For airplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (e) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if you have not eliminated the unsafe condition, specific actions you propose to address it.

(f) *Where can I get information about any already-approved alternative methods of compliance?* Contact Mr. T.N. Weight and Balance Accuracy Method No. 1

1. Review existing weight and balance documentation to assure completeness and accuracy of the documentation from the most recent FAA-approved weighing or from factory delivery to date of compliance with this AD.

2. Compare the actual configuration of the airplane to the configuration described in the weight and balance documentation.

Weight and Balance Information Accuracy Method No. 2

1. Determine the basic empty weight and center of gravity (CG) of the empty airplane using the Weighing Instructions in the Weight and Balance section of the airplane flight manual/pilot's operating handbook (AFM/POH).

2. Record the results in the airplane records, and use these new values as the basis for computing the weight and CG information as specified in the Weight and Balances section of the AFM/POH.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Parts 375 and 376

[Docket No. RM03-7-000; Order No. 632]

Delegations of Authority

Issued May 7, 2003.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Final rule.

SUMMARY: The Federal Energy Regulatory Commission (Commission) is amending its regulations on delegations of authority to reflect changes in the Commission's internal structure. Specifically, the Commission is duplicating existing authorities delegated to the Offices of Markets, Tariffs and Rates and General Counsel for the newly formed Office of Market Oversight and Investigations (OMOI). Granting such delegations of authority to OMOI will better enable it to perform its market monitoring responsibilities.

EFFECTIVE DATE: This final rule is effective May 7, 2003.

FOR FURTHER INFORMATION CONTACT:

Arlene T. McCarthy, Office of the General Counsel, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, (202) 502-8567.

SUPPLEMENTARY INFORMATION:

Before Commissioners: Pat Wood, III, Chairman; William L. Massey, and Nora Mead Brownell.

1. The Federal Energy Regulatory Commission (Commission) is amending 18 CFR Parts 375 and 376 to duplicate

certain existing delegations to two Commission office directors for a third office director and to make related changes in connection with changes in the Commission's internal structure. These changes came about as a result of the formation of the Office of Market Oversight and Investigations (OMOI). By this order, the Commission is not revising or expanding existing delegations of authority.¹

2. In order to better understand natural gas, oil and power markets and to swiftly remedy market rule violations and abuse of market power, the Commission created OMOI, which became a formal, functioning office within the Commission in August 2002. OMOI serves as an early warning system to alert the Commission when market problems develop, and allows the Commission to analyze and address any problems more quickly. OMOI has begun an aggressive program of outreach to a wide variety of entities including other federal, state and provincial regulatory agencies, state consumer advocates, industry participants, academic institutions and think tanks, financial institutions (such as rating agencies), and Market Monitoring Units at Regional Transmission Organizations and Independent System Operators.

3. The formation of the new office implicates certain functions currently being performed under delegated authority by the Office of Market, Tariffs and Rates (OMTR) or by the Office of General Counsel (OGC). For example, currently the Director of OMTR has

delegated authority to sign non-financial audit reports of jurisdictional companies, a function which the Director of OMOI may also need so that OMOI employees are able to perform their market monitoring duties. Likewise, the General Counsel is currently authorized to terminate any informal non-public investigation, a function which the director of OMOI needs so that his enforcement staff may handle their workload efficiently. This rule duplicates those authorities by adding Section 314 to Part 375 of Title 18 of the Code of Federal Regulations, and, as noted, creates no new delegations. In addition, this rule corrects the structure of § 375.303(a), corrects a reference to paragraph numbers in § 375.307(f), changes the nomenclature of the Office of Finance and Accounting in § 375.312, and revises § 376.204(b)(2) to include the Director of OMOI on the list of Commission staff delegations of authority during an emergency.

4. Specifically, the existing delegations are being revised as follows:

Part 375

Office of the Chief Accountant (existing § 375.303). The paragraph structure of this section is corrected.

Office of Markets, Tariffs and Rates (existing § 375.307). Delegations in paragraphs (a), (c), (d), (g)(4), (h)(1), (i)(8) and (n)(3) are duplicated in paragraphs (i), (j), (k), (g), (e), (f) and (h) of new § 375.314, respectively. A reference to paragraph numbers “(b)(1) or (b)(2)” is corrected to read “(f)(1) or (f)(2).”

Office of the General Counsel (existing § 375.309). Delegations in paragraphs (a), (b), (c) and (d) are duplicated in paragraphs (b), (c), (d), and (b) of new § 375.314, respectively.

Office of the Finance, Accounting and Operations (existing § 375.312). The nomenclature for this office is changed to the Office of the Executive Director.

Part 376

Part 376 governs the Commission's organization and its operations during emergency conditions. This rule making amends the list of officials authorized to conduct operations during emergency conditions to include the position of Director, OMOI, and replaces references to the former position of Director, OFAO, with the Executive Director in § 376.204(b)(2).

5. The Commission is issuing this order as a final rule without a period for public comment or delay in the effective date. Under 5 U.S.C. 553(b), notice and comment procedures are unnecessary where a rulemaking concerns only

agency procedure and practice, or where the agency finds that notice and comment is unnecessary. This rule concerns only matters of internal agency procedure and will not affect regulated entities or the general public. Therefore, the Commission finds notice and comment procedures to be unnecessary.

Information Collection Statement

6. Office of Management and Budget (OMB) regulations require OMB to approve certain information collection requirements imposed by agency rule. 5 CFR 1320.12. This rule making contains no information collections and OMB review is therefore not required.

Environmental Analysis

7. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment.² The Commission has categorically excluded certain actions from this requirement as not having a significant effect on the human environment. Among these are rules that are clarifying, corrective, or procedural, or that do not substantively change the effect of the regulations being amended. 18 CFR 380.4(a)(2)(ii). This rule is procedural in nature and therefore falls under this exception; consequently, no environmental consideration is necessary.

Regulatory Flexibility Act Certification

8. The Regulatory Flexibility Act of 1980 (RFA) generally requires a description and analysis of final rules that will have significant economic impact on a substantial number of small entities. 5 U.S.C. 601–612. The Commission is not required to make such analysis if a rule would not have such an effect. Because this rule concerns only matters of internal agency procedure, the Commission certifies that it will have no impact upon any entity other than the Commission.

9. In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view or print the contents of this document via the Internet through FERC's Home Page (<http://www.ferc.gov>) and in FERC's Public Reference Room during normal business hours (8:30 a.m. to 5 p.m. Eastern time) at 888 First

10. From FERC's Home Page on the Internet, this information is available in the Federal Energy Regulatory Records Information System (FERRIS). The full text of this document is available on FERRIS in PDF and WordPerfect format for viewing, printing, or downloading. To access this document in FERRIS, type the docket number excluding the last three digits of this document in the docket number field.

11. User assistance is available for FERRIS and the FERC's Web site during normal business hours from FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208–3676, or for TTY, contact (202) 502–8659.

Effective Date and Congressional Notification

12. These regulations are effective on issuance. The Commission has determined that a delayed effective date for this final rule is unnecessary pursuant to 5 U.S.C. 553(d). Because the rule concerns only matters of internal agency procedure, the immediate implementation of the rule imposes no consequences to regulated entities or the general public, and any further delay could compromise the effective operation of the new office. Therefore, the Commission finds good cause for waiving the 30-day delay before the effective date of this final rule.

13. The Small Business Regulatory Enforcement Fairness Act of 1996 requires agencies to report to Congress on the promulgation of certain final rules prior to their effective dates. 5 U.S.C. 801. Rules of agency procedure and practice are excluded from this notification requirement. 5 U.S.C. 804(3)(C). Therefore, this final rule will not be submitted to Congress.
