*Total Estimated Burden:* 66,711 hours.

*Total Burden Cost (Capital/Startup):* The Office of Job Corps has automated the data collection process for its Centers. The Center Information System allows all centers to directly input data into a national database. As a result, the burden hours associated with the preparation of forms has decreased significantly. The maintenance cost associated with the system is estimated to be \$2.7 million a year for hardware and software.

*Total Burden Cost (Operating/Maintaining):* The costs to contractors for accomplishing record keeping requirements is contracted and computed by the Federal government annually. While precise costs cannot be identified, at the present time and based on past experience, the annual and related costs for contractor staff are estimated to be \$955,458, which represents an average cost of \$14.00 per hour.
