AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of RTCA Charter renewal.

SUMMARY: The FAA is issuing this notice to advise the public of the renewal of the RTCA Charter (FAA Order 1110.77P) for two years, effective March 13, 2003. The Administrator is the sponsor of the committee. The objective

of the advisory committee is to seek solutions to problems involving applied technology (for example, electronics, computers, and telecommunications) to aeronautical operations that impact the future air traffic management system. The solutions are often about recommended minimum operational performance standards and technical guidance documents that are acceptable to government, industry, and users. Standards ensure equivalent performance of the same generic equipment built by different manufacturers. Government regulatory and procurement practices reference or use RTCA standards (with or without change). The Secretary of Transportation has determined that the information and use of the committee are necessary in the public interest in connection with the performance of duties imposed on the FAA by law.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2003-14794]

Proposed Guidance for the Use of Binding Arbitration Under the Administrative Dispute Resolution Act of 1996

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT

ACTION: Notice of proposed guidance; Request for comments.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA), a modal administration within the U.S. Department of Transportation (DOT), proposes to use the alternative dispute resolution (ADR) technique of binding arbitration in civil penalty forfeiture proceedings in which the only issues remaining to be resolved are: (1) The amount of the civil penalty owed, and (2) the length of time in which to pay it. FMCSA will *not* agree to arbitrate maximum penalty cases issued pursuant to section 222 of the Motor Carrier Safety Improvement Act of 1999, or any cases that require interpretation of the regulations or analysis of important policy issues. FMCSA intends to implement binding arbitration immediately upon publication of this notice. Binding arbitration will be implemented to provide more efficient and effective resolution of the large volume of adjudication cases that are now before FMCSA's Chief Safety Officer. In accordance with section 575(c) of the Administrative Dispute

Resolution Act of 1996, FMCSA has submitted this Guidance to the Attorney General for consultation. The Attorney General concurs in the issuance of this Guidance. Changes to the arbitration program may be made, however, in accordance with any comments or information received by FMCSA concerning implementation of binding arbitration.

DATES: Comments must be received on or before May 30, 2003.

ADDRESSES: You may mail, fax, hand deliver or electronically submit written comments on the Guidance to the U.S. Department of Transportation, Dockets Management Facility, Room PL-401, 400 7th Street, SW., Washington, DC 20590-0001, FAX (202) 493-2251, on-line at <http://dms.dot.gov/submit>. Availability of the Guidance

This notice and request for comments merely identifies the Guidance. A complete copy of the Guidance has been placed in the public docket. The docket may be accessed at the U.S. Department of Transportation, Dockets Management Facility, Room PL-401, 400 7th Street, SW., Washington, DC 20590-0001, or on-line at <http://dms.dot.gov>. The docket number is provided at the beginning of this Notice.

Background

In the Administrative Dispute Resolution Act of 1996 (ADRA) (Pub. L. 104-320, 110 Stat. 3870 (October 19, 1996) (now codified at 5 U.S.C. 571-583)), Congress authorizes Federal agencies to utilize binding arbitration to resolve administrative disputes, provided that conditions specified in the ADRA are satisfied. Among other things, the ADRA requires interested agencies to develop and issue guidance on the appropriate use of arbitration. FMCSA has posted its Guidance at <http://www.fmcsa.dot.gov> as well as in the docket for this Notice at <http://dms.dot.gov> and is implementing binding arbitration in civil penalty forfeiture proceedings in which the only issues remaining to be resolved are the amount of the civil penalty owed and the length of time in which to pay it. The Chief Safety Officer will determine if a case is appropriate for arbitration and notify the parties in writing that the case will be referred to arbitration with the consent of both parties. A detailed explanation of the notification and consent process is provided in the Guidance. Cases requiring interpretation of the regulations or analysis of important policy issues will *not* be selected for binding arbitration. FMCSA will immediately modify or terminate the use of binding arbitration if there is reason to believe that continuing it is inconsistent with the goals and objectives of the safety regulations.
