Footnote 11:

The CRD system will process such Form U4 filings as follows. If a registered person has a "yes" answer to any question in Questions 14A through [JM] in the Disclosure Section of the Form U-4 on or after July 14, the CRD system will require that the firm filing an amended Form U-4 enter a response (by selecting the appropriate "yes" or "no" radio button) to new disclosure Question 14D(2) and also obtain a completed Section 15D. If those questions are not answered, the filing will fail the CRD system completeness check. For the sake of clarity, NASD notes that an amendment to a Form U-4 filing on or after July 14, for the purpose of adding a "yes" answer to Questions 14A through [JM], when previously there had been no "yes" answers, would require the firm filing the amendment to answer new disclosure Question 14D(2) and obtain a completed Section 15D.

If a registered person does not have a "yes" answer to Questions 14A through [JM] in the Disclosure Section of the Form U-4, the CRD system will default new disclosure Question 14D(2) with a "no" response for any filings prepared for submission after implementation of the new questions, and the firm will not be required to obtain a completed Section 15D for the purposes of answering Question 14D(2). Form U-4 amendments filed by the firm for such individuals will not fail the completeness check due to these new questions; however, by submitting the filing, firms will be representing that they are filing "no" answers to the new questions, unless they affirmatively change the "no" answer to "yes" before submitting the filing. Similarly, as discussed above, registered persons who have not filed an amended Form U-4 reporting credit union regulatory proceedings within the specified 30-day period will be deemed to have represented that they have not been the subject of any such proceedings.
