

RETENTION AND DISPOSAL:

Paper copies of awarded proposals are transferred to the Federal Records Center one year after closeout where they are retained for an additional six years in accordance with EPA records schedule 003 as approved by the National Archives and Records Administration. Electronic data will be retained and disposed of in accordance with EPA records schedule 009 pending approval by the National Archives and Records Administration.

SYSTEM MANAGER(S) ADDRESS AND TELEPHONE NUMBER:

Kathie Herrin, Office of Grants and Debarment, Environmental Protection Agency, Ronald Reagan Building, 1200 Pennsylvania Avenue NW, Washington, DC 20460; (202) 564-5346.

NOTIFICATION PROCEDURE:

Any individual who wants to know whether this system of records contains a record about him or her, who wants access to his or her record, or who wants to contest the contents of a record, should make a written request to the System Manager. Complete EPA Privacy Act procedures are set out in 40 CFR part 16.

RECORD ACCESS PROCEDURES:

Requesters will be required to provide adequate identification, such as a driver's license, employee identification card, or other identifying document. Additional identification procedures may be required in some instances.

CONTESTING RECORDS PROCEDURES:

Requests for correction or amendment must identify the record to be changed and the corrective action sought. Complete EPA Privacy Act procedures are set out in 40 CFR part 16.

RECORD SOURCE CATEGORIES:

Academic institutions, principal investigators, applicants, and EPA and other Federal agency personnel.

SYSTEM EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

None.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7594-6]

Notice of Proposed Prospective Purchaser Agreement Pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. 9601, et seq., as Amended (CERCLA), Riverfront Superfund Site Operable Unit No. 1, New Haven, MO, EPA Docket No. CERCLA-07-2004-0004

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed Prospective Purchaser Agreement and opportunity for public comment.

SUMMARY: The United States Environmental Protection Agency (EPA) is proposing to enter into an Agreement and Covenant Not to Sue (Prospective Purchaser Agreement) pertaining to the Riverfront Superfund Site, Operable Unit No. 1 (OU1) located in the City of New Haven, Franklin County, Missouri. In addition to the EPA, the parties to this Prospective Purchaser Agreement will be the United States Department of Justice, the Missouri Department of Natural Resources, the Missouri Attorney General's Office, and the Industrial Development Authority of the City of New Haven, Missouri, a Missouri industrial development corporation and the prospective purchaser.

This Prospective Purchaser Agreement is subject to a 15 day public comment period, after which the United States, the EPA, and/or the State of Missouri may modify or withdraw their consent to the Prospective Purchaser Agreement if comments received disclose facts or considerations which indicate that this Prospective Purchaser Agreement is inappropriate, improper or inadequate.

DATES: Comments must be submitted on or before December 23, 2003.

ADDRESSES: Comments should be directed to David Hoefler, Attorney, United States Environmental Protection Agency, Region VII, 901 North 5th Street, Kansas City, Kansas 66101-2798, and should reference the Riverfront Superfund Site, Operable Unit No.1, New Haven, Missouri, Prospective Purchaser Agreement, Docket No. CERCLA-07-2004-0004.

A copy of the Prospective Purchaser Agreement may be obtained by contacting Mr. Hoefler at the above address, by phone at (913) 551-7503, or by e-mail at hoefler.david@epa.gov.

SUPPLEMENTARY INFORMATION: New Haven, Missouri is a city with a

population of approximately 1,700 located along the southern bank of the Missouri River in Franklin County, Missouri, approximately 40 miles west of St. Louis, Missouri. In 1986, the hazardous substance tetrachloroethene ("PCE"), was detected in two public-supply groundwater wells in the northern part of New Haven. Following this discovery, two new public-supply wells were installed in the southern part of the city, and several investigations into the source of the contamination were conducted by the Missouri Department of Natural Resources and EPA. The Riverfront Superfund Site is comprised of six operable units. The subject of this Prospective Purchaser Agreement is Operable Unit No. 1 (OU1). OU1 is located in the area of the northeast corner of Front Street and Cottonwood Street, just east of downtown New Haven. Located on OU1 is a 15,000 square foot, one story, concrete block and metal building. The highest PCE concentrations for OU1 have been detected in the soils beneath Front Street along the south side of this building. A plume of groundwater contaminated with PCE and its degradation products trichloroethene, cis-1,2-dichloroethene, and vinyl chloride emanates from this area of soil contamination and extends northward in the alluvium to the Missouri River where it discharges. This plume is not contributing to the PCE contamination that affected the city's closed water supply wells. On September 30, 2003, EPA issued a Record of Decision (ROD) for OU1. The ROD provides for the implementation of a remedial action to address contamination at OU1. The selected remedial action includes the use of an in-well stripper unit to treat contaminated soils and the head of the groundwater plume, as well as groundwater monitoring and institutional controls.

The Prospective Purchaser Agreement would resolve certain claims that the United States and the State of Missouri may have against the Industrial Development Authority of the City of New Haven, Missouri, the prospective purchaser of OU1, pursuant to sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a), with respect to the existing contamination. In addition, the Industrial Development Authority of the City of New Haven, Missouri will receive protection from contribution actions or claims as provided by section 113(f)(2) of CERCLA, 42 U.S.C. 9613(f)(2), for matters addressed in the Prospective Purchaser Agreement.

Pursuant to the Prospective Purchaser Agreement the Industrial Development Authority of the City of New Haven,

Missouri has agreed to commit OU1 in perpetuity for civic, park, and/or parking purposes. It will also impose certain use restrictions on OU1 through the grant of a restrictive covenant and easement to the State of Missouri; provide access to OU1 to the United States and the State for response action implementation, maintenance, and monitoring; provide notice of contamination to any successors in interest; exercise due care with regard to contamination at OU1; and cooperate with the United States and the State in its investigation and response to the release or threat of release of hazardous substances at OU1.

If the Industrial Development Authority of the City of New Haven, Missouri fails to comply with the Prospective Purchaser Agreement, it shall be liable for litigation and other enforcement costs incurred by the United States to enforce the Prospective Purchaser Agreement or otherwise obtain compliance.

Dated: November 25, 2003.

William Rice,

Acting Regional Administrator, Region VII.

FARM CREDIT ADMINISTRATION

Farm Credit Administration Board; Regular Meeting

AGENCY: Farm Credit Administration.

SUMMARY: Notice is hereby given, pursuant to the Government in the Sunshine Act (5 U.S.C. 552b(e)(3)), of the regular meeting of the Farm Credit Administration Board (Board).

DATES: The regular meeting of the Board will be held at the offices of the Farm Credit Administration in McLean, Virginia, on December 11, 2003, from 9 a.m. until such time as the Board concludes its business.

FOR FURTHER INFORMATION CONTACT: Jeanette C. Brinkley, Secretary to the Farm Credit Administration Board, (703) 883-4009, TTY (703) 883-4056.

ADDRESSES: Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102-5090.

SUPPLEMENTARY INFORMATION: Parts of this meeting of the Board will be open to the public (limited space available), and parts will be closed to the public. In order to increase the accessibility to Board meetings, persons requiring assistance should make arrangements in advance. The matters to be considered at the meeting are:

Open Session

A. Approval of Minutes

—November 13, 2003 (open and closed).

B. Reports

- Corporate/Non-corporate Report;
- FCS Building Association Quarterly Report;
- Compliance with Regulations B, M, and Z.

C. New Business—Other

- Final Approval of the FCA 2004–2009 Strategic Plan.

Closed Session*

Reports

- OSMO Quarterly Report;
- Update on the GAO Report Response.

Session closed-exempt pursuant to 5 U.S.C. 552b(c)(8) and (9).

Dated: December 4, 2003.

Jeanette C. Brinkley,

Secretary, Farm Credit Administration Board.

BILLING CODE 6705-01-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

November 26, 2003.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Pub. L. No. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of

information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments February 6, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Judith B. Herman, Federal Communications Commission, 445 12th Street, SW., Room 1-C804, Washington, DC 20554 or via the Internet to *Judith-B.Herman@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Judith B. Herman at 202-418-0214 or via the Internet at *Judith-B.Herman@fcc.gov*.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0955.

Title: 2 GHz Mobile Satellite Service Reports.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit.

Number of Respondents: 9.

Estimated Time Per Response: 3 hours.

Frequency of Response: On occasion reporting requirement and recordkeeping requirement.

Total Annual Burden: 27 hours.

Annual Cost Burden: \$14,000.

Needs and Uses: The 2 GHz mobile satellite service rules, 47 CFR Part 25, require disclosure in the form of a narrative statement, through amendments to applications or letters of intent, or orbital debris mitigation design and operational strategies and a casualty risk assessment if planned post-mission disposal involves atmospheric re-entry of spacecraft. This requirement will permit the Commission and the public to comment on each system's design. Two GHz mobile satellite systems receiving expansion spectrum as part of the rural and unserved areas spectrum incentive must provide a report on the actual number of subscriber minutes originating or terminating in unserved areas as a percentage of the actual U.S. system use. This rule will permit the Commission to verify that service is being provided in rural and unserved areas. In addition, system proponents will have to complete critical design review (CDR) within two years of
