May 23, 2003.

Solaro Energy Marketing Corporation (Solaro) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed rate schedule provides for the sale of capacity and energy at market-based rates. Solaro also requested waiver of various Commission regulations. In particular, Solaro requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Solaro.

On May 21, 2003, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is June 20, 2003.

Absent a request to be heard in opposition by the deadline above, Solaro is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Solaro, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Solaro's issuances of securities or assumptions of liability.
