short-spaced station(s). The FCC uses the data to determine if the public interest will be served and that existing levels of interference will not be increased to other licensed stations. Providing copies of application(s) to affected licensee(s) enables potentially affected parties to examine the proposals and to provide the parties with an opportunity to file informal objections against such applications.

The Form 302-CA requires a series of certifications by the Class A applicant as prescribed by the CBPA. Licensees are required to provide weekly announcements to their listeners informing them that the applicant has applied for a Class A license and announcing the public's ability to comment on the application prior to Commission action. FCC staff use the data to confirm that the station has met the eligibility standards to convert their licenses to Class A status. The Form 302-CA data are also included any subsequent license to operate the station.

*OMB Control Number:* 3060-0932.

*Title:* Application for Authority to Make Changes in a Class A TV Broadcast Station, FCC Form 301-CA.

## FEDERAL COMMUNICATIONS COMMISSION

[DA 03-3391]

### NYNEX Waiver of Access Charges

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice; termination of proceeding.

**SUMMARY:** This document provides notice of the termination of a proceeding seeking reconsideration of a 1995 Commission order granting NYNEX a waiver of certain parts of the access charge rules. NYNEX (now Verizon) no longer charges the specific access charges at issue in this proceeding, therefore the substantive issues in this proceeding are moot.

**DATES:** This proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination prior to that date.

**ADDRESSES:** Oppositions to the proceeding termination should be mailed to the Commission's Secretary through the Commission's contractor, Natek, Inc., at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002.

**FOR FURTHER INFORMATION CONTACT:** Jennifer McKee, Wireline Competition Bureau, Pricing Policy Division, (202) 418-1530.

**SUPPLEMENTARY INFORMATION:** On May 4, 1995, the Commission released an order in the above-referenced proceeding granting NYNEX a waiver to deaverage the transport interconnection charge (TIC) and recover the carrier common line (CCL) charge on a per-line, rather

than a per-minute, basis. AT&T and Teleport filed petitions for reconsideration of this order on June 5, 1995. On October 16, 2003, AT&T filed a request to withdraw both its reconsideration petition and that of Teleport, which is now owned by AT&T. Based on its request to withdraw, AT&T's reconsideration petitions are dismissed without prejudice. 47 CFR 1.748. It appears that there are no pending petitions for reconsideration or applications for review in this proceeding. At this time, Verizon (formerly NYNEX) no longer charges the TIC or the CCL charge at issue in the proceeding, thus the substantive issues in this proceeding are moot. Therefore, the proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination before that date.

Parties filing oppositions to the termination of this proceeding must file an original and four copies of each filing. The filings should reference the DA number of this Public Notice, DA 03-3391. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002.

- The filing hours at this location are 8 a.m. to 7 p.m.

- All hand deliveries must be held together with rubber bands or fasteners.

- Any envelopes must be disposed of before entering the building.
