

requirements of § 58.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than May 27, 2003.

The following is a brief overview of the application.

Level of the proposed PFC: \$4.50.

Proposed charge effective date: June 1, 2003.

Proposed charge expiration date: May 30, 2004.

Total requested for use approval: \$123,500.

Brief description of proposed project: Phase II Pavement Overlay—Taxiway G Slurry Seal; Equipment Garage; Security Fencing; Acquire Vacuum Runway Sweeper and Curb Sweeper; Segmented Circle and Wind Tee; Update Master Plan and Runway Snow Plow.

Class or classes of air carriers, which the public agency has requested, not be required to collect PFC's: None.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and the FAA Regional Airports Office located at: Federal Aviation Administration, Northwest Mountain Region, Airports Division, ANM-600, 1601 Lind Avenue SW., Suite 315, Renton, WA 98055-4056.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Pangborn Memorial Airport. Issued in Renton, Washington on February 26, 2003.

David A. Field,

Manager, Planning, Programming and Capacity Branch, Northwest Mountain Region.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Airborne Navigation Sensors Using the Global Positioning System Augmented by the Local Area Augmentation System

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of availability and request for public comment.

SUMMARY: This notice announces the availability of and requests comments on a draft Technical Standard Order (TSO) C-162, Local Area Augmentation System Very High Frequency Data Broadcast Equipment. The draft TSO tells manufacturers seeking TSO authorization or letter of design

approval what minimum performance standards (MPS) their Very High Frequency (VHF) data broadcast (VDB) equipment using the Global Positioning System (GPS) augmented by the Local Area Augmentation System (LAAS) must first meet for approval and identification with the applicable TSO marking.

DATES: Submit comments on or before April 8, 2003.

ADDRESSES: Send all comments on the proposed TSO to: Federal Aviation Administration, Aircraft Certification Service, Room 815, AIR-130, 800 Independence Avenue, SW., Washington, DC 20591. You may deliver comments to: Federal Aviation Administration, 800 Independence Avenue, SW., Room 815, Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT: Mr. Bruce DeCleene, Federal Aviation Administration, Aircraft Certification Service, Room 815, AIR-130, 800 Independence Avenue, SW., Washington, DC 20591, Telephone: (202) 385-4640, Fax: (202) 385-4651.

SUPPLEMENTARY INFORMATION:

Comments Invited

You are invited to comment on the draft TSO listed in this notice by submitting written data, views, or arguments, to the address listed above. Your comments should be identified as "Comments to TSO C-162." You can examine comments on the draft TSO before and after the closing date, at the Federal Aviation Administration, Room 815, 800 Independence Avenue, SW., Washington, DC 20591, weekdays except Federal Holidays between 8:30 a.m. and 4:30 p.m. All communications received on or before the closing date will be considered by the Director of the Aircraft Certification Service before issuing the final TSO.

Background

The FAA is pursuing differential GPS technology under the LAAS program. LAAS ground facilities will be consistent with the International Civil Aviation Organization standards for Ground-based Augmentation Systems for GPS that support Category I precision approaches and the positioning service. RTCA has developed standards for airborne navigation equipment using LAAS. Two new TSOs have been drafted based upon the RTCA standards. One TSO is for the VHF data broadcast receive function; the other is for the position and navigation function.

How To Obtain Copies

You may get a copy of the draft TSO from the Internet at: <http://av-info.faa.gov/tso/Tsopro/Proposed.htm>. You may also request a copy from Mr. Bruce DeCleene. See section entitled **FOR FURTHER INFORMATION CONTACT** for complete address.

Issued in Washington, DC, on February 28, 2003.

Susan J.M. Cabler,

Deputy Manager, Aircraft Engineering Division, Aircraft Certification Service.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Bossier, Webster, and Claiborne Parishes, Louisiana and Union and Columbia Counties, Arkansas

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: FHWA is issuing this notice to advise the public that an

Environmental Impact Statement will be prepared for a proposed Interstate highway project in Bossier, Claiborne, and Webster Parishes, Louisiana and in Union and Columbia Counties, Arkansas.

FOR FURTHER INFORMATION CONTACT: Mr. William Farr, Program Operations Manager, Federal Highway Administration, 5304 Flanders Drive, Suite A, Baton Rouge, Louisiana 70808, Telephone: (225) 757-7615, or Mr. Vincent Russo, Environmental Engineer Administrator, Louisiana Department of Transportation and Development, Post Office Box 94245, Baton Rouge, Louisiana 70804-9245, Telephone: (225) 248-4190, or Mr. Randal Looney, Environmental Specialist, Federal Highway Administration, Federal Office Building, 700 West Capitol Avenue, Room 3130 Little Rock, Arkansas 72201, Telephone: (501) 324-6430 or Mr. Bill Richardson, Asst. Division Head, Environmental Division, Arkansas Highway and Transportation Department, 10324 Interstate 30, Little Rock, Arkansas 72201, Telephone: (501) 569-2379. Project information may be obtained from the project Internet web site at www.i69arkla.com and the project hotline at 1-877-886-9233.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Louisiana Department of Transportation and Development (DOTD) and the Arkansas Highway and Transportation Department (AHTD), will prepare an Environmental Impact Statement (EIS) on a proposal to construct section of independent utility (SIU) Number 14 for the proposed Interstate Highway 69 (I-69) in Bossier, Webster, and Claiborne Parishes, Louisiana and in Union and Columbia Counties, Arkansas. This proposal will provide a divided four-lane, limited access highway on new location between Interstate Highway 20 (I-20) near the Town of Haughton in Bossier Parish, Louisiana to U.S. Highway 82 (U.S. 82) near the Town of El Dorado in Union County, Arkansas, a distance of approximately 80 miles. The proposed new highway is a portion of the planned improvements to Congressionally-designated High Priority Corridor Numbers 18/20, which will link Indianapolis, Indiana to the Texas/Mexico border. The purpose of this proposal is to improve international and interstate trade in accordance with national and state goals; to facilitate economic development in accordance with state, regional, and local policies and plans; and to improve surface transportation consistent with national, state, regional, and local needs and with

the Congressional designation of the corridor.

Social, economic, and environmental considerations will determine the number and location of alternatives to be developed during the preparation of the EIS. The western terminus of the proposed highway will be an interchange at I-20 near the Town of Haughton in Bossier Parish, Louisiana. The eastern terminus of the proposed highway will be an interchange at U.S. 82 near the town of El Dorado in Union County, Arkansas.

Alternatives under consideration include (1) the no build and (2) constructing a four-lane, limited access highway within the limits described above, on various alignment alternatives.

Letters describing the proposed action and soliciting comments will be sent to the appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. Federal and State agencies with jurisdiction by law with regards to the socials, economic and environmental impact of his proposal will be requested to act as a Cooperating Agency in this matter in accordance with 40 CFR 1501.6. Numerous public involvement initiatives, including public meetings, newsletters, and advisory committee meetings will be held throughout the course of this study. Additionally, a Public Hearing will be held. Public notice will be given, in local newspapers, of the time and place of the meetings and hearing. The Draft EIS will be available for public and agency review prior to the Public Hearing. A formal scoping meeting will be held upon initiation of this project.

Three public scoping meetings will be held with the intent of soliciting public concerns related to issues that should be evaluated in detail in the study. Dates, times and locations of these meetings follow:

- Tuesday, March 25, 2003, 4-7 p.m.: South Arkansas Community College, West Campus Library Auditorium, 3200 Southwest Avenue, El Dorado, Arkansas 71730;
- Wednesday, March 26, 2003, 4-7 p.m.: Claiborne Parish Fair Barn Complex, 1563 Fairgrounds Drive, Haynesville, Louisiana 71038; and
- Thursday, March 27, 2003, 4-7 p.m.: Minden Civic Center Complex Court/Meeting Room, 520 Broadway, Minden, Louisiana 71055.

To ensure that the full range of issues related to this proposal are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or
