

cut and remove Lodgepole Pine sawtimber and road construction/reconstruction, Montpelier Ranger District, Caribou National Forest, U.S. Army Corps of Engineers permit, Bear Lake County, ID.

Summary: No formal comment letter was sent to the preparing agency.

ERP No. F-BLM-J65374-WY, Snake River Resource Management Plan, BLM-administrated public land and resources allocation and management, Snake River, Jackson Hole, Teton County, WY.

Summary: EPA supports BLM's decision to select the preferred alternative to transfer ownership of BLM-administered lands to other agencies. While this alternative has potential for minimal impacts to the environment, it contains uncertainties regarding the impacts to riparian areas and achieving management goals under future land-transfer agreements.

ERP No. F-BLM-K65241-CA, Headwaters Forest Reserve, Implementation Resource Management Plan, long-term management plan and planning framework, located in the northwestern Coast Ranges near Humboldt Bay in Humboldt County, CA.

Summary: EPA expressed no objection to the proposed project.

ERP No. F-COE-E39061-MS, Royal D'Iberville Hotel and Casino Development Project, construction and operation, U.S. Army COE section 10 and 404 and NPDES permits issuance, City of D'Iberville on the Back Bay, Mississippi Gulf Coast, Harrison County, MS.

Summary: EPA has no significant environmental concerns regarding construction of this casino hotel complex if the mitigation is performed as noted.

ERP No. F-COE-G35022-TX, Gulf Intracoastal Waterway in the Laguna Madre, maintenance dredging from the JFK Causeway to the Old Queen Isabella Causeway, Nueces, Kleberg, Kenedy, Willacy and Cameron County, TX.

Summary: No formal comment letter was sent to the preparing agency.

ERP No. F-FAA-C51022-NJ, Atlantic City International Airport, air service improvements, economic development and efficiency and safety enhancements, airport layout plan approval, Atlantic County, NJ.

Summary: EPA has no concerns with the implementation of the proposed project.

ERP No. F-NRS-G36165-OK, Cavalry Creek Watershed supplemental plan for Floodwater Retarding Structure No. 6, Washita River Basin, Washita County, OK.

Summary: No formal comment letter was sent to the preparing agency.

Dated: December 2, 2003.

Joseph C. Montgomery,
Director, NEPA Compliance Division, Office of Federal Activities.

Notice of Public Meeting of the National Environmental Education Advisory Council

Notice is hereby given that the National Environmental Education Advisory Council established under section 9 of the National Environmental Education Act of 1990 (the Act), will hold a public meeting on January 22 and 23, 2004. The meeting will take place 1200 Pennsylvania Ave., NW., Washington, DC from 9 a.m. to 5 p.m. on Thursday, January 22 and Friday, January 23. The purpose of this meeting is to provide the Council with an opportunity to advise EPA's Office of Public Affairs (OPA) and the Office of Environmental Education (OEE) on its implementation of the Act. Members of the public are invited to attend and to submit written comments to EPA following the meeting.

For additional information regarding the Council's upcoming meeting, please contact Ginger Potter, Office of Environmental Education (1704A), Office of Public Affairs, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460 or call (202) 564-0453.

Dated: December 3, 2003.

Ginger Potter,
Designated Federal Official, National Environmental Education Advisory Council.

Peer-Review Workshop on Time-Dependent Models and Technical Guidance Document Developed for Benchmark Dose Analysis of Neurobehavioral Toxicity Screening Data

AGENCY: Environmental Protection Agency.

ACTION: Notice of a peer-review workshop and public meeting.

SUMMARY: The U.S. Environmental Protection Agency (EPA) announces an expert peer-review workshop to review two time-dependent dose-response models and draft guidance for the application of these models to the assessment of data generated under EPA neurotoxicity screening test guidelines (63 FR 26926, May 14, 1998). Oak Ridge Institute for Science and Education (ORISE), an EPA contractor, will organize, convene, and conduct the peer-review workshop.

The workshop will focus on application of the new statistical and dose-response methods represented by these models to neurotoxicity data, but applications of these methods to other toxicological data will also be discussed. The Splus® model programs and draft guidance document to be reviewed were developed for the EPA's National Center for Environmental Assessment (NCEA) and National Health and Environmental Effects Laboratory (NHEERL) by the University of South Florida. They are both available for download from the workshop's registration Web site, <http://www.orau.gov/modelreview>.

Though the primary purpose of the workshop is to receive comments and suggestions from the peer-review panel members, members of the public are invited to attend the workshop as observers and will be allowed to present brief verbal and/or written comments at the end of the workshop. NCEA and NHEERL will consider comments received at the workshop in preparing the software and a revised guidance document for later release to the public.

DATES: The peer-review workshop will be held on Monday December 15, 2003 from 8:30 a.m. to 5 p.m.

ADDRESSES: The peer-review workshop will be held in Classroom C-112 of the U.S. Environmental Protection Agency, 109 T.W. Alexander Drive, Research Triangle Park, North Carolina 27709. Logistics and registration for the workshop are being arranged by ORISE, P.O. Box 117, Oak Ridge, TN 37831-0117. To attend the workshop, register by December 10, 2003, by going to the Web site at <http://www.orau.gov/modelreview>. Space is limited, and reservations will be accepted on a first-come, first-serve basis.

FOR FURTHER INFORMATION CONTACT: The EPA's contractor, Leslie Shaphard of ORISE, should be contacted at telephone: (865) 241-5784 or e-mail: ShaphardL@orau.gov for details pertaining to the workshop, registration,

and logistics. For technical information contact: Jeff Gift, U.S. EPA, NCEA-RTP, B243-01, Research Triangle Park, NC 27711; telephone: 919-541-4828; facsimile: 919-541-0245; or e-mail: gift.jeff@epa.gov.

SUPPLEMENTARY INFORMATION: The U.S. Environmental Protection Agency has supported the use of the benchmark dose (BMD) approach over the NOAEL/LOAEL approach for deriving reference doses for use in the risk assessment process. The software that is currently available at the EPA BMDS Web site (<http://www.epa.gov/ncea/bmds.htm>) does not allow for the modeling of data that are longitudinal in nature (e.g., sequential measurements of effects). With this in mind, the EPA has supported the development of this time-dependent modeling software and guidance for a particular application, the derivation of benchmark dose (BMD) and its lower confidence limit (BMDL) for data generated from the battery of neurotoxicity screening tests under guidance developed by EPA NHEERL.

Copies of the draft technical guidance document and the software will be available to the public at the registration Web site. Interested parties are invited to assist the EPA in further developing and refining this document at this peer-review workshop.

Dated: December 1, 2003.

Peter W. Preuss,

Director, National Center for Environmental Assessment.

Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations for Products Containing Tributyltin Methacrylate, and to Amend Certain Pesticide Registrations Containing Bis(tributyltin) Oxide to Terminate a Use

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations and to amend certain pesticide registrations to terminate a use. Atofina Chemicals, Inc. and Crompton Corporation have

requested that the registrations for all their tributyltin products registered for use in formulating antifouling paints or which are themselves antifouling paints be canceled, or if the products are registered for use in formulating other pesticides in addition to antifouling paints, that those registrations be amended to terminate the antifoulant use. Both registrants have requested that the voluntary cancellations and use terminations become effective as of November 30, 2003. Both companies have requested that they be permitted to sell affected products without change to the labels until that date and no later; no separate existing stocks provisions are necessary since the Agency intends to allow them to sell the affected products only until the effective date as requested. Both companies have waived the 180-day comment period typically allowed after a request for voluntary cancellation, and both companies have stated that their requests are irrevocable.

DATES: Unless the Agency receives substantive comments within the 30-day comment period that would merit further review of the requests, the Agency intends to issue orders granting these requests to cancel certain products, and to amend to terminate certain uses. Comments, identified by docket ID number OPP-2003-0291, must be received on or before January 5, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Please follow the detailed instructions for each method as provided in Unit I.C. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Jill Bloom, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8019; e-mail address: bloom.jill@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2003-0291. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket.
